Oral Report Athwal Park development**

The foundation for the skate park has been installed and the equipment will follow. The skate park equipment should be delivered around September 3rd and installed shortly thereafter with the skate park completed in about six weeks. The City is tentatively scheduling a dedication ceremony in October which will be advertised, and all donors will be invited.

The Commission discussed the following:

Other improvements will be discussed as the time gets closer to completion

Brick donations and other ideas for fund raising can be discussed when skate park is completed.

Wait to spend other funds until the park is further along.

Can talk about other improvements we would like to make as the time gets closer to completion.

Update on Prop 68 Grant – Applications for the Prop 68 Grant were submitted on Aug 5th. The parks we submitted for are Athwal, Heritage and the Dog Park. There was a meeting where the sports complex was discussed but there were too many issues, so this was put on hold. The next round to apply for this grant is in March, hoping between now and then this issue will be cleared up and we can resubmit. There was some community involvement at the public meetings, and we received some great ideas which were presented to Council. The decision will be made in December whether our apps were accepted or declined.

Update on Community Services Fundraisers. – Community Services Director Adam Castaneda stated that we are waiting for a response from the City Attorney as to whether we can hold a fund raiser that does not have a designated fund. At the last meeting we discussed having a fund raiser with the donation deposited into an account to be used in the future on a Community Services project.

Received another generous donation for the TNR program. This program will start up in the next few weeks.

Unscheduled matters for Commission Members – (For discussion only. Action may not be taken. Items must appear on the agenda as a specific item to be acted upon.)
