2015-2016 City of Kingsburg Budget Schedule

January 2015

29 Finance Committee meeting. 2014-2015 mid-year revenue and expenditure review.

February 2015

2 Draft budget guidelines and parameters discussed among City staff.

4 2015-2016 Budget schedule approved by the City Council

16 Begin personnel costing worksheets and 2014-15 year end revenue projections.

18 City Council 2014-2015 mid-year budget review and potential adjustments.

23 Capital Improvement Plan (CIP) documents distributed to department heads for review and update.

26 Finance Committee meeting.

March 2015

16 City staff discussion on long-term strategic goals.

26 Finance Committee meeting.

27 CIP department requests with supporting documentation due to Finance Director.

31 Personnel costing worksheets and 2014 revenue projections due from Finance Director.

April 2015

10 Department heads complete 2014-15 year to date and year end revenue and expenditure projections.

10 Department budget requests due.

13-17 Departmental meetings to discuss individual projections and 2015-2016 requests.

23 Finance Committee meeting.

24 2015-16 long term strategic goals from Department Heads due to City Manager.

May 2015

6 City Council approval of budget guidelines and parameters.

14 Final revenue and expenditure projections for 2014-15.

22 Distribution of the City Manager's recommended budget.

28 Finance Committee meeting. Final review of budget revenue and expenditure projections. Review and recommendation regarding City Financial Policies.

June 2015

3 First reading of recommended budget to the City Council for consideration.

17 Public hearing, final consideration and approval of 2015-2016 City Budget.

2015-2016 City of Kingsburg Budget Executive Summary

The Fiscal Year 2015-16 budget serves as our guiding organizational document for the new year. With an ambitious agenda outlined by 97 goals identified by each department. In addition, the City's strategic planning group outlined key initiatives for Kingsburg, and that has shaped the specifics of our annual budget. The FY15-16 budget process has been guided by these strategic principles, and meets our commitment to a high level of service, our cultural history, and coincides with the financial parameters set by the City Council. The budget is the most important document that City creates on an annual basis. It is our blueprint for a more successful future.

- Staffing and succession planning
- Financial Stability
- Managed Development/Growth

Some highlights of the upcoming budget include:

- Transition of part-time Fire Chief to full-time status.
- \$450,500 for general fund related capital improvement projects. Several purchases being made on long-deferred equipment purchases.
- CalPERS "catch up" contribution for Classic members.
- Additional \$600,000 is enterprise fund capital purchases related to equipment purchase, infrastructure replacement and software upgrades.
- Special revenue fund expenditures for street maintenance and repair (California St., Annual striping program, Preventative maint. Program)
- 15% increase in health insurance costs from 2014. Budget anticipates additional 15% increase for first half of 2016.
- One-time \$412,000 debt payment to building department fund.

The City's dedication to expenditure restraint and commitment to making the City financially solvent has led to improved fund balances throughout our portfolio. Previous decision-making has allowed the City to continue to provide quality services and will maintain the level of staffing for 2015-16, while reorganizing key positions for more flexibility.

- \$215,000 transfer to Ambulance Fund for multiple capital purchases.
- \$176,000 four (4) new police vehicles purchased and outfitted.
- 15 capital improvement purchases for equipment, software and infrastructure.
- Minimum wage increases \$1.00 on January 1, 2016.

The new fiscal year continues our emphasis on economic development, setting aside funding for P3 investment as well as internal software to improve the process from beginning to end.

- \$30,000 Façade/Alley P3 program to reinvest in Central Commercial Corridor.
- \$10,000 for building permit and business license software
- \$115,000 for planning/engineering consultation services
- \$15,000 for general plan housing element update through FCOG contract.

The City also expects to see one-time revenue increase for sales tax with the wind down of the State triple-flip program. These variances will be redistributed for one-time payments for debt, capital or maintained as unencumbered reserve.

In addition, the City Council will, for the first time, approve a full financial policy document that follows GAAP and GFOA best practices.

Letter from the City Manager

June 17, 2015

Honorable Mayor Chet Reilly, Members of City Council, and Residents of Kingsburg:

It is my pleasure to present the 2015-16 recommended executive budget for the City of Kingsburg. The budget presents in summary form the revenues and expenditures from each of the City's funds. The Finance Committee has reviewed each of the funds, financial policies and capital improvement requests over the past several months. From a developmental standpoint, the 2015-16 budget offers an opportunity to meet the expectations of our citizens through proper allocation of funds.

The City has experienced a groundswell of new opportunities over the past eighteen months. Several key leadership positions have transitioned, the most recent being our new Police Chief, Neil Dadian. In addition, we continue to see the upswing in the overall economy, with new businesses locating to Kingsburg, as well as significant investment and expansion of existing industry.

The City Council has made several key decisions over the past seven years to help weather economic factors that have led to the loss of revenue while still needing to address service delivery. As such, the 2014-2015 budget is expected to close with a significant general fund surplus of \$1,095,166. This amount is the direct result of a one-time land sale that was completed between the City and the Kingsburg Gun Club. Historically, the City leased this property to the Del Monte Corp. With their closure, City Council chose to divest the land and completed the sale in early 2015. It should be noted, however, that without the associated proceeds and closing costs related to the sale, the general fund budget still would have experienced a surplus of \$102,000 through prudent fiscal management.

In 2013, the City engaged in a strategic planning process that engaged council members, employees and consultants. The goal of the session was to align all the community has to offer with the vision for its' future. Financial stewardship and planning, economic incentives for growth, and the retention of our employees and succession planning for those who retire were key driving forces for the plan. The strategic planning group outlined key initiatives for Kingsburg, and that has shaped the specifics of our annual budget:

- Staffing and succession planning
- Financial Stability
- Managed Development/Growth

Council and staff reinvested in the strategic planning process in 2015, reevaluating core initiatives and examining the overall progress made since 2013. With several of the main objectives addressed, Council and staff identified new goals to continue of progression into keeping Kingsburg the "Gem of the Valley."

The FY15-16 budget process has been guided by these strategic principles, and meets our commitment to a high level of service, our cultural history, and coincides with the financial parameters set by the City Council. The budget is the most important document that City creates on an annual basis. It is our blueprint for a more successful future.

2015-16 Budget in Brief

The City's overall budget is made up of the General Fund, Enterprise Funds, Capital Facilities Funds, Special Revenue Funds, Recreation Funds, Finance Authority, Grant Funds and Lighting and Landscaping Districts. The All Funds Budget totals \$17,774,023 for 2015-16 – a 7.53% reduction from 2014-15. Some highlights of the 2015-16 budget include:

- \$495,500 for general fund related capital improvement projects. Several purchases being made on long-deferred equipment purchases.
- CalPERS “catch up” contribution for Classic members.
- Additional \$600,000 in enterprise fund capital purchases related to equipment purchase, infrastructure replacement and software upgrades.
- Special revenue fund expenditures for street maintenance and repair (California St., Annual striping program, Preventative maint. Program)
- 15% increase in health insurance costs from 2014. Budget anticipates additional 15% increase for first half of 2016.
- One-time \$412,000 debt payment to building department fund.

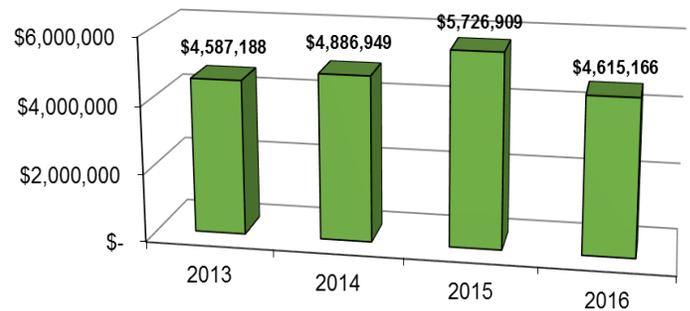

General Fund

The General Fund revenue is conservatively projected at 4,615,166. This assumes relative stability in property tax and sales tax revenue, with some moderate increases in transient occupancy tax rates.

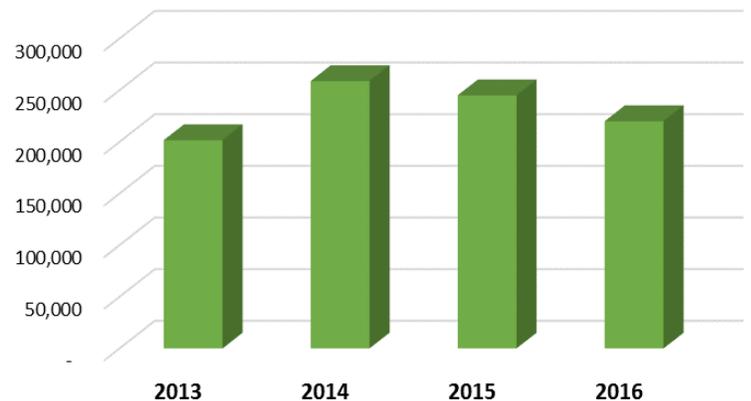

The General Fund will also be taking on additional revenues and expenditures from the reorganization of the current Building

Dept. enterprise fund. The City completed a one-time transfer in of \$412,000 to resolve outstanding debt and close the enterprise account in late FY15.

General Fund Revenue Trend

Transient Occupancy Tax

Fund Balance

The General Fund carries a larger than normal surplus as a direct result of a Tulare County land sale executed in early 2015. As part of the 15-16 budget process, for the first time, Council will approve a standard set of financial policies. Per the Governmental Finance Officers Association, agencies should develop and adopt a fiscal policy that maintains adequate levels of fund balance to mitigate current and future

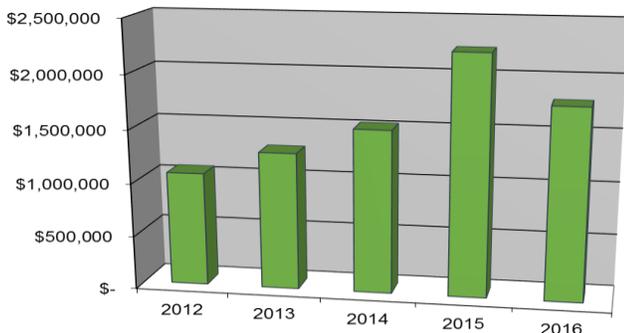

risks (revenue shortfalls and unanticipated expenditures). The amount of needed fund reserve can vary based upon each agencies need - *The adequacy of unrestricted fund balance in the general fund should be assessed based upon a government's own specific circumstances. Nevertheless, GFOA recommends, at a minimum, that general-purpose governments, regardless of size, maintain unrestricted fund balance in their general fund of no less than two months of regular general fund operating revenues or regular general fund operating expenditures, which would be about 17%. Current revenue and expenditure projections estimate the City will hold closer to 37.5% of fund balance in reserves by the end of 2016. The Finance Committee and City Council will ultimately set policy on how to address surplus amounts over the adopted reserve policy.*

- \$215,000 transfer to Ambulance Fund for multiple capital purchases.
- \$15,000 for new general, payroll, and accounts payable software.
- \$8,000 for part-time intern position.
- \$5,000 for building permit tracking software to improve process efficiency
- \$176,000 four (4) new police vehicles purchased and outfitted.

