Council and Staff discussed the change in wording in the resolution and that certain fees are specifically identified.

A motion was made by Council Member Roman, seconded by Council Member Smith, to adopt Resolution 2016-048 adding the approved changes to the City of Kingsburg Capital Facilities Fees/Development Impact Fees, set at the February 17, 2016 Public Hearing, to the Master Fee Schedule. The motion carried by unanimous voice vote.

PUBLIC HEARING – Ordinance Amending Section 6.04 of Title 6 of the Kingsburg Municipal Code Regarding Dogs and Other Animals.

Public Hearing Opened at 6:11pm.

Community Services and Senior Citizens Coordinator Ashlee Winslow-Schmal presented that the new ordinance addresses the noise complaint, the number of animals and other concerns brought forward at the August 17, 2016 council meeting.

Council Discussion Opened at 6:13pm.

Mayor Blayney voiced that he has been approached with concerns about microchipping. Council Member Creighton asked how we will enforce the microchipping of dogs.

Mayor Blayney said the police are not going to be going around listening for barking dogs. If the dog is defending its territory or responding to people walking by, police will not provide warning or citation. He said they will only issue a citation if the complaining party will sign and if they have evidence it is going on. The police officers will try to remedy the situation by speaking to the animal owner. If the animal owner doesn't remedy the situation, then they will have to do enforcement. Mayor Blayney explained how the fines worked with in a 12 month period.

Council Member Dix asked what is the current noise violation and fine. Community Services and Senior Citizens Coordinator Ashlee Winslow-Schmal said it is a penal code violation.

Council Member Roman said she received a message from Citizen Marcella Tau who voiced that the reason to have dogs is for security, she agrees. She said that is not what we are discussing here. Police officers would notify the animal owner first before enforcing the barking dog section.

Ms. Winslow-Schmal said yes, the animal owner may not know that their dog is barking while they are away from home or in a similar situation. The officers do not want to issue a ticket, they will want to work it out for it to be resolved.

Council Member Creighton said he wants to have a discussion of real world scenarios. Citizens have reached out about being arrested for having a barking dog.

Council Member Dix asked about removing the dog from the city limits. City Manager Henderson said the ordinance addresses all violations (penalty section). If you have 3 barking dog citations then you will have to remove the animal on the 4th.

Council Member Creighton asked if all of these items are complaint base. Mr. Henderson said yes, most of these are by complaint cases. We are not going to change the way we do it, there is just fines now and an end game if the problem is not remedied.

Council Member Creighton asked if the rest of council is in agreement of removing the wording in regards to the microchipping of cats. There was agreement.

Public Comment Opened at 6:33pm.

Mark Jones, 1891 21st Ave., spoke about cats and dogs being dropped off in the country. He is for the ordinance and the fixing of cats. He said he would like to volunteer to help animals.

Jodi Brinkman, 2750 14th Ave, had an incident with 3 stray dogs who were aggressive. She asks that the City work on having a better solution for citizens who contain stray dogs.

Jan Isumaru, Park Place, concerned about how new residents will be notified of the animal code to ensure they can follow the rules.

Brenda Prado, 630 12th, has an issue with dogs at large, it is a major problem. She asked how the City will keep track of how many times a dog is found to be at large.

City Manager Henderson said if police cannot catch the dog or does not see it, a resident can sign the citation as the victim. Community Services and Senior Citizens Coordinator Ashlee Winslow-Schmal said right now the City has to have possession of the dog for an at large call citation. Ms. Prado said she is concerned because the animal is usually gone by the time an officer arrives. Council Member Roman thanked her for her volunteering.

Michelle, representing the Mayor from Parlier, asked about the licensing of animals. Community Services and Senior Citizens Coordinator Ashlee Winslow-Schmal said it is a State Law.

Margie Smith, 641 12th, asked if the animal control officer will know proper procedures of handling dogs. She wanted to make sure they get the proper training for the officer's safety. She is worried about stray dogs attacking people.

Mayor Blayney said we are doing everything we can to expand our police force. We are trying to put together a way to provide additional public safety funding.

Margie Smith is worried about bitter neighbors. She said the controversy against microchipping is that some owners are against it because their animals are their property.

