Successful Community Outcomes

Police Report Log -February 2016 to May 2016

“The Kingsburg Police Department has spent a total of 2 hours and 51 minutes responding to calls for service over the last 4 months for Kingsburg Healing Center and one of those calls, which took an hour and 15 minutes, was in response to the theft of an employee’s vehicle. So if you take that call out, **we have spent a total of about an hour and a half responding to calls for service at the facility, which is very minimal and in no way has been a drain on City resources.**

I’m happy to have Kingsburg Healing Center as part of our community providing services.”