Enterprise Funds

The City now operates three business-type funds (Ambulance, Solid Waste, Water) with the close out of the building permit fund and reabsorption into the general fund. The Water and Solid Waste funds have historically operated at either a net break even or positive. The Ambulance fund, however, has historically operated at a net deficit. Critical changes in 2014-15 to billing procedures, paid call policy, and additional revenue generation have positioned the fund to net \$74,309 in 2015-16. This continues a three-year positive trend in the overall fund. The City's Finance Committee will examine options to reduce the debt liability further by utilizing surplus fund balance and leveraging new revenue streams.

General Fund Ending Fund Balance

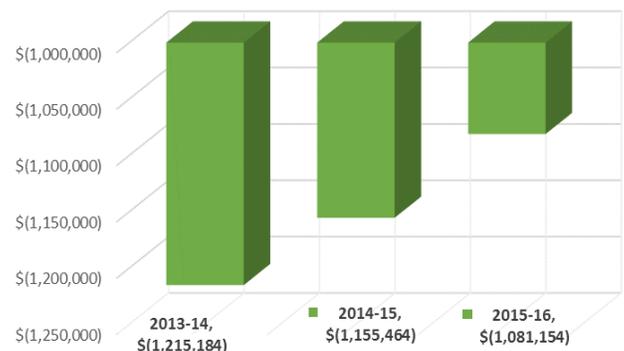

2015-16 Expenditures

As part of the projected budget, there are a number of impacts and expenditures to keep the City working efficiently and innovative in our approach. Along with normal operations, significant capital investment will be made as well.

- \$30,000 Façade/Alley P3 program to reinvest in Central Commercial Corridor.

Ambulance Fund Ending Fund Balance

Ambulance Fund (320)

- Maintains 3-0 shift staffing.
- Promotes 30-hour week Chief to full-time status.
- \$185,000 ambulance chassis retrofit.
- \$15,000 new electronic gurney.
- \$15,000 personal protective equipment for Reserve program.
- \$184,000 debt payment for Station #2.
- \$31,000 CalPERS savings from 14-15.

Solid Waste Fund (319)

- Second year of new contract with Mid Valley Disposal
- New Commercial 'right sizing' into effect.
- \$25,000 for portion of new utility billing software.
- Month to month contract for street sweeping until new contract is approved.

Water Fund (318)

- \$175,000 for service relocation and abandonment of cast iron line on Simpson Street.
- \$35,000 for new water utility truck purchase.
- \$25,000 for portion of new utility billing software.
- \$270,000 for contractual payment to Consolidated Irrigation District for recharge fund.
- Estimated \$200,000 revenue to offset water meter debt payment.
- \$15,000 allocated to part-time employee to assist with water usage enforcement.

Special Revenue Funds

The City maintains special revenue funds through the Fresno Council of Governments, as well as the State Highway. These funds are allocated towards the salaries, benefits, equipment and contracts awarded to maintain local streets, sidewalks and alley repair.

Gas Taxes (102)

- \$50,000 reduction in revenues from recalculation of State formula.
- \$20,000 toward private landscape maint. Contract for newly annexed Golden State corridor.
- \$15,000 for City owned street light maintenance.

Local Transportation Funds (104)

- \$18,000 for Beautification Committee Sierra St. project request.
- \$20,000 Street Striping program.
- \$75,000 for City local match for several federally funded projects (see traffic capital improvement spreadsheet)
- \$230,000 for California St. reconstruction (curb, gutter, road repaving)
- \$28,000 for Sierra St. Traffic Synchronization (carryover from 14-15)

Measure C Funds (105)

- \$125,000 for California St. reconstruction (curb, gutter, road repaving)
- \$25,000 toward private landscape maint. For highly visible areas and median drip irrigation retro-fit.

- \$25,000 for sidewalk replacement program & ADA accessibility.
- \$30,000 for City local match for several federally funded projects (see traffic capital improvement spreadsheet)
- \$120,000 for Preventative Road Maintenance Treatments.

- \$183,482 total debt service payments for the 2015 Kingsburg JPA (former lease revenue bond) for Station #2.
- \$209,804 total debt service payment for refunding revenue bond series (1991-1992 assessment series).

Recreation Funds

The City's recreation funds account for revenues and expenditures for the Crandell Swim Complex and Senior Center activities, which include a lunch program and employees two part time positions.

Pool Fund (021)

- \$25,000 for shower demo and rebuild per Health Dept. order.
- \$43,500 for lifeguard wages – increase due to State minimum wage increases.

Capital Facilities Funds

The Capital Facilities Funds are specialized set-aside funds that collect revenues related to new development to offset the cost of necessary infrastructure build-outs. Each new development project pays a formulaic fee based upon use and total square footage.

- \$50,000 for impact fee study by consulting firm (currently out for proposal).
- \$184,000 for debt payment for Station #2. Down from \$215,000 in 14-15.

Finance Authority (750)

In April, 2015 the City Council authorized the refinancing of 1991 & 1992 assessment bonds to take advantage of historically low interest rates. These bonds were placed privately and will provide a net surplus to the City of \$441,078 over the next seven years (maturity in 2022).

In addition, the City also refinanced a 2004 Lease-revenue bond. This bond was rated by Standard & Poors, and given an A+ rating based upon the City's existing financial policies and fund balance strength. With an interest rate of 3.25%, the city was able to greatly reduce annual obligations and improve overall cash flow to the Ambulance enterprise fund as well as the Fire Capital Facilities Fund.

A New Year

A number of great new initiatives are in process to improve the City's processes and provide the amenities and charm our residents have come to expect.

Water Meters: It's no secret that the State of California is in the midst of one of the worst droughts ever experienced. With record low rainfall and snowpack, Governor Brown has mandated water conservation across the State. With the installation of 1,800 meters on homes built before 1992, Kingsburg has positioned itself to be a leader in water conservation. With a mandate of 36% across the board cuts, the City has implemented new watering regulations as well as an incentive program to improve conservation participation City-wide. The State is entering a new normal in terms of construction requirements, outdoor landscaping and water recycling efforts. Kingsburg has positioned itself well to weather the dry spell and maintain the precious resource.

Train Depot: The Historic Train Depot is entering the final phases of complete renovation. A former passenger hub, the once run-down building has new life with the support of a private friends group and a \$1.2mm Federal Highways Transportation Grant. The building, when complete, will bring the Depot back to 1912 era accuracy, and will be used as educational museum, serving over 25,000 school kids in the tri-county area. With a revitalized freight platform and large loading area, the Depot will also serve as a community gathering point, with the ability to host private events as well. Long term plans hope to host a permanent set of train cars and actual training videos from Union Pacific Railroad.

Train Depot renovation work continues.

Ambulance Service: The City's Ambulance fund is poised to have its second consecutive fiscal year of revenue collection over expenditures. During early 2015, the City completed a transition from former Ambulance billing collector Wittman, to government based Novato Fire Protection District. The new partnership is expected produce a 25% higher return on billing collections. In addition, the operational knowledge of Novato has provided new revenue stream options previously untapped. The continual Ground Emergency Medical Transportation and Intergovernmental Transfer revenue streams allow the City to maintain current 3-0 staffing models. In addition, the 15-16 budget will see the purchase of a new ambulance, along with the rollout of a revamped Reserve program designed to offer the citizens of Kingsburg more service on an as-needed basis.

Perhaps most important is that the 15-16 budget includes the promotion of current part-time Chief, Tim Ray, to full-time status. With the service-based industry continually changing, and an aging population, the need

for full-time supervision at the Department is more important now than ever.

Unit 501 - the newest in the existing fleet, will serve as the second out unit.

Capital Purchases: Perhaps one of the largest investments proposed in the 15-16 budget is the investment in several one-time capital items. Many of the purchases, long deferred, are drastically overdue, and stand to save the City significantly on an annual operational basis. Some of the main purchases include:

- Ambulance chassis rebuild;
- Water utility truck;
- Building Permit Software;
- Accounts Payable/Utility Billing software;
- PD Patrol Cars;
- Pool Shower Demo/rebuild;
- Water Main Service Relocation.

The majority of the purchases are being funded through one-time revenue stream from the recent Tulare Co. land sale. Proceeds from the sale are being used to pay down existing debt obligations as well as fund capital purchases in the 15-16 and future budget years.

Economic Development

Kingsburg continues to strive to find new ways to improve our overall economic

outlook. While new incentives are used to target new businesses, we've continued our emphasis on promoting small businesses as well. Over the past year, we've seen the following businesses open up in Kingsburg:

- SportsFan Barbershop
- Lejon Hair Studio
- White Lily Day Spa
- K-9 Solutions
- Mitt I Dalen
- RJ Collections
- Envision Art Studio
- Gold Standard Mortgage

Our continued incentive programs have contributed to these successes, with over 500 new jobs created since the inception of the program.

- FASTER PERMITS – a streamlined 21 day administrative approval permitting process.
- LOWER FEES – 25% reduction in the City's Capital Facilities Fees.
- NEW INCENTIVES – 50% rebate of the City's real estate property taxes and sales taxes for three years

Public/Private Partnership (P3 Model): The City also initiated a public/private partnership PILOT program to rejuvenate renovation downtown. Non-residential properties located in the central corridor are eligible for a reimbursement matching grant of up to \$5,000 to improve façades, awnings, windows, alleys and more. The Program is designed to encourage physical improvements to a building or business facades visible from the public right-of-way. The Program is also designed to encourage design improvements that preserve and promote the historical character and

integrity of the buildings within the District. Funding will be reimburse to project costs that meet specific design criteria. By coordinating improvements that preserve the historical elements within the District, the overall image of the District will remain consistent and preserve the unique character of the community.

