PUBLIC SAFETY COMMITTEE MEETING STAFF REPORT

REPORT TO: Chairman Palomar & Public Safety Committee
REPORT FROM: Committee Member Pursell **REVIEWED BY:** AP
AGENDA ITEM: SB 1 Resolution FY 2020/21

ACTION REQUESTED: Ordinance Resolution Motion Receive/File

EXECUTIVE SUMMARY

At previous meetings the Committee has decided to dedicate all remaining 2019 Fiscal funds to purchasing cameras and core camera surveillance equipment. This project will be going out for bid, as per the City purchasing policy. One local vendor has ensured that we will get at least the following for our remaining \$23,000-\$27,000 (Depending on how much is allocated for painting the crosswalks):

1. \$15,000 will be allocated towards core infrastructure costs (building the platform for future expansion also) and the system;
2. Remaining \$8,000-\$12,000 will be allocated for actual cameras and installations. We are guaranteed at least 20 cameras with this initial purchase.

The cameras will be up and running within 90 of funds being allocated to the project.

This large initial expense is to allow additional cameras to be added when funds and commitments allow.

I am making this proposal to the Kingsburg Public Safety Committee for a vote.
