Discuss approaching the Hospital District for funding of Crandell Swim Complex

improvements. Community Services Director Castaneda stated that at the end of last summer we talked about the condition of the pool and at this time we are pushing the limits of the surface. Mr. Castaneda stated that he spoke briefly with the hospital board about this situation and they feel this is in keeping with their funding requirements. The grant period ends May 1st so the City would need to present their proposal in April and complete the paperwork by May 1st. The finance committee agreed that we should approach the hospital board to ask for the funding.

Commissioners asked if we could include pool covers, picnic tables, lane lines, guard chairs and diving boards, and possibly go after large corporations for additional funding such as Coke or Pepsi. Mr. Castaneda stated that December would be the target month for starting and completing this project since there is less usage in December. The project would take approximately 2 weeks to complete.

Athwal Park improvements update – Community Services Director Adam Castaneda stated there are no major updates, City Engineer Dave Peters is finishing the bid packets and is in the process of finishing the grant for play structure. The \$75,000.00 grant expires in June of this year and must be used at Athwal Park. Bids will go out the end of March and the bid will be awarded by the end of April.

Proposition 68 Grant Opportunity – Community Services Director Adam Castaneda stated this is a new grant opportunity which involves Parks. Allows communities to apply competitively for grant funds to renovate parks. Underserved areas in a community could be awarded up to 1million dollars for a project. The requirements are there must be less than \$57,000 median income or less than 3 acres per person of park. The City does quality and we will try for 3 separate park projects with a deadline of August 5th for the application. Another requirement is there must be community input and meet with the surrounding community members 5 times.