Impact Fee Flexibility: The City also adopted new impact fee incentives for qualifying new construction projects. With the economy slowing recovering, staff has examined options for taking the next step in growing our commercial core, expanding new jobs, and experiencing the benefit of a local economic multiplier effect. The new program authorizes the City Manager to reduce and/or eliminate various impact fees for new development that meets a certain standard. The level of fee reduction would be based upon an analysis of permanency of the business, level of job creation, existing infrastructure, zoning and overall revenue increases to the City.

Business Park Focus: A major imitative for 2015-16 will be a renewed emphasis on development at the Kingsburg Business Park. The Park, developed in 2005, has remained relatively stagnant since the recession of 2008. The reasons for this are many, with several different property owners, a lack of cohesive planning and marketing, as well as disjointed land use designations. Many of the issues have been rectified:

- City-sponsored marketing and point of contact
- Large developer focused
- Ability to leverage existing infrastructure investments
- Mix-used land use designation for flexibility and protection of parcels

Aerial view of Kingsburg Business Park.

Ongoing/Future Projects: The City has once again begun to see new development spring up throughout town. There are several residential and commercial projects currently underway or prepared to begin:

Non-Residential:

1. Sacramento Container Expansion
 - The box supplier is currently constructing a 45,000 sq. ft. addition to their existing location. Their addition is to make room for expanding operations, providing 15-30 new full time jobs.
2. Marion Villas Complex
 - Expected to be completed in June, the mixed-use senior living complex includes 46 one and two bedroom apartment units, as well as over 3,200 sq. ft. of street level retail space.
3. Dollar Tree Complex
 - National developer Sterling Properties has engineered a 10,000 sq. ft. building that will accommodate Dollar Tree. An additional pad on-site offers another 5,000 sq. ft. for a future tenant.

4. Grace Church of the Valley
 - A new multi-purpose mega-church includes over 112,000 sq. ft. of new building, along with gymnasium, outdoor recreation fields and a public coffee house.

Residential

1. Kingsburg Crossings
 - A 46 parcel single family residential planned unit development is currently under construction. Several model homes have been permitted and phase II of the project includes additional SFR to be built upon completion of the first 46 units.
2. Lennar Annexation
 - A proposal for 34 single family homes located in the northeast section of town is currently underway. Lennar Homes is serving as the developer.
3. Hash Properties
 - The City has been approached about the possibility of adding 194 single family residential units along our southeastern border, including land in Tulare Co. While very early in the process, it offers opportunity for growth within walking distance of our downtown.

Tentative map of 197-unit SFR development

In Conclusion

The 2015-16 budget highlights the projects, people and goals that will guide the City of Kingsburg. Our creativity, innovation and improved efficiencies will guide our progress in the coming year. This budget document hopes to recognize the values that makes Kingsburg what it is today, and is a reflection of each of our employees. Each of our Department Heads participated and helped shape the upcoming fiscal year budget. I would like to give special thanks and recognition to City Finance Director, Maggie Moreno, for her hard work and long hours assisting with the development of this budget. I hope you'll find it a useful and beneficial tool.

Respectfully Submitted,

Alexander J. Henderson

Use Reserves to staff Station #2 when possible	Operational	Staff station #2 at least 50 days	2015		
Meet requirements for continued safety and tactical training	Operational	Complete	2015		
Quarterly Multi-company drills with other agencies and required EOC training/exercise with all City employees.	Operational	Complete	2015		
Provide for supervisor's to attend local association meetings regularly to maintain close working relations with Op area. (Chief Assn., Prevention, Investigation, EMS committees.	Operational	Attend all meetings	2015		
National Incident Management (NIMS) compliancy training/refresher course taken by all employees.	Operational	Complete	2015		
Meet requirements for continued safety and tactical training.	Operational	Complete	2015		
Update Dept. SOPs and implement with council approval	High Impact	Complete	2015		
Create a Home Safety Program with a Social Media Plan	Operational	Implement	2015		
Restructure PCF training, ICS positions, scheduling and participation	Operational	Complete	2015		
Establish a departmental Strategic Plan and Standards of Coverage Plan	Operational	Implement	2015		
Purchase and coordinate implementation of new capital equipment, including ambulance, Reserve PPE, and new gurney.	Operational	Complete	2015		
Finalize all GEMT and IGT revenue streams to ensure annual compliance.	High Impact	Implement	2015		
Complete transition to Novato Fire District for all billings.	Operational	Complete; 25% increase in billing revenue	2015		

Department of Public Works					
Goal	Type	Metric of Success	Start Date	Status	Comments
Oversee maintenance of new dog park ensuring safety, signage, and accessibility	Operational	Complete	2015		
Increase training seminars through RMA	Operational	All Depts. Complete	2015		
Aid in water conservation by converting median to drip vs. sprinklers	Operational	Continual	2015		
Complete all State mandated well testing and monitoring	High Impact	Complete	2015		
Continue additional well testing, lead and copper, TCP	Operational	Continual	2015		
Evaluate and purchase new utility truck for water department services	High Impact	Continual	2015		
Continue with sidewalk replacement, repair, and ADA compliance	Operational	100%	2015		
Catch up and stay current with Citizen Complaints/Kingsburg Connection application.	Operational	Continual	2015		
Continue to monitor and address citizen requests pertaining to the meter project	Operational	Complete	2015		
Complete necessary City water system repairs as identified by the water department.	Operational	Complete	2015		
Address Staffing needs and alternatives like allocating LLD funds to contract City properties	Operational	Complete	2015		
Work with local organizations to hang respective marketing banners across	Operational	Complete	2015		
Catch up on street markings, crosswalks, STOP, stop bars, etc.	Operational		2015		
Examine use of new fertilizer to reduce watering at public facilities 20%	High Impact	Complete	2015		
Prepare for annual festivals. Includes hanging Spring banners, downtown cleanup, sign placement and road closures.	High Impact	Complete	2015		
Monitor groundwater levels to comply with State mandated 36% reduction	High Impact	Complete	2015		

Community Services					
Goal	Type	Metric for Success	Start Date	Status	Comments
Promotion of After School Recreation program using flyers, letters and social media	Operational	Creation of marketing materials	2015		
Work with KESD to complete facility use permit and secure facilities for the program.	Operational	Complete	2015		
Contact EOC to program for the After School Meal program.	Operational	Complete	2015		
Coordinate and promote the Summer Recreation program and increase overall participation by 5%.	Operational	Complete	2015		
Work with KJUHSD to operate summer facilities for the Lunch and Rec. program.	Operational	Operation of program	2015		
Provide Recreation staff with the needed EOC training and Food safety certification.	Operational	Complete training	2015		
Complete the annual 2015-2016 FMAAA contract.	Operational	Complete	2015		
Work with the Senior Center to increase awareness and participation in the Congregate Meal Program.	Operational	5% participation increase	2015		
Work with the Kingsburg Senior Inc. Group to complete annual events	Operational	Complete	2015		
Assist in coordination of the annual Fireworks permitting. Ensure all vendors have proper registration and training.	Operational	Complete	2015		
Continue to recruit staffing, to make sure we have the appropriate number of leaders for the programs needs.	Operational	Full staffing and training	2015		
Develop a marketing strategy for the recreation program and pool and integrate technology advances when applicable to increase participation.	Operational	Complete	2015		
Coordinate and ensure all pool staff are trained and compliant with safety and policy procedures.	High Impact	Full training	2015		
Coordinate with the Kingsburg Seawolves and KHS Water Polo for pool use.	Operational	Complete	2015		
Implement credit card use at the Pool to improve options for users.	High Impact	Implement	2015		
Examine option of using Kingsburg lifeguards to train outside agency lifeguards for added revenue stream.	High Impact	Hold one training session	2015		
Oversee tallies for both Lap Swimming and Aqua Aerobics with the potential to extend the season to accommodate for loss of other area pools.	Operational	Complete	2015		
Work with Senior Center staff to increase awareness and participation in the Congregate Meal Program.	Operational	Increase participation by 5%	2015		
Complete monthly required Senior Center reporting for lunch program.	Operational	Reports completed on time	2015		
Work with Marion Village to encourage residential participation and utilization of Senior Center services.	Operational	Complete	2015		
Work with staff on the Vaccination and Licensing Clinic.	Operational	Hold Clinic	2015		
Work with the Chamber on promoting programs and events that can be mutually beneficial to the City and Chamber.	High Impact	Complete	2015		
Oversee demolition and rebuild of pool showers to meet ADA and Health Dept. standards.	High Impact	Complete	2015		

Police Department					
Goal	Type	Metric of Success	Start Date	Status	Comments
Evaluation of PILOT 12-hour shifts to determine efficiency and	Operational	Productive hours	2015		
Increase staffing in KPD Reserve Officer Program	High Impact	3 new hires	2015		
Increase staffing in KPD Community Service Officer Program	High Impact	2 new hires	2015		
Full implementation of Citizens on Patrol program to improve relationship with residents and dept.	High Impact	12 C.O.P. participants	2015		
Improve electronic presence with continued App development	Operational	150 App downloads	2015		
Shooting range facility improvement with use of Fresno Co. prisoner crew.	Operational	Complete	2015		
Continue full departmental audit with new Chief. Examine opportunities for efficiency improvement, service increase and cost reductions.	High Impact	Complete	2015		
Purchase four new Interceptor Utility vehicles and plan for full fleet replacement through financing options.	High Impact	Complete	2015		
Integrate MAGEC and HEAT program into Kingsburg operations through relationship building	High Impact	Complete	2015		
Examine the pros/cons of a public safety tax as it pertains to staffing, equipment replacement and long-term funding.	High Impact	Complete	2015		
Improve departmental training to prepare for necessary succession planning at all levels.	High Impact	Cross training of personnel	2015		
Integration of public safety committee recommendations to improve departmental standing within community.	Operational	Assist PSC as needed	2015		
Complete evidence room inventory. Document and destroy unnecessary items. Implement organized system for future.	High Impact	Complete	2015		
Ensure all personnel are attending necessary training provided by CSJVRMA/POST	Operational	Participation	2015		
Crime Reduction - reduce property crimes by 20%	High Impact	20% reduction from 2014 reports	2015		
Case Clearance - property crime clearance rate of 20%	High Impact	20% BCS case clearance	2015		
Person crimes - clearance of 50%	High Impact	50% BCS case clearance	2015		
Case Completion - complete 50% of all cases	High Impact	50% case completion	2015		
Design a traffic control pattern drop-off/pickup for each elementary school.	High Impact	Complete	2015		
Re-establish Police Explorer Scout program.	Operational	10 explorer scouts	2015

Description:

The City Council serves as the governing body of Kingsburg. The five members are elected at large and elect a Mayor from among their membership. The City Council provides policy direction and leadership on all City, Successor Agency and Finance Authority matters. The Council delegates the day-to-day administration under the Council/Manager form of government but is ultimately responsible for the direction, operation and finances of the City.