Close Public Comment at 7:11pm.

Continued Council Discussion opened at 7:11pm.

Council Member Roman spoke about citizens needing to register their dog. She is not sure if everyone knows that they need to do this. She wants to know if we can partner with a vet to inform dog owners about registering their dogs.

City Manager Henderson said he has had a conversation with the vet recently, and is working with them to push them toward city hall.

Council Member Dix spoke about an experience with their neighbor's barking dog. He is worried about people not getting enough notice.

Mayor Blayney said it is up to the police officer. Council Member Creighton said without mandatory microchipping it is impossible to enforce.

Brenda Prado, asked about mandatory spaying and neutering and why is it not in the ordinance. City Manager said he spoke to Valley Animal Center and Second Chance, and that some people are already upset with microchipping.

Council Member Roman asked about foster dogs and if they needed to be licensed if there are only here a short period of time.

Community Services and Senior Citizens Coordinator Ashlee Winslow-Schmal said even if they are here for a short period of time they should get a license. It is the best and easiest system to return the dog to family.

City Manager Henderson said it is important to note in regards to loose dogs in town, he and Council Member Roman has met with Second Chance and Valley Animal to work on getting the loose dog solution solved. This ordinance is one step in the right the direction.

Public Hearing Closed at 7:29pm.

A motion was made by Council Member Creighton, to waive the first reading and introduce Ordinance No. 2016-004 Deleting Section 6.04.050 And Adding Section 6.04.170 To Chapter 6.04 Of Title 6 Of The Kingsburg Municipal Code, and pass to a second reading with the following recital constituting reading of the title of the Ordinance:

“AN ORDINANCE OF THE CITY OF KINGSBURG
AMENDING CHAPTER 6.04 TO TITLE 6 OF
THE KINGSBURG MUNICIPAL CODE”

With the amending of the ordinance to remove the regulation of microchipping cats, seconded by Council Member Smith. The motion carried by unanimous voice vote.

Southeast Regional Disposal Site Financial Forecast.

City Manager Alex Henderson said the City of Kingsburg is a partial owner of a closed disposal site which hasn't been in operation since 1990. As of right now there is a surcharge on every ton collected and that has covered the cost of maintaining the site.

Mayor Blayney said the site is the Dinuba Ave. dump. Landfills were closed and a part of the disposal fees go to take care of the site. The State has changed the rules and there will more additional costs with more studies and modifications. The cash flow shows they will be out of money in 3 years. The JPA agreement says the Board has the authority and is binding to make rules upon all of the members. They will add the charge in the next year in a half. Fresno County graciously offered to take the allocation based on the number of citizens. They are offering to give us a better deal.
Council discussed the fiscal impact.

Any dog or cat placed in such isolation shall be kept strictly confined and under such observation as may be required by the animal control officer. Isolation shall continue for at least ten (10) days from the date the symptoms suggestive of rabies were first observed. Any person who is 18 years of age or older may, however, make written request to the animal control officer for the isolation of such biting animal either in facilities provided by a licensed veterinarian or in a licensed boarding kennel or upon the private premises of the person making such request. If such request is approved by the animal control officer, such biting animal shall not be taken up and impounded but shall instead be kept strictly confined and isolated in such veterinarian's facilities or on such private premises for the isolation period.

Every person who, after requesting and obtaining approval for the keeping of a biting animal confined and isolated upon his/her private premises, fails for any reason whatsoever to keep such animal continuously confined and isolated upon his/her premises, either indoors or inside an enclosure, for a period of ten (10) days after the day such written approval of such confinement and isolation by the animal control officer, is guilty of an infraction. Any such animal, whether licensed or unlicensed, not continuously confined and isolated as required shall be taken up forthwith by the animal control officer and isolated as provided in Subsection E of this Section 6.04.040.

K. No person shall bring an animal or permit an animal to enter the city in which rabies exists, or has existed within the previous six (6) months unless the animal has been vaccinated with anti-rabies vaccine, and the owner of the animal has an official tag or other receipt showing that the animal has been vaccinated by a duly licensed veterinarian.

