Council Member Roman is working on different financial possibilities. The City was awarded \$75,000.00 to be used at Athwal Park but not sure what features it will be used for. Community Services Director Castaneda will clarify the use of this grant. The City Council liked the overall layout of the park but would like to see more parking added. The Hospital Board can now be approached to apply for grant money and there are other health organizations in town that would donate money toward health and fitness programs. Council Member Roman stated that the Commission may go ahead with the order and place the “Skatepark Coming Soon” sign at the park. Utility storage next to restrooms, handicap parking. The plans were sent back to the architect and he is making the changes asked for. Such as utility storage next to the restrooms and handicap parking. When changes are made we will formally present to Council. A small rendering will be available for Swedish Festival. The Thermometer to track donations for the Skate Park has been ordered.

Commissioner Bethel presented a rendering of magnets to give away at Swedish Festival, there will also be stickers, 4” for skateboards, and smaller ones for give away.