Significant Changes:

None.

Description:

The City Attorney is chief legal advisor to the City Council. The City attorney's services include drafting and reviewing ordinances, contracts, resolutions and providing assistance on a variety of legal matters affecting general operations of the City. Legal expenses are also budgeted directly to the Water and Solid Waste funds.

Significant Changes:

Legal expenses can trend higher based upon unforeseen legal requirements.

Description:

The City Clerk records the actions of the City Council by maintaining minutes, resolutions and ordinances. The City Clerk also is responsible for records management, both preservation of documents for historical and legal purposes, and elimination of un-needed documents. The City Clerk assists the public and candidates during the election process to fill City Council seats every two years. The City Clerk also acts as a filing officer and implements the requirements of the Fair Political Practices Commission in the filing of campaign forms and Statements of Economic Interests by candidates, elected officials, commissioners and designated employees of the City. The position also serves as the Administrative Secretary for the City Manager.

Significant Changes:

None.

Description:

The Police Department provides all Law Enforcement Services including patrol, investigation crime prevention, traffic enforcement, GREAT Program and other programs as needed. Police administration develops plans, determines staffing levels and equipment needs and sets policy and procedure for the entire department. The department consists of patrol, detective, K-9 officers, dispatch, reserves, community service officers and explorers.

Significant Changes:

A new Police Chief was hired in early 2015 and will oversee new administration and policy coordination of the Department. A large one-time capital purchase of four (4) new Police Vehicles is also included in the 15-16 budget.

Description:

The primary function of the Gas Tax Funds is the maintenance and repair of City streets in a safe manner. Activities include major and minor street repair, reconstruction, new street construction, street lights and personnel. Gas Tax funds are received from taxes imposed on gasoline sales.

Significant Changes:

Gas Tax revenue is expected to be approximately \$50,000 less in 2015-16.

Description:

This program receives its funding from State Local Transportation Funds which are administrated and disbursed by the Council of Fresno County Governments. This program is commonly referred to as LTF Article 8 because of its identifying section in the State Public Utilities Code. This fund is dedicated to the safety, maintenance and improvement of streets and alleys throughout the community.

Significant Changes:

Funding is allocated for the California Street reconstruction, as well as for a portion of the City's Federal match requirement.

Description:

This program receives its revenue from a 1/2% sales tax increase approved by Fresno County voters in November, 1986. Funds are used for rehabilitation of existing streets, curb, gutter, sidewalk and drainage systems. The Measure C Tax was recently extended by voter approval till 2026.

Significant Changes:

A major portion of the matching requirements of our Federal Street Grants will be made from the Measure C Street Maintenance funds. Funding also exists for the California Street reconstruction.

Description:

The Water Fund handles all of the services of the water system. This includes delivery of water to customers, billing and collection and water connection fees. This enterprise fund provides clean and safe drinking water to the citizens of Kingsburg. The responsibilities for the accounting division and operations for the water system are shared between the Finance Department and Public Works Department.

Significant Changes:

The Water fund expenditures include a one-time software purchase to update the City's utility billing program. In addition, the City contract with Consolidated Irrigation District continues the contracted escalation. A new water utility vehicle is also planned.

Description:

The Fire/Ambulance Department is the primary funding source for the Fire Department. Revenues for the fund are obtained from the General Fund, Ambulance transport fees, grants and various miscellaneous fees. The Fire Department handles all activities related to fire services, emergency transport services and coordinates the City's Emergency Management Program.

The Fire Department is currently staffed by a Fire Chief, 3 Fire Captain/Paramedics/EMT's, 3 Firefighter/Paramedics and up to 12 Paid Call Firefighter/EMT's.

Significant Changes:

The 15-16 Ambulance budget includes the promotion of our part-time Chief to full-time status and continues our 3-0 staffing model.

Description:

The Building Department Services include the issuance of permits, plan checks, and field inspections involving new and remodel building construction and enforcement of the Building and Safety Code.

Significant Changes:

The Building Permt fund was financially balanced and closed as an enterprise fund. The associated revenues and expenditures are now accounted for as part of a general fund account.

Description:

This department takes care of all the functions and expenses of the City Pool. These include public swimming, Red Cross lessons, Group & Team Rentals and all the maintenance of the pool.

Significant Changes:

The City continues to use a contractor to perform the required ongoing maintenance of the pool chemicals and operations. The Public Works department performs the landscape maintenance for cost savings.

Description:

The Kingsburg Senior Center offers recreational, social, educational and nutritional programs to seniors 55 and older. Costs identified in this budget include staff salaries and benefits and direct costs for Nutrition and Outreach Programs. The City receives Federal Grants to supplement the funding for these services.

Significant Changes:

The Recreation Coordinator runs the day to day operations of the Senior Center. The Nutrition function is now staffed by two parttime employees who work a combined 35 hours per week.

Description:

This is a new fund that accounts for the new State Law on Redevelopment Successor Agencies. The fund will account for the debt of the agency per the adopted and approved ROPS (Recognized Obligation Payment Schedule). The Successor Agency will receive tax increment to cover the recog debt of the Agency. All of debt will be accounted for in this fund until it is retired. At that time the Fund will be ended.

Significant Changes:

See above.

Description:

The former RDA was required by law to set aside 20% of the total tax increment received in the Kingsburg project area into a low/moderate income housing fund. The 20% set aside was to be used to increase and or maintain the supply of low and moderate income housing.

This has now changed to the Successor Housing Agency and no new funds will be received. Pending the adoption of proposed legislation the Successor Agency will be able to use these funds per Low/Mod rules until they are all dispersed.

Significant Changes:

See above.

TOTAL CAPITAL OUTLAY	\$ -	\$ -	\$ -

\$65,000

Accounts Payable/Utility Billing Software

The City’s existing software has been in place since 2005. Unfortunately, it does not offer many of the required features to allow the City to remain flexible with our ever changing landscape. An improved utility billing process will improve internal efficiencies and provide more information for Kingsburg residents.

ongoing impact

The acquisition of new software will provide a positive benefit to ongoing operations with reduced maintenance costs. An annual fee is associated with the upkeep of the software.

2015-16 Capital Projects

319-9100-549.57-01

Accounts Payable/Utility Billing Software

City Hall

\$412,000

Debt Payoff

Historically, the City has categorized building permit functions as a separate enterprise entity. As such, during the recession years, the fund became insolvent. With the influx of one-time proceeds from a land sale, the City will remove the liability and absorb the operations into the General Fund.

ongoing impact

The payoff of the unfunded liability allows the City to close the enterprise account and move the operations back to the general fund.

2015-16 Capital
Projects

001-0000-452.01-01

Debt Payoff

General Fund –
Building Permit

\$5,000

Building Permit/Code Enforcement Software

As the economy continues to improve, the City continues to see more requests for building permits. New software will allow the internal tracking and accountability required for making sure all timelines are met.

ongoing impact

The purchase of a new vehicle will incur no additional expenses on regular permit funds. The software does not carry any ongoing system maintenance funding.

2015-16 Capital
Projects

001-2600-519-57-01

Building
Permit/Code
Enforcement
Software

Planning &
Building Dept.

\$176,000

Police Utility Interceptors

The purchase of four (4) new police vehicles will begin the necessary turnover of our police vehicle fleet. The department last purchased a new vehicle in the mid-1990s.

ongoing impact

The purchase of new vehicles will greatly reduce our maintenance budget, specifically the need to replace transmissions on older used vehicles.

2015-16 Capital Projects

001-3400-539.57-01

New Vehicle Purchase

Police Department

\$25,000

Pool Showers Demo/Rebuild

The City co-operates a public pool facility along with the Kingsburg Union High School District. The existing showers require an update to meet ADA and Health Dept. standards in order to continue operation.

ongoing impact

There are no ongoing costs associated with the shower construction project.

2015-16 Capital Projects

021-9100-529.57.01

Pool Shower Demo and Rebuild

Community Services - Pool

\$20,000

Annual Road Striping Program

Several of the City's roads are in need of new/refresh of road striping. The improvement will provide needed safety and maintenance to several City streets.

ongoing impact

There are no operational costs associated with the striping program.

2015-16 Capital Projects

104-9100-549.52-75

Street Striping Program

Planning - Engineering

\$104,000

Federal Project Local Match

The City has been fortunate enough to garner Federal funding to help offset the cost for several projects. In 2015-16 those projects include:

- Sierra St. Reconstruction
- Sierra Street Transit Stop
- Sierra Street Traffic Synchronization
- Sixth Street Reconstruction
- 10th/Union Lighted Crosswalk
- Rafer Johnson Drive/Sierra St. Lighted Crosswalk
- 18th Ave. Sidewalks
- 10th Ave. Reconstruction
- 18th/Kern Lighted Crosswalks

ongoing impact

Ongoing impacts include normal maintenance repairs associated with the respective projects.

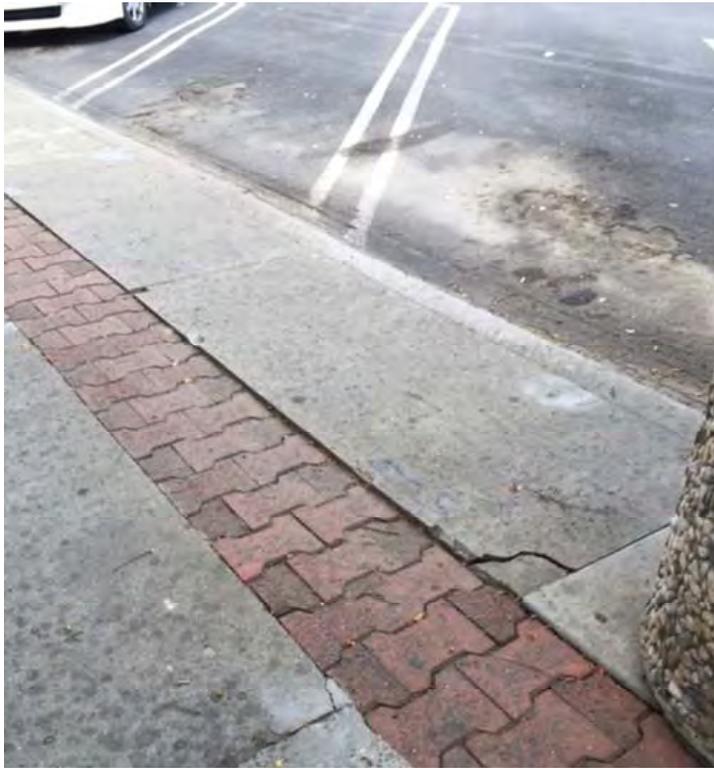

2015-16 Capital Projects

104-9100-549.57-01
105-9200-549.57-01

Local Match

Planning -
Engineering

\$20,000

Sidewalk Repair

The sidewalk repair program allows for the removal and refurbishment of sidewalks throughout town that are either in need of ADA improvement or are potential trip/fall hazards. The program is funded through the Measure C tax revenue.

ongoing impact

There are no operational costs associated with the repair of sidewalks.