The animal control officer upon the impounding of any animal, shall notify the owner, if known, in accordance with the provisions of Subsection F. of this Section 6.04.050, or if unknown by posting a notice of impound containing a description of the animal and the time and place of apprehension for five (5) days on the city website. After the expiration of this period, any unredeemed animal may be disposed of as provided for in subsection G of this Section 6.04.050.

B. Except as otherwise provided in Section 6.04.040, 6.04.117, 6.04.118, the owner of any animal impounded in accordance with the provisions of this chapter may at any time before the disposition of the animal redeem the animal. Upon proof satisfactory to the animal control officer that such person is the owner and is entitled to redeem such animal and upon payment of the redemption and maintenance charges as established by city council resolution and upon obtaining a city dog license, if the dog is unlicensed and required to have such license, such animal may be redeemed by such person. The animal control officer shall issue a redemption receipt to the person redeeming the animal. The redemption receipt shall identify the amount of fees paid by the person redeeming the animal and contain a description of the animal redeemed, the date of redemption and the name and address of the person redeeming the animal.

C. Redemption fees and maintenance charges shall be set by city council resolution and based upon the number of times an animal is impounded, as follows:

1. First time within six months: Basic redemption fee.
2. Second time within six months: Double the basic redemption fee.
3. Third time within six months: Triple the basic redemption fee.
4. Each time after the third time within six (6) months: One Thousand Dollars (\$1,000.00).

D. The city is authorized at its discretion to hold for a period of ten (10) days any impounded dog in heat prior to redemption or disposal.

E. If any unlicensed animal or any dog bearing no license tag, is impounded under the provisions of this chapter and is not redeemed within ten (10) days after the date the animal is impounded, the animal control officer may at any time thereafter dispose of the animal as provided in subsection G of this Section 6.04.050.

F. If a dog licensed in accordance with the provisions of this chapter is impounded under the provisions of this chapter, the dog shall not be disposed of until after written notice has been given by the animal control officer to the owner of said dog at the address set forth in the city licensing records. The notice shall contain a description of the dog impounded, the breed, sex, the date the dog was impounded and identifying the amount necessary to redeem

the dog. The notice shall be served by mailing by United States mail to the owner of the dog at the last address of the owner as shown on the city's licensing records. If no person appears and redeems the dog within ten (10) days after the date of mailing of the notice or within ten (10) days after the dog was impounded, whichever is later, the animal control officer shall cause the dog to be disposed of as provided in subsection G of this Section 6.04.050.

G. If the animal impounded is not redeemed within the redemption period or if the owner fails or refuses to comply with any of the requirements of redemption, the animal control officer shall dispose of the animal according to the provisions of this Subsection G. In disposing of an impounded animal, the animal control officer may, in his/her discretion: 1) release the animal to an animal adoption organization; 2) release the animal to an animal rescue organization; or 3) euthanize the animal in a humane manner and as provided by applicable law.

H. All animals impounded by the animal control officer shall be kept at the risk of the owner, and neither the city nor its officials, officers, agents or employees shall be liable to the owner for the delivery in good faith of any such animal to a person claiming to be, but not in fact being, entitled to reclaim the animal. Neither the city nor its officials, officers, agents or employees shall be liable for injury or disease to any animal incurred while the animal is being captured, transported, impounded, or liable for the disposition of any animal.

Each animal control officer may issue citations for the violation of the provisions of this chapter, any law, regulation or ordinance in the manner prescribed by said law, regulation or ordinance, and remove animals from said premises as the animal control officer deems necessary. The authority to issue citations in the manner prescribed by the city shall be in addition to any other authority provided by law.

B. In the performance of duties for the control of animals, the animal control officer shall have the authority to employ the use of the tranquilizer gun or other animal control devices in common use within the State of California.

C. In addition to other authority provided by law for making arrests, the animal control officer is authorized to make arrests according to California Penal Code Section 836.5 for the purpose of enforcing and carrying out provisions of this chapter.

D. Every person who willfully resists, delays, or obstructs the animal control officer in the discharge of or attempt to discharge, any duty of his/her office is guilty of a misdemeanor.