2015-16 Capital Projects

104-9100-549.52-75

Sidewalk Repair Program

Public Works

\$175,000

Water Infrastructure Repairs

The City's Water Department has indentified a failing cast iron pipe located in an alley that will be abandoned, with services relocated to the front on Simpson Street. The repairs may help with recent positive 'total coliform' tests experienced in the City.

ongoing impact

There are no operational costs associated with the abandonment of failing water pipe.

2015-16 Capital
Projects

318-5100-549.57-01

Water
Infrastructure
Repairs

Public Works –
Water Department

\$35,000

Utility Truck – Water Dept.

The City will purchase a new vehicle to replace a 1999 water utility truck. The vehicle is used for several water related job functions, including the gather of meter reads on a monthly basis.

ongoing impact

There are minimal ongoing maintenance costs associated with the vehicle purchase. It's likely the maintenance costs will be reduced compared to the current vehicle.

2015-16 Capital Projects

318-5100-549.57-01

Utility Vehicle Purchase

Public Works – Water Department

\$15,000

Electric Gurney

With the purchase of a new ambulance, a new electric gurney will be required to keep our fleet fully functional. The electric gurneys provide great assistance for transporting patients, ensuring their safety and minimizing the possibility of a work related injury.

ongoing impact

There are no ongoing costs to maintain the gurneys outside of potential repairs.

2015-16 Capital
Projects

320-6100-539.57-01

Reserve PPE

Fire Department

\$15,000

Reserve Personal Protective Equipment (PPE)

In early 2015, the City's Fire Department revamped the Paid Call Fire program to provide more managerial control and improve overall participation in the program. The newly named Reserve Program requires the purchase of new protective equipment with the incoming hires.

ongoing impact

There are no ongoing costs to maintain the PPE.

2015-16 Capital
Projects

320-6100-539.57-01

Reserve PPE

Fire Department

\$185,000

New Ambulance Purchase

The purchase of a new ambulance (or chassis retrofit) will provide a new frontline emergency response vehicle to the City's fleet. Currently, the newest unit (501) is twelve years old. Life expectancy of ambulance units are 12-15 years. The current vehicle will serve as the main backup unit.

ongoing impact

The purchase of a new vehicle will incur no additional expenses on the everyday ambulance operations budget. The project is funded through one-time capital funds.

CITY FINANCIAL, MONETARY, AND BUDGETARY POLICIES

The budget for the City of Kingsburg is a comprehensive guide for the financial decision-making and operational management throughout the fiscal year. The budget is not only a financial plan but also a performance plan to assist in accomplishing the strategic goals set forth by the City Council. This section describes the policies and procedures that govern the preparation and implementation of the City's budget as well as managing the short and long-term finances and investments of the City.

2015-16 Approved Budget Guidelines

Each year, the respective subcommittees and City Council approve budget guidelines to provide guidance and assist in the development of the annual budget. The development of the 2015-16 budget will also incorporate the plans set forth in the City's strategic planning process, as well as a comprehensive employee survey. The proposed 2015-16 Budget guidelines are outlined below, and include:

Financials:

- Examine 5 year historical trending in all revenue and expenditure accounts.
- Analyze and update financial policies and procedures,
- Incorporate policies into 2015-16 budget. Identify non-dedicated fund balances, and define purpose or recommend usage alternatives.
- Fund long term future obligations and designated reserve accounts.
- Utilize one-time funds received to help pay down debt and purchase deferred capital equipment.
- Examine current and alternative revenue sources that promote long-term financial sustainability.
- Examine adequacy and equity of fees and revenues for services and programs.
- Examination of current street sweeping program to improve air quality and keep costs in line.

Citizen Commitment:

- Analyze performance measurement metrics to enhance service delivery efficiencies.
- Examine the most cost effective way of providing service and conducting business.
- Examine and where applicable reduce redundancies in service provisions.
- Enhance joint purchasing arrangements from a multi-community and City perspective.
- Maintain preventative infrastructure maintenance program and Capital Improvements funding.
- Examine additional energy efficiency initiatives to offset rising energy costs.

Personnel:

- Examine organizational structure and necessary staffing adjustments to meet growing organizational needs.
- Implement changes from collective bargaining agreements and employee handbook.

- Examine special fund contributions to the general fund to ensure allocations are appropriately structured to reimburse general fund (i.e. Water, Measure C and Solid Waste).
- Transition to performance, metric based wage and evaluation compensation system.
- Examine and make recommendation on employee leave programs to proactively address GASB 45-Other Post Employment Benefit liabilities

Explanation of Budgetary Process

Although the administration of the existing budget is a constant process, the preparation of the next year's budget begins during January with the establishment of the annual budget guidelines which serve as written goals and parameters for the development of the annual operating budgets. The City uses the following procedures when establishing budgetary data reflected in this document:

- A. During January-February, planning meetings are held whereby the City Council, its sub-committees, and Department Heads receive input and subsequently develop areas of emphasis and specific action items in order to provide a framework for the budget development.
- B. In April, a budget session with Department Heads is held at which time budget instructions for the ensuing year are given by the City Manager.
- C. In April, the department heads submit to the City Manager, proposed operating budgets for the fiscal year which commences the following July 1. The operating budget includes proposed expenditures and means of financing them.
- D. In May, the City Manager submits the Executive Budget to the City Council. Copies of the budget are made available for general public use at the City Clerk's Office and other venues.
- E. A budget public meeting/workshop is held by the City Council and City staff in early part of June. A public hearing is held the middle of June concerning the proposed budget.
- F. During the second Council meeting in June, the City Council approves by resolution the proposed budget.

Budget Overview

Beginning in 2015-16, the City's budget will be evaluated by the Government Finance Officers Association (GFOA), which offers critiques, praise, and other suggestions to help improve every aspect of the budget document.

The budget guidelines approved by the City Council were used as the foundation to create the 2015-16 financial blueprint for the City. The 2015-16 budget is designed to provide ease of use to the reader, while acting as a financial conduit for all City related expenses. Overall, the budget hopes to achieve the following:

The Budget as a Policy Document

As a policy document, the budget indicates what services the City will provide during the next fiscal year. Throughout the document the reader will have the opportunity to view both long and short-term goals, and how the financial policies will interact to meet the needs of City residents.

The Budget as an Operations Guide

As an operations guide, the 2015-2016 budget provides detailed expenditures based upon departmental need. Each department is responsible for specific actions that feed into the overall organizational plan.

The Budget as a Financial Plan

As a financial plan, the budget summarizes and details the cost to the citizens of Kingsburg for services received, as well as funding information. The document will outline major revenue sources, expenditures, and overall changes and challenges from previous years. The Budget in Brief provides a quick synopsis of expenditures and revenues.

The Budget as a Communications Device

Perhaps the most important part of the budget document is to make sure it is a usable, readable document for citizens, elected officials, and staff alike. Staff has worked diligently to provide summary information available in text, charts, tables, and graphs.

Kingsburg takes great pride in our performance measurement program as well.

The user will notice several different measurables, as well as how they are incorporated into goals and management methods.

GENERAL OPERATIONS POLICY

The establishment of general operations policy statements is an important component of the City's financial management policy and planning efforts.

A. Accounting

- The City will establish and maintain the accounting systems according to GAAP.
- An annual audit will be performed by an independent public accounting firm which will issue an official opinion on the annual financial statements. In addition, full disclosure will be provided in the financial statements and bond representations.
- Financial systems will be maintained to monitor expenditures and revenues on a monthly basis and all revenue collections will be consolidated under the Finance Director. A cash-flow analysis, including disbursements, collections, and investments, will be prepared on a regular basis indicating that sufficient cash is available for daily financial needs.
- Encumbrances represent commitments related to unperformed contracts for goods or services, and will be recorded when incurred. Encumbrances outstanding at year-end will be reported as reservations of fund balance.
- The City will establish and maintain a depreciation schedule based on the straight-line method. The useful life of capital assets will be based on internal information,

information on comparable assets from other governments, and general guidelines from professional or industry organizations.

B. Revenue

- Each year and whenever appropriate, existing revenues will be re-examined and possible new sources of revenues will be explored to ensure that we are maximizing our revenue potential.
- Legally restricted revenues will be avoided when they adversely affect the short or long-term financial health of our government. One-time revenues will be used for capital improvements or as legally restricted to a specific purpose.
- Each year and whenever appropriate, intergovernmental revenues will be reviewed to determine their short and long-term stability, to minimize the impact of any adverse changes. Intergovernmental revenues shall be used as legally prescribed or otherwise set forth by policy.
- Any amounts due to the City will be carefully and routinely monitored. An aggressive policy of collection will be followed for all receivables. In addition, proprietary funds will generate revenue sufficient to support the full direct and indirect costs of these funds.
- All potential grants and other aid shall be carefully examined for matching requirements and restrictive covenants, to ensure that our participation in such grants will be beneficial and cost-effective.

C. Budget & Capital Improvements

- The City will pay for all current operating expenses with current revenues and will avoid budgetary procedures that balance current costs at the expense of future years, such as postponing necessary expenses, accruing future revenues, or rolling over of short-term debt.
- The City will prepare and maintain a multi-year capital improvements plan and project its equipment replacement needs for at minimum the next five years. In addition, a maintenance and replacement schedule will be developed and updated on an annual basis. Estimated costs of each capital improvement projected for each year will be included in the annual budget, including the impact to annual operating expenditures./me
- Intergovernmental funding sources for capital improvements from the federal, state, and private sector will be actively sought and used as available to assist in financing of capital improvements.

BUDGET AMENDMENT POLICY

Following the adoption of the annual budget, budget transfers and supplemental appropriations are made based on the following:

A. Items requiring City Council Action

- Appropriation of fund balance reserves; transfers of appropriations between funds; appropriation of any non-departmental revenue; new interfund loans or advances; and creation of new capital projects or increases to existing capital projects.

B. Items delegated to the City Manager

- Since the annual City budget is adopted at the functional level of expenditure (program categories, i.e., Public Works and Public Safety), the City Manager may authorize any intra-program line item change, i.e., utilities, local auto expense, supplies, etc. between departments within funds; appropriation of unbudgeted departmental revenues; and approval of transfers which increase salary and benefit appropriations.

FINANCIAL PROCEDURES & INVESTMENT POLICY

The purpose of this policy is to establish investment objectives; to delegate authority for the execution and reporting of investments; to establish standards of prudence; to direct the development of internal control; to establish standards for Depositories, to set and establish collateral requirements; and to identify permitted investment.

This investment policy applies to all cash assets of the City, except:

- A. Funds which are held by an external trustee and are restricted in their investment by terms of a trust indenture; in which case the trust indenture shall regulate investment activities;
- B. Funds granted to or held in custody by the City, under terms which provide for or restrict their investment in a particular manner; in which case said provisions or restrictions shall regulate investment activities;
- C. Funds otherwise restricted by State or Federal laws or regulations; in which case said restrictions shall regulate investment activities.

The primary objectives of investment activities shall be the following in order of importance: safety, liquidity, and yield:

- A. Safety: Preservation and safety of principal are the foremost objective of the investment program. Investment shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. In addition, all risks associated to City funds and investments will be disclosed on an annual basis or as requested.
 1. Credit Risk - The City will minimize credit risk, which is the risk of loss due to the failure of the security issuer or backer by:
 - Limiting investments to the types of securities listed in this Investment Policy.
 - Pre-qualifying the financial institutions, broker/dealers, intermediaries, and advisers with which the City will do business.
 - Diversifying the investment portfolio.
 2. Interest Rate Risk - The City will minimize rate risk, which is the risk that the market value of securities in the portfolio will fall due to changes in market interest rates, by:

- Structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity.
 - Investing operating funds primarily in shorter-term securities, money market mutual funds, or similar investment pools and limiting the average maturity of the portfolio in accordance with this policy.
 - Utilizing securities with adjustable coupon rates to minimize price volatility.
- B. Liquidity: The investment portfolio will remain sufficiently liquid to meet all operating requirements that might be reasonably anticipated. This is accomplished by structuring the portfolio so that securities mature concurrent with cash needs to meet anticipated demands.
- C. Yield: The investment portfolio shall be designed with the objective of attaining a rate of return/yield throughout budgetary and economic cycles, commensurate with the City's investment risk constraints and the cash flow characteristics of the portfolio. Return on investment is of secondary importance compared to the safety and liquidity objectives described above. The core of investments is limited to low risk securities in anticipation of earning a fair return relative to the risk being assumed. Securities shall generally be held until maturity unless as deemed appropriate by the City Manager, or for the following exceptions:
1. A security with declining credit may be sold early to minimize loss of principal.
 2. A security swap would improve the quality, yield, or target duration in the portfolio.
 3. Liquidity needs of the portfolio require that the security be sold.

STANDARDS OF CARE & REPORTING

- A. Prudence:
The City's investments shall be made with judgment and care, under prevailing circumstances, which a person of prudence, discretion, and intelligence would exercise in that management of the person's own affairs, not for speculation, but for investment, considering the safety of capital and the yield to be derived.
- B. Ethics and Conflicts of Interest:
Officers and employees involved in the investment process shall refrain from personal business activity that could conflict or be perceived to conflict with proper execution of the investment program, or that could impair their ability to make impartial decisions. Employees and investment officials shall disclose any material interests in financial institutions with which they conduct business. They shall further disclose any personal financial/investment positions that could be related to the performance of the investment portfolio. Employees and officers shall refrain from undertaking personal investment transactions with the same individual with whom business is conducted on behalf of the City.

C. Delegation of Authority:

The City Council (the "Council") is ultimately responsible for the investment of City funds. The responsibility for conducting investment transactions is delegated to the Finance Committee (the "Committee") which shall conduct its day- to-day activities through the office of the Finance Director. The Finance Director may, with Committee and Council approval, receive assistance from one or more investment advisors. The Finance Director will provide investment data, statistics and recommendations to the Committee to aid in investment decisions.

D. Reporting Requirements:

The Finance Director shall report investment portfolio performance to the Committee at least annually or when a specific request is made. The report will summarize the investment strategies employed, describe the portfolio in terms of investment securities, maturities, risk characteristics and other factors. The report will indicate any areas of policy concern and suggested or planned revision of investment strategies. The Committee shall report investment portfolio performance to the Council annually and shall ask the Council to review its investment strategies at least annually.

E. Internal Controls:

The Finance Director shall establish a system of internal controls, which shall be approved by the Committee. The internal controls shall be reviewed by an independent certified public accountant in conjunction with the annual examination of the financial statements of the City. The controls shall be designed to forecast cash flows, maximize the investment of available balances, fully report results of investment activities and prevent losses of public funds arising from fraud, employee error, misrepresentation by third parties, unanticipated changes in financial markets, or imprudent action by employees and officers of the City.

All purchases and sales of investment securities must be authorized by the City Manager and Clerk/Treasurer, or in one's absence, the Deputy Treasurer. All bank accounts shall be reconciled on a monthly basis and shall be completed in a reasonable time after the receipt of the monthly bank statement.

AUTHORIZED FINANCIAL INSTITUTIONS, DEPOSITORIES, AND BROKER/DEALERS

A. Depositing of Funds:

All currency, checks, drafts or other funds in any form payable to the bearer, or endorsed for payment, shall be promptly deposited in an approved Depository, so designated by the Council.

Designation by the Council shall be given only when the financial institution meets all Public Depository requirements provided for by applicable State and Federal laws and regulations, and the following additional criteria:

1. Deposit Insurance:

The financial institution is a member of the Federal Deposit Insurance Corporation (FDIC) and deposits made with the financial institution are insured to the maximum permitted by the FDIC.

2. **Depository Agreement:**

Any financial institutions acting as a depository for the City must enter into a “depository agreement” requiring the depository to:

- a. Pledge collateral to secure amounts over and above guaranteed amounts. All securities serving as collateral shall be specifically pledged to the City (not as part of a pooled fund) and placed in a custodial account at a Federal Reserve Bank, a trust department of a commercial bank, or through another financial institution. The custodian may not be owned or controlled by the depository institution or its holding company unless it is a separately operated trust institution.
- b. Require the custodian to send statements of pledged collateral to the City Finance Director on a monthly basis.
- c. Annually, provide the City its audited financial statements.
- d. Provide the City normal banking services, including, but not limited to: checking accounts, wire transfers, purchase and sale investment securities and safekeeping services. Fees, if any, shall be mutually agreed to by an authorized representative of the depository bank and the City Clerk/Treasurer.

B. Preferences for Local Financial Institutions:

All else being equal comparing financial institutions meeting the criteria set forth, the City Council will give preference in selection to those financial institutions who maintain offices in the immediate area.

COLLATERALIZATION

A. Collateral Required:

All City funds held in City Depositories which are not held in investment securities registered in the name of the City shall to the extent they exceed federal deposit insurance and state public deposit security fund coverage limits, be collateralized as provided in this Section. The City will minimize the amount of time that cash and investments are held at any given bank exceeding \$500,000, understanding that certain times during the year, it may be temporarily unavoidable to not exceed these dollar amounts due to fluctuating cash flows, and depository requirements.

B. Form of Collateral:

Except as provided in Subparagraph a. of Subsection C.1. of this Section, collateral shall be pledged in the name of the City and must be one of the following:

1. Securities of the U.S. Treasury or U.S. Governmental Agency as defined by the Federal Reserve. If held herein, the collateral may consist of any reserves deemed acceptable by the Federal Reserve Bank to meet other reserve requirements of the Depository provided it is held in a sub-account which names the City as beneficiary.
2. U.S. government guaranteed securities such as those issued through the Small Business Administration, provided they are fully guaranteed.

3. General obligations of states or municipalities provided they are rated in the highest or second highest rating categories by Moody Investors Service, Inc., Standard and Poor's Corporation or Fitch Investors Service, L.P.

C. Valuation of Collateral:

1. Valuation: Collateral must be marked to market not less frequently than monthly and its value reported on the monthly statement.
2. Sufficiency: The value of the collateral must equal 105% of the amount requiring collateralization. Additional collateral is to be requested when the monthly statement indicates a deficiency.

D. Substitution of Collateral:

Collateral agreements are to prohibit the release of pledged assets without the authorization of the Finance Director, however, exchanges of collateral of like value are to be permitted.

AUTHORIZED INVESTMENTS

Funds of the City which are not immediately needed for payment of obligations shall be invested to the greatest extent practical, in accordance with applicable Statutes, if the funds have been appropriated for the payment of debt service, and California Statutes, if the funds are to be used for any other purpose. The following investment securities are permitted to be used:

1. U.S. Treasury Obligations and Government Agency Securities.
2. Certificates of Deposit.
3. Municipal General Obligations.
4. LAIF.
5. Repurchase Agreements.
6. Operating Bank Account.
7. Money Market Funds.
8. Commercial Paper.
9. Bonds rated in the highest or second highest rating category.

INVESTMENT TRANSACTIONS & PARAMETERS

A. Co-mingling of Funds:

The Clerk/Treasurer may pool cash from several different funds for investment purposes, provided such co-mingling is permitted by law, and records are maintained which show that interest earned on such investments has been fairly allocated to each originating fund.

B. Securities Firms:

The Clerk/Treasurer is authorized to execute purchases and sales of Permitted Securities with City Depositories or with securities firms previously approved by the Committee, (the "Approved List"). Such firms must be licensed to conduct business in California, shall be a member of the National Association of Securities Dealers and the Securities Investor Protection Corporation.

C. Diversification:

The investment policy incorporates the investment strategy and as such, will allow for diversification of investments to the extent practicable considering yield, collateralization,

investment costs, and available bidders. Diversification by investment institutions shall be determined by an analysis of yield, collateral, investment costs, and available bidders. Diversification by types of securities and maturities may be as allowed by this policy and California State Statutes.

D. Maximum Maturities:

To the extent possible, the City will attempt to match its investments with anticipated cash flow requirements. However, the maximum maturities for any single investment shall not exceed five (5) years, except for reserve funds. The maximum dollar-weighted average maturity for pooled investments will not exceed three (3) years. Reserve funds may be invested in securities not to exceed ten (10) years if the maturity of such investments is made to coincide as nearly as practicable with the expected call date or final payment date, whichever is shorter. For securities with adjustable rate coupons, the average time to coupon reset will be used as a measure of average maturity.