E. For the purpose of enforcing or discharging the duties of the animal control officer, imposed by this chapter, Health and Safety Code Section 121625, Government Code Section 53074, or other applicable laws, the animal control officer or any police officer may enter upon private property, except dwellings, as follows:

(a) When in pursuit of any animal which the officer has reasonable or probable cause to believe is subject to impoundment.

(b) To impound or place in isolation or quarantine any animal which the officer has any cause whatsoever to believe or suspect has rabies, is a biting animal, is a potentially dangerous or vicious dog.

(c) To inspect or examine animals isolated on the property.

F. Except when time does not permit, such as in an emergency or when in fresh pursuit, before entering upon private property reasonable effort shall be made to locate the property owner or possessor to request permission to enter upon the property and to explain the purpose for entry.

6.04.080 - Animal Care.

It shall be unlawful for the owners or persons having custody of any animal to permit, either willfully or through failure to exercise due care or control, any cruel acts upon any animal. "Cruel acts" are defined as follows:

A. To place, leave or expose, making accessible to animals, any poisonous substance.

B. To have, keep, or harbor any animal which is infected with any dangerous or incurable or painfully crippling condition. This Section shall not apply to animals within veterinary hospitals or under the care of a veterinarian, or having been diagnosed with any common, incurable disease where impoundment or quarantine is not recommended by a doctor of veterinary medicine.

C. To fail, refuse, or neglect to provide any animal in their charge or custody as owner or otherwise, with food, drink, shade or weatherproof housing facilities, or to carry any animal in or upon any vehicle in a cruel or inhumane manner.

D. To willfully, or maliciously kill, maim, disfigure, tease, torture, beat with a stick, chain, club, or other object, mutilate, burn, scald with any substance, overdrive or other cruelty

set upon any animal, except that a reasonable force may be employed to drive off vicious or trespassing animals.

E. To promote, stage, hold, manage, conduct, carry on, or attend any game, exhibition, contest, or fight in which one or more animals are engaged for the purpose of injuring, killing, maiming, or destroying themselves or any other animal or person.

F. No person shall keep upon any premises, any animals in a foul, offensive, obnoxious, filthy or unsanitary condition.

6.04.090 - Limits on the Number of Animals.

No person shall keep, harbor or maintain upon the person's premises within the city more than a total of four (4) dogs over the age of four (4) months of age, and no more than a total of six (6) animals including dogs.

6.04.110 - Excessive Noise, Nuisance.

It shall be unlawful for any dog to be kept in the city, which, in a loud manner, excessively barks, howls, whines or makes any other noises which disturb the comfort or quiet enjoyment of any neighborhood or any person; provided the owner of the dog has been made aware of the disturbance created by the dog by the animal control officer. A dog cited for loud and excessive noises three (3) or more times within a twelve (12) month period shall be deemed a public nuisance and the owner shall remove the dog from the city's incorporated limits. The failure of the owner to remove the dog in violation of this section is a misdemeanor as provided in section 6.04.122 B. of this chapter.

6.04.111 - At Large, Prohibited.

It shall be unlawful for any person having the ownership, care or possession of a dog or any other animal to allow or permit the dog or other animal (except a cat which has been spayed or neutered) to run at large within the city. A dog or other animal (except a cat which has been spayed and neutered) that is at large three (3) or more times within a twelve (12) month period shall be deemed a public nuisance and the owner shall remove the dog or other animal from the city's incorporated limits. The failure of the owner to remove the dog in violation of this section is a misdemeanor as provided in section 6.04.122 B. of this chapter. Except that, subject to the rules and regulations issued by the city regarding the use of the city dog park, an owner of a dog or any person having custody or control of a dog, may allow the dog to go upon and run at large within that portion of the city identified as the Laurel Street Ponding Basin which is specifically designated by the city as a dog park area.

6.04.112 - Animal Bites.

Whenever it is shown that any animal has bitten any person, the owner of the animal shall, upon the order of the animal control officer, quarantine the animal and keep it tied up and confined for a period of ten (10) days, and shall allow the animal control or other authorized official to make an examination of the animal at any time during the period of quarantine.

6.04.113 - Prohibited Animals.