APPROVAL OF INVESTMENT POLICY AND AMENDMENT

This investment policy is intended to clarify, amend, and supersede existing investment policies. The Committee is delegated the authority to amend this Investment Policy from time to time as it deems such action to be in the best interest of the City. Any such amendment shall be promptly recommended to the City Council for consideration. When amendment occurs, any investment currently held that does not meet the guidelines of the amended policy, shall be temporarily exempted from the requirements of this policy. Investments must come in conformance with the amended policy within six (6) months of the policy's adoption or the Committee must be presented with a plan through which investments will come into conformance.

FUND BALANCE POLICY

The establishment of a formal fund balance policy is an important component of the City's financial management policy. Maintaining appropriate levels of fund balance is a key element of the City's overall financial health. This policy is intended to set targets for the desired level of fund balances, identify the approach to maintain these levels, and to provide guidelines for the use of fund balance.

- A. To insulate the City from large, unanticipated one-time expenditures or revenue reductions resulting from external changes.
- B. To provide funds to allow the City to respond to unforeseen emergencies.
- C. To provide sufficient working capital to eliminate the need for short-term borrowing due to the timing of the receipt of short-term receivables and the remittance of short-term payables.
- D. To strive to maintain a general fund balance equal to or above 20% of budgeted general fund appropriations. In determining the acceptable range of general fund balance, the City considered the following factors:
 - 1. Historical stability of the City's revenues and expenditures.
 - 2. Timing of revenue collections in relation to payments made for operational expenditures.
 - 3. Anticipated growth in the services to be provided City residents.

- E. Apply any operational surplus at the end of any fiscal year to the reserve for working capital if necessary to meet policy minimums.
- F. Eliminate the budgeted use of fund balance if its use would reduce the available balance below policy minimums.

FUND BALANCE AND RESERVE FUND REQUIREMENTS

The City recognizes that fund balances are targeted objectives to ensure the long-term stability of the City's finances. From time to time, upon City Council authorization, the funds may not contain the stated goal. This is done with the understanding that it is in the best interests of the taxpayers and most cost effective manner to utilize the reserve funds.

The City also recognizes that in some instances, it will take time to build the fund balances to the desired level. The timeframe for achieving the desired level is balanced with the short and long term financial considerations of the City.

- A. General Fund - The fund balance shall not be less than 20% of the budgeted general fund appropriations as approved by the City Council as of July 1 of each year. Any excess shall be allocated and approved by the City Council upon completion of the annual audit of City financials. Amounts over the 20% will be allocated as deemed necessary into designated reserve accounts by the City Council

DEBT MANAGEMENT POLICY

Debt can be an effective way to finance capital improvements. State statutes limit the amount of general obligation debt a governmental entity may issue to five percent of its total equalized valuation. Properly managed debt preserves credit ratings, provides flexibility in current and future operating budgets, and provides long-term assets that maintain or improve our quality of life. To provide for the appropriate issuance and responsible use of debt, the City has adopted the following (below) debt management policy objectives.

- A. Long-term debt will be issued only for objects or purposes having a period of probable usefulness of at least five years.
- B. Short-term debt should be limited, but may be issued whenever appropriate for objects or purposes having a period of probable usefulness of at least five years, when deemed financially prudent.
- C. Debt maturity will not exceed the lesser of: the useful life, or the period of probable usefulness of the object or purpose so financed.
- D. The annual operating budgets of all funds will be maintained so as to ensure the full and timely repayment of debt principal and interest due that year.
- E. The total amount of outstanding debt will comply with State Statutes.
- F. Good communications will be maintained with bond rating agencies, bond counsel, banks, financial advisors, and other involved in debt issuance and management.
- G. Comprehensive annual financial reports and official statements will reflect the City's commitment to full and open disclosure concerning debt.

CAPITALIZED FIXED ASSETS POLICY

The purpose of this policy is to establish a general policy for Capitalized Fixed Assets including standards for valuation of assets with a useful life greater than one-year. This policy applies to the purchases of all departments and divisions of the City of Kingsburg. The provisions of California Statute take precedence over any portion of this policy that may be in conflict. More restrictive procurement procedures required by grants, aids, statutes or other external requirements or funding sources will take precedence.

- A. The Fixed Assets Account Group shall include general fixed assets, i.e., non-infrastructure assets. Infrastructure assets are assets that are immovable and of value only to the City government, e.g., buildings, sewers, and streets. As a general rule, "capitalized" items maintained within the Fixed Assets Account Group shall have an expected useful life greater than one year and a purchase, donated or assessed value equal to or greater than \$5,000. For computer equipment, initial operating software shall be included but subsequent operating software and application software shall be excluded.
- B. Generally repairs will not qualify for changing the initial capitalized value. Only major replacements of components and/or additions which significantly change the initial capitalized value or significantly extend the expected useful life of any capitalized item shall be considered in order to substantiate any subsequent year value change of an asset maintained within the Fixed Assets Account Group.
- C. Encumbrances are commitments related to requisitions or contracts that have been issued, but for which no goods or services have yet been received. Encumbrances are recorded as they occur for budgetary control purposes.

The issuance of a purchase order requisition or the signing of a contract creates an encumbrance of the amount required to be paid during the current year. This amount is no longer available for obligation or expenditure, unless the purchase order requisition or contract is canceled. Encumbrance records shall be maintained by the City Finance Director.

ASSET VALUATION

Departments shall record long-term assets at historic cost or, if the cost is not readily determined, at estimated historic cost. Cost shall include applicable ancillary costs. All costs shall be documented, including methods and sources used to establish any estimated costs.

- A. Purchased Assets - the recording of purchased assets shall be made on the basis of actual costs, including all ancillary costs, based on vendor invoice or other supporting documentation.
- B. Salvage Value – the recording of purchased assets that are expected to be sold at retirement should be recorded with the historical estimated sale value if in excess of \$5,000. If sale value is less than \$5,000, normal depreciation for the useful life will be used.

- C. Self-Constructed Assets – All direct costs (including labor) associated with the construction project shall be included in establishing a self-constructed asset valuation. If a department is unable to specifically identify all direct costs an estimate of the direct cost is acceptable, but must be supported by a reasonable methodology.
- D. Donated Assets –Fixed assets acquired by gift, donation or payment of a nominal sum not reflective of the asset’s market value shall be assigned cost equal to the fair market value at the time of acquisition.
- E. Leased Property - Capital lease property should be recorded as an asset and depreciated as though it had been purchased.
- F. Dedicated Assets –Required installation by Developer of public improvements, including but not limited to sanitary service mains, manholes, laterals and all appurtenances, water mains, laterals, hydrants, valves and all appurtenances, storm sewers, stormwater management measures, streets, curb and gutter, street lights, street signs, sidewalks will be dedicated to the City upon completion. Recording of infrastructure assets will be made on the basis of actual costs, including all ancillary costs, based on vendor invoice or other supporting documentation provided by the Developer.

PURCHASING & EXPENDITURE/EXPENSE POLICY

Goal

Expenditure/expenses are a rough measure of a local government’s service output. While many expenditures/expenses can be easily controlled, emergencies, unfunded mandates, and unanticipated service demands may strain our ability to maintain a balanced budget. To ensure the proper control of expenditures/expenses and provide for a quick and effective response to adverse financial situations, the City of Kingsburg has adopted the expenditure/expense policy. The controls and procedures set forth are intended to provide reasonable assurance that the lowest cost, highest quality good or service is obtained, while balancing the need for flexibility and efficiency in departmental and City operations.

Coverage

This policy applies to the purchases of all departments and divisions of the City of Kingsburg. The provisions of California Statute take precedence over any portion of this policy that may be in conflict. More restrictive procurement procedures required by grants, aids, statutes or other external requirements or funding sources will take precedence.

Ethical Standards

1. All procurement shall comply with applicable federal, state and local laws, regulations, policies and procedures.
2. Employees are not to engage in any procurement related activities that would actually or potentially create a conflict of interest, or which might reasonably be expected to contribute to the appearance of such conflict.

3. No employee shall participate in the selection, award or administration of a contract if a conflict of interest would be involved. Such a conflict would arise when the employee, any member of his immediate family, business partner or any organization that employs, or is about to employ, any of the above, has a financial interest or other interest in the firm selected for award.
4. To promote free and open competition, technical specifications shall be prepared to meet the minimum legitimate need of the City and to the extent possible, will not exclude or discriminate against any qualified contractors.
5. No employee shall solicit or accept favors, gratuities, or gifts of monetary value from actual or potential contractors or subcontractors.
6. Employees must maintain strict confidentiality in the procurement process and shall not impart privileged information to any contractors that would give them advantage over other potential contractors.
7. Personal purchases for employees by the City are prohibited. City employees are also prohibited from using the City's name or the employee's position to obtain special consideration in personal purchase.

General Guidelines

1. Purchases are classified into the following major categories:
 - a. Goods (tangible items): e.g. equipment, supplies, vehicles
 - b. Services: items requiring outside labor, maintenance agreements, etc.
 - c. Construction of public buildings and improvement
2. Purchasing Oversight
 - o Department heads are responsible for procurement issues in their individual departments. Departments are to insure that the purchase order requisitions are entered prior to purchases, receipts are collected and recorded, and the requisition is put through for payment and will be responsible to respond to questions on the payment or non-payment of the item.
3. Expenditures/expenses and purchase commitments will be made in a form and process that is legal, appropriate, funded, authorized and sufficiently documented.
4. Expenditures/expenses and purchase commitments will be recorded in an accurate and timely fashion.
5. For items that are purchased regularly or by multiple departments, departments are encouraged to use cooperative purchasing or purchasing in bulk in order to reduce City costs.

1. Purchases under \$1,000

Purchases under \$1,000 may be made with the approval of City Department Heads prior to making the purchase.

Budgeted Supplies, Services and Equipment

Purchases of budgeted supplies, services and equipment in an amount up to one-thousand dollars (\$1,000.00) shall be made only by purchase order approved by the department head.

Unbudgeted Supplies, Services and Equipment

Purchase of supplies, services and equipment not contained in the annual budget in an amount up to one thousand dollars (\$1,000.00) shall be made only by purchase order approved and signed by the department head and the City Manager or Finance Director.

Department heads are responsible for monitoring all purchases made using this procedure to ensure that the City is receiving a high value for its expenditures.

2. Purchases of at least \$1,000 and under \$5,000

Purchases of at least \$1,000 and under \$5,000 may be made with the approval of the Department Head prior to making the purchase.