No animal, whether domesticated, undomesticated or exotic, other than common household pets such as a dog, cat, bird (domestic or exotic), rodent (including a rabbit), fish (domestic or exotic), turtle or small reptile traditionally kept at a personal residence for pleasure rather than for commercial purposes, shall be kept within the city limits of the city unless specifically allowed to be kept in the city limits of the city by the applicable provisions of the Kingsburg Municipal Code. As used herein, domesticated animal means livestock, poultry and similar animals. Exotic animal means any animal that is native to a foreign country or of foreign origin or character, is not native to the United States, or was introduced from abroad. The provisions of this Section 6.04.118 A. shall not include animals that are used to assist persons with disabilities as the term disability is defined in the Americans With Disabilities Act.

6.04.114 - Breeder Permit.

A. It shall be unlawful for any person to breed two (2) or more litters of dogs or cats in one calendar year without first obtaining a breeder permit. A person seeking a Breeder Permit must complete a Breeder Permit application in the form established by the city. The fees for a breeder permit shall be set by resolution of the city council and must be submitted to the city clerk along with the Breeder Permit application.

B. Breeding permit requirements are as follows:

1. No offspring can be sold/adopted until the offspring is eight (8) weeks of age;
2. No offspring can be sold/adopted until vaccinated against common diseases;
3. The breeder permit holder must display the Breeder Permit number when advertising the animals for sale or adoption.

C. It shall be unlawful for any breeder to advertise for the sale or adoption of a litter of dogs or cats in the city without including in the advertisement a city Breeder Permit number.

6.04.115 - Prohibition of Potentially Dangerous or Vicious Dog.

It shall be unlawful for a person to own, keep or harbor a potentially dangerous or vicious dog. Any dog which has been found to be potentially dangerous or vicious pursuant to the chapter, any county or ordinance or any state statute, shall be conclusively presumed to be potentially dangerous or vicious.

6.04.116 - Procedure to Determine if a Dog is Dangerous or Vicious.

A. The animal control officer shall determine whether a dog is potentially dangerous or vicious whenever it has attacked, bitten or caused injury to any human or other animal. Within five (5) days after a dog which is wearing a license tag is impounded pursuant to this chapter, an animal control officer shall mail a written notice, to the person identified as the owner of the dog as identified in the city licensing documents for the dog, of the animal control officer's determination that the dog is potentially dangerous or vicious and of the owner's right to a hearing on the issue of whether the dog is potentially dangerous or vicious. If the dog is not

wearing a license tag the animal control officer shall make a reasonable effort to locate the owner of the unlicensed dog. If the animal control officer does not locate the owner of the unlicensed dog, the animal control officer shall dispose of the dog in accordance with the provisions of Section 6.04.119 C of this chapter.

B. The owner of a dog impounded pursuant to this Section may, within ten (10) days after the date of the written notice from the animal control officer request a hearing on whether the dog is potentially dangerous or vicious by providing the animal control officer with a written request for a hearing within said ten (10) day period. Failure of the owner to request, in writing, a hearing within said ten (10) day period, shall constitute the owner's waiver of the hearing and the determination by the animal control officer that the dog is potentially dangerous or vicious shall be binding on the owner of the dog.

C. If an owner properly requests a hearing, the animal control officer shall retain the services of a veterinarian or other person licensed to perform a behavioral study of the dog to determine whether the dog can be rehabilitated or retrained to eliminate the dangerous and vicious character of the dog. If the Hearing Officer finds the dog to be potentially dangerous or vicious, the owner of the dog shall reimburse the city the cost of the behavioral study.

D. When a hearing is requested pursuant to subsection B of this Section, the animal control officer shall set a date and time for such a hearing and send a notice thereof by regular mail at least ten (10) days before the hearing date to the owner at the address set forth on his or her request and shall also notify the victim and the Hearing Officer.

6.04.117 - Conduct of Hearing.

A. A hearing requested in accordance with subsection 6.04.116 B of this chapter shall be conducted before the Hearing Officer. The Hearing Officer shall be the Chief of Police or his designee.

B. The hearing shall be open to the public. The owner may be represented by legal counsel. The Hearing Officer shall hear all pertinent evidence offered by all interested persons. The technical rules of evidence shall not be applicable to the hearing, except that the Hearing Officer's decision may not be based wholly on hearsay evidence. Each side shall have the right to call and examine witnesses; to introduce exhibits; to cross-examine opposing witnesses on any matter relevant to the issues at the hearing even though the matter was not covered in the direct examination; and to rebut the evidence against him or her.

C. If the owner does not testify on his or her behalf, he or she may be called and examined as if under cross-examination, except where criminal charges under Sections 6.04.121 and 6.04.122 of this chapter are pending against the owner or if it is possible that such charges may be brought against the owner. All persons giving evidence shall be sworn before testifying. The owner may employ a shorthand reporter to record the hearing.

D. Any dog which has attacked, bitten or caused injury to a human being or other animal is presumed to be potentially dangerous or vicious and the burden is on the owner to present evidence that the dog is not potentially dangerous or vicious.

E. In making a determination that a dog is or is not potentially dangerous or vicious, evidence of the following shall be considered:

1. Any previous history of the dog attacking, biting or causing injury to a human being or other animal;
2. The nature and extent of injuries inflicted and the number of victims involved;
3. The place where the bite, attack or injury occurred;
4. The presence or absence of any provocation for the bite, attack or injury;
5. The extent to which property has been damaged or destroyed;
6. Whether the dog exhibits any characteristics of being trained for fighting or attack or other evidence to show such training or fighting;
7. Whether the dog exhibits characteristics or aggressive or unpredictable temperament or behavior in the presence of human beings, other dogs or other animals;
8. Whether the dog can be effectively trained to change its temperament or behavior;
9. The manner in which the dog has been maintained by its owner;
10. The results of the behavioral study of the dog;
11. Any other relevant evidence concerning the characteristics or maintenance of the dog; and
12. Any other relevant evidence regarding the ability of the owner to protect the public safety in the future if the dog is permitted to remain in the city.

6.04.118 - Hearing Decision.

A. At the conclusion of the hearing, the Hearing Officer may determine:

1. That the dog is not a potentially dangerous or vicious dog and should be returned to its owner;
2. That the dog is not potentially dangerous or vicious, but the attack, bite or injury was the result of improper or negligent training, handling or maintenance and that the dog's license should be revoked and proper training of the owner and the dog be required pursuant to Section 6.04.122 of this chapter.
3. That the dog is a potentially dangerous or vicious dog and shall be disposed of in accordance with Section 6.04.119 C, no sooner than thirty-five (35) days following the date or mailing of written notice of the Hearing Officer's decision, pursuant to this Section.

B. The decision of the Hearing Officer shall be in writing and shall be delivered personally to the owner or mailed to the owner by regular mailing at the address appearing on the request for hearing. A copy of the decision shall be mailed to the animal control officer.

C. If the owner of the dog disagrees with the decision of the Hearing Officer, the owner may, within ten (10) days after the date of mailing of the Hearing Officer's decision to the owner of the dog, file an appeal of the decision of the Hearing Officer with the Fresno County Superior Court as provided in California Food and Agricultural Code Section 31622 (a). The owner's appeal of the Hearing Officer's decision will be conducted pursuant to the provisions of California Food and Agricultural Code Section 31622 (b).

6.04.119 - Disposition of a Potentially Dangerous or Vicious Dog.

A. It shall be unlawful for any person to own, possess, harbor or keep any dog declared to be potentially dangerous or vicious pursuant to this chapter.

B. Any dog declared to be potentially dangerous or vicious, if not already impounded, shall be immediately surrendered to the animal control officer and it is the duty of the animal control officer to take up and impound any such animal.

C. Any dog declared to be potentially dangerous or vicious shall be humanely destroyed. The animal control officer shall sign an order authorizing the destruction of the animal thirty-five (35) days after the date of the mailing of the Hearing Officer's decision to the owner of the dog.

6.04.120 - Procedure if Dog is Not Found Potentially Dangerous or Vicious.

A. If it is determined that the dog is not potentially dangerous or vicious, but that the bite, attack or injury was the result of improper or negligent training, handling, maintenance or provocation, then the following conditions will be enforced:

1. Training will be required of the owner and the dog as determined by the Hearing Officer and monitored by the animal control officer.

2. The current license will be revoked and a "provisional" dog license will be issued during a training period.

3. After successful completion of the training of the dog, as determined by the animal control officer, the dog shall be issued a current city dog license and the owner will pay all license fees and penalties as may be required.

4. Any violation of the training terms set forth by the Hearing Officer will result in immediate impoundment. The dog will be declared to be potentially dangerous or vicious and humanely destroyed no sooner than ten (10) days after mailing a notice of violation of training and impoundment.

6.04.121 - Penalties for Dog Bites and Attacks.

A. In any case where a dog attacks a human being or another animal, such act shall constitute a separate and distinct violation, and shall be punishable as follows:

1. Any person whose dog attacks a human being without causing bodily injury, or attacks another animal, shall be guilty of an infraction and shall be punished upon a first conviction by a fine of One Hundred Dollars (\$100.00) and for a second conviction within a

period of twelve (12) months by a fine of Two Hundred Dollars (\$200.00) and for a third or subsequent conviction within twelve (12) months, by a fine of Five Hundred Dollars (\$500.00).

2. Any person whose dog attacks a human being causing bodily injury shall be guilty of a misdemeanor and shall be punished by a fine of not more than One Thousand Dollars (\$1,000.00) or by imprisonment in the County jail for not more than six (6) months, or by both such fine and imprisonment.

3. After each attack or bite, the animal control officer shall determine whether a dog is potentially dangerous or vicious pursuant to Section 6.04.118 of this chapter.

6.04.122- Penalties Generally.

A. Except as otherwise provided in Section 6.04.121 of this chapter, any person violating any provision of this chapter shall be deemed guilty of an infraction and shall be subject to the following fines:

One Hundred Dollars (\$100.00) upon the first offense.

Two Hundred Dollars (\$200.00) upon the second offense in a twelve (12) month period.

Five Hundred Dollars (\$500.00) upon the third offense in a twelve (12) month period.

B. If any violation is continued, each day's violation shall be deemed a separate violation. Any person found guilty of more than three (3) violations of this chapter within a twelve (12) month period shall be deemed guilty of a misdemeanor and fined up to one thousand dollars (\$1,000.00) or imprisoned in the county jail for not more than six (6) months for each misdemeanor conviction. The person shall also pay any and all expenses, including shelter, food, veterinarian expenses for identification or certification or boarding associated with the seizure of their dog.

6.04.123 - Protection of Police Canine Units.

A. It shall be unlawful for any person to willfully or maliciously torture, tease, torment, beat, kick, strike, mutilate, injure, disable or kill any dog used by the city of Kingsburg police department, or any other law enforcement agency while engaged in mutual aid assistance to this city, or the designated handlers of such animals, while any such dog is in the performance of the functions or duties of the police department or other law enforcement agency, or to willfully interfere with or obstruct any such dog while it is being used in the performance of any of the duties or functions of the department or other law enforcement agency.

B. No provision of this section shall be constructed to prohibit any act made unlawful by any general law of the state of California, but said section is intended to be supplemental thereto.

6.04.124 - Public Events or Assemblies.

The city council may, by resolution, prohibit dogs whether or not confined by leash, from attendance at any public event as that term is defined in Section 6.04.010 and any assembly as that term is defined in Section 12.16.010 of this code. The prohibition of dogs shall not apply to

guide dogs and other service dogs to assist disabled persons attending the public event or assembly.

6.04.125 - Mandatory Microchipping of Dogs.

Any dogs in the city shall be implanted with an identifying microchip. The owner is required to provide the microchip number to the city clerk and shall notify the city clerk and the national registry applicable to the implanted chip of any change of ownership of the dog or any change in the owner's contact information. Upon redemption of a dog from the pound, the owner shall comply with this section and have the dog implanted with a microchip and provide microchip number to the city clerk.

CITY COUNCIL MEETING STAFF REPORT

REPORT TO: Mayor Blayney & City Council

REPORT FROM: Alexander J. Henderson, City Manager

REVIEWED BY: 

AGENDA ITEM: Master Fee Schedule Update

ACTION REQUESTED: Ordinance Resolution Motion Receive/File

EXECUTIVE SUMMARY

Included as part of your packet are several updates to the City's fee schedule. Specifically, the following areas are included for fee revision:

- Planning and Zoning (Annexation)
 - Our existing annexation fees are not in line with the time it takes to review, process and initiate a proposed annexation. This fee brings the City in-line with the actual cost of service.
- Engineering (Lot Line Adjustment)
 - Again, this fee is to reflect the costs associated with providing the necessary engineering and research to process a lot line adjustment.
- Public Works (Water service connection, hydrant rental)
 - We currently do not have a water service connection fee outside of the impact fee for new development. This specific fee would be for individuals not located in City limits requesting water service (based upon their sizing).
 - The City currently purchases and rents hydrant meters for construction projects. A new meter costs roughly \$1,500. We have noticed that some companies simply do not return them, which causes us issues when all of our meters are rented out. We believe charging a deposit more than the cost of a new meter will provide some incentive to return the unit when the project is completed.
- Police Dept.
 - Gun Storage- New legislation requires Department's to seize guns in certain situations (domestic abuse, etc.). In these instances, the Department is required to store these guns. Given our space limitations, these fees would be used to offset the purchase of gun safes to store the items.
 - Solicitor Permit Issuance Fee- The Police Department will be doing a more thorough background check before issuing door to door sales permits. The new fee captures the cost of fingerprinting the applicant, conducting a background and issuing a door to door sales permit license.
 - Dog impound fee- The current fee is \$30 for the first day, and then \$12 each following day. By making a flat fee of \$30 the City will be able to capture the actual cost of kenneling a dog.

The City examines each of our fees on an annual basis to determine if necessary changes are needed to cover costs, or related to additional services we can provide. In general, we also survey surrounding communities to determine if our costs are in line with the market. Some of the new fees are recommended based services that are not currently covered in the existing fee schedule.

RECOMMENDED ACTION BY CITY COUNCIL

1. *Approve the new fee schedule as proposed.*

POLICY ALTERNATIVE(S)

1. Council could choose to amend or not approve the fee schedule as proposed.

REASON FOR RECOMMENDATION/KEY METRIC

The fee schedule is examined on an annual basis to make sure costs for services are adequately covered, thus ensuring financial stability.

BACKGROUND INFORMATION

The current ordinance has some language that is unclear or subject to interpretation. The new language makes clear certain definitions and helps residents better understand the limitations on parking. The current language has different fines for different violations, either twenty-eight dollars (\$28) or one hundred dollars (\$100), for various sections. The new language standardizes the fine at one hundred dollars (\$100) for all violations and states it in the ordinance.

CITY COUNCIL MEETING STAFF REPORT

REPORT TO: Mayor Blayney & Kingsburg City Council

REPORT FROM: Ashlee Winslow – Schmal
Community Services and Senior Citizens Coordinator

REVIEWED BY: 

AGENDA ITEM: 2016 Crandell Swim Complex – Season Report

ACTION REQUESTED: Ordinance Resolution Motion Receive/File

EXECUTIVE SUMMARY

The 2016 Swim Season began Monday, June 13th, which is a week later than usual due to the later dismissal time of school.

Staff for the season include: 11 guards, 2 lead/lifeguards and 1 pool manager.

Although there was a greater net loss this year than last year, there are some noteworthy points that may have contributed to this loss:

1. One of the larger day cares closed. They were regulars at the facility, which would account for a slight decrease in the entrance and snack bar revenues.
2. Our regular season was decreased from 9 weeks to 8 weeks – due to school dismissal.
3. We lost revenue from a power outage at the High School. Calculated lost revenue - \$599.00.
4. Increase in minimum wage.

Programs overall had a slight decrease in participation in comparison from the previous year. There is also a decrease in monthly passes being purchased, particularly in aqua aerobics. Although there is a decrease in pass purchasing, the overall revenue was higher than the previous year – meaning people were paying per day rather than purchasing a monthly pass.

Other noteworthy points are:

- Increase in non-swimmer attendance.
 - This program jumped 20 participants/week from the previous year.
- Increase in group rentals
 - Between Seawolves, Water Polo Club and private parties, group rentals increased by about \$1,500.00 from the previous year.

Overall loss for the 2016 Crandell Swim Complex Summer Season - \$13,656.27.