Budgeted Supplies, Services and Equipment

Purchases of budgeted supplies, services and equipment between one thousand dollars (\$1,000.00) and five thousand dollars (\$5,000.00) shall be preceded by obtaining no less than two (2) quotations either received in writing or taken verbally and logged in writing from separate vendors for compatible items. Such purchases shall be made by purchase order with the approval of the City Manager or Finance Director.

Unbudgeted Supplies, Services and Equipment

Purchases of supplies, services and equipment not contained in the annual budget between one thousand dollars (\$1,000.00) and five thousand dollars (\$5,000.00) shall be with the approval of the City Council after presenting no less than two (2) quotations either in writing or taken verbally and logged in writing from separate vendors for compatible items.

The purchase order requisition for the item must be entered into the City's Finance Director within 4 days of making the purchase. If the selected vendor did not offer the lowest price, the request should include an explanation of why another vendor was chosen.

3. Purchases of a least \$5,000 and less than \$25,000

Budgeted Supplies, Services and Equipment

Purchases of budgeted supplies, services and equipment between five thousand dollars (\$5,000.00) and twenty-five thousand dollars (\$25,000.00) shall be preceded by two (2) written quotations from vendors. On a case by case basis the City Manager shall direct whether or not the formal bid process shall be used. If no formal bid process is directed such purchases shall be made by purchase order with the approval of the department head and the City Manager.

Unbudgeted Supplies, Services and Equipment

Purchases of supplies, services and equipment not contained in the annual budget between five thousand dollars (\$5,000.00) and twenty-five thousand (\$25,000.00) shall

be preceded by two (2) written quotations from vendors. On a case by case basis the City Manager shall direct whether or not the formal bid process shall be used. If no formal bid process is directed such purchases shall be made by purchase order with the approval of the department head and the City Manager. In either case, formal bids or not, unbudgeted purchases shall be made only with the approval of the City Council.

If the selected vendor does not offer the lowest price, the request should include an explanation of why another vendor is recommended.

4. Purchases greater than \$25,000

Budgeted Supplies, Services and Equipment

Purchases of budgeted supplies, services and equipment greater than twenty-five thousand dollars (\$25,000.00) shall be preceded by three (3) written quotations from vendors. On a case by case basis the City Manager shall direct whether or not the formal bid process shall be used. If no formal bid process is directed such purchases shall be made by purchase order with the approval of the department head and the City Manager. If the selected vendor does not offer the lowest price, the request should include an explanation of why another vendor is recommended.

Unbudgeted Supplies, Services and Equipment:

Purchases of supplies, services and equipment not contained in the annual budget greater than twenty-five thousand (\$25,000.00) shall be selected through a formal bidding process. These purchases shall be made only with the approval of the City Council. If the selected vendor does not offer the lowest price, the request should include an explanation of why another vendor is recommended.

The Finance Director reviews the request to determine compliance with the City's budget and purchasing policy and makes a recommendation to the City Manager who may approve or reject the request.

This purchase order requisition must be included with the invoice and forwarded to the Finance Director for processing of the payment.

Purchases of Services

Whenever practical, the purchase of services should be conducted based upon a competitive process:

- Contractor services is defined as the furnishing of labor, time or effort by a contractor, usually not involving the delivery of specific goods or products other than those that are the end result of and incidental to the required performance. Examples of contractor service include: refuse and recycling collection, maintenance, mailing, or delivery services. Contractor services shall follow the competitive procurement policy for the purchase of goods subject to the same spending guidelines. The cost shall be determined by considering the maximum total expenditure over the term of the contract.

- Construction services is defined as substantial repair, remodeling, enhancement construction or other changes to any City owned land, building or infrastructure. Procedures found with in State of California Statute shall take precedence. In absence of guidance in these areas, construction services shall follow the competitive procurement policy for the purchase of goods subject to the same spending guidelines.
 - Combined Goods and Services in situations where the purchase combines goods and services (exclusive of construction and contractor services), such as many technology projects, the purchase shall be treated as a purchase of professional services.
 - Professional services is defined as consulting and expert services provided by a company, organization or individual. Examples of professional services include: attorneys, certified public accountants, appraiser, financial and economic advisors, engineers, architect, planning and design. Professional services are generally measured by the professional competence and expertise of the provider rather than cost alone.
1. If it is estimated that the service being solicited has a total cost of over \$25,000 a formal Request for Proposal may be used to solicit vendor responses. The department head shall be responsible for the preparation of all Requests for Proposal specifications, notices and advertising. Prequalification of proposers may be done at the discretion of the department head.
- The Purpose of an RFP is to solicit proposals with specific information on the proposer and the service offered which will allow the City to select the best proposal. The best proposal is not necessarily the proposal with the lowest cost.
 - Based upon the services or project and the magnitude of the outcome a selection committee may be advisable.
 - Requests for proposals shall be formally noticed. All notices and solicitations of proposals shall state the time and place of the proposal opening.
 - Information to be requested of the proposer should include : Number of years the proposing company has been in business, company's experience in the area of desired services, financial strength of the company, examples of similar services/projects completed, resumes of staff that will be associated with the project/service, list of references, insurance information. In addition the proposal should provide information about the City, scope of services requested and any outcomes. The proposal should also identify evaluation factors and relative importance.
 - Establish selection criteria and include this information with the RFP. It is generally advisable to establish a numeric ranking matrix. This reduces the subjective nature of the rating process.
 - Proposals should be solicited from an adequate number of qualified sources. Requests for proposal should be formally noticed. All notices and solicitations should provide the issue date, response due date, date and time of opening responses and a contact person.

- Proposals shall be opened and recorded with a tabulation of proposals received shall be available for public inspection. All proposal documentation shall be placed on file with the City Clerk. The Department Head and selection committee (if applicable) will then review the proposals and make a recommendation to the City Council.
 - Service contracts or agreements should be reviewed by the City Insurance Company and the City Attorney and placed on file with the City Clerk.

Sole Source Purchasing Policy

Sole source purchasing should be avoided unless it is clearly necessary and justifiable. The justification must withstand the scrutiny of the City Council and the public. The Department Head is responsible for providing written documentation justifying the valid reason to purchase from one source or that only one source is available.

Sole source purchasing criteria include:

1. Urgency due to public safety, serious injury, financial or other unusual and compelling reasons.
2. Goods or service is available from only one source and no other good or service will satisfy the City's requirements
3. Legal services provided by an attorney
4. Lack of acceptable bids or quotes
5. An alternate product or manufacturer would not be compatible with current products resulting in additional operating or maintenance costs
6. Standardization of a specific product or manufacturer will result in a more efficient or economical operation
7. Aesthetic purposes or compatibility is an overriding consideration
8. Purchase is from another governmental body
9. Continuity achieved in a phased project
10. Supplier or service demonstrates a unique compatibility not found elsewhere Sole source purchases follow the same necessary approval process as described above under the purchasing of goods.

Petty Cash Policy

The City maintains a petty cash account to expedite the miscellaneous purchases and payment of small bills. Petty cash funds are available at City Hall.

To be eligible to use the petty cash fund, the following requirements must be met:

1. The item to be purchased must not be regularly stocked
2. The employee must have a petty cash slip completed which includes the item(s) to be purchased, the amount of petty cash needed and the account number the purchase is budgeted to.

Upon completion of the purchase, the employee must return the receipt and any change to the Finance Director/Designee. The designee in charge of the petty cash funds is responsible to enter in all the petty cash expenditures using a purchase order requisition in order to receive a replenishment of petty cash funds.

Employee Reimbursement Policy

If the need arises to purchase an item for the City with personal funds, the employee must submit the receipt and an Expense Reimbursement Form to the Finance Director. This form should include a detailed listing of the items purchased and must be signed by the employee to be reimbursed, his or her Department Head and the Finance Director. It is the responsibility of the employee making the purchase to ensure that any available discounts are applied and that sales tax is not included, when applicable.

Credit Card Policy

The City maintains a credit card account that may be used when it is impractical or inefficient to follow the normal payment process. The Finance Director shall administer the use of the City credit card. To use the City credit card, the employee must have a purchase order requisition form completed and signed by the Department Head. The requisition will include the item(s) to be purchased, the limit of funds to be spent and the account number the purchase is budgeted to. Upon completion of its use, the credit card shall immediately be returned to the Finance Director along with the receipt and the purchase order requisition.

The use of these cards shall be strictly for the purchase of approved goods. Employees using the credit cards are responsible for any credit, returns or disputes regarding purchases made by the employee. If a return or credit is made, you must notify the Finance Director.

At no time is the credit card user permitted to use the City credit card for any purchases not on an approved purchase order requisition, without permission or for a transaction that is personal in nature. Misuse of the credit card will result in revocation of privileges of the credit card for future purchasing and, if necessary, appropriate disciplinary action will be taken. Liability for misuse of these cards shall accrue directly to the credit card user, and not the City.

Employees authorized to use a City credit card are responsible for lost or stolen cards. If a card is lost or stolen, immediately report the incident to the Finance Director and they will contact the credit card company.

Receiving and Inspection Policy Department Heads, or their designees, are responsible for receiving to their departments to ensure that items received conform to the specifications and quantities set forth in the purchase order requisition. All deliveries should be thoroughly inspected to ensure that materials are received in satisfactory condition. If there are any discrepancies, the Department Head or designee should contact the vendor and resolve the issue before submitting the invoice for payment. When items are sent in multiple shipments, the department should clearly indicate which items have been received and accepted when approving the invoice for payment.

Billings

All billings are to be handled through the Finance Director. It is the responsibility of each department to notify the Finance Director of all billings that need to occur.

Emergency Purchases Policy

When an emergency situation does not permit the use of the competitive purchasing process, the City Manager may determine the procurement methodology most appropriate to the situation. Appropriate documentation of the basis for the emergency should be submitted to the Finance Director within five (5) working days after making the purchase.

The City Mayor with the concurrence of one other council member may authorize the City Manager in writing to incur expenditures of not more than \$25,000 under emergency situations when the health, safety and welfare of the employees or residents of the City or their property are threatened and time constraints do not permit normal City Council expenditure approval. If the City Mayor is not available the Mayor Pro-tem of the City Council with the concurrence of one other council member may act in the City Mayor's absence to authorize the emergency expenditure. If neither the Mayor nor the Mayor Pro-tem of the City Council are available any two council members shall have the authority to authorize any emergency expenditure under the provisions of this section. The City Council shall be notified of the emergency expenditure within 48 hours and at the next regularly scheduled Council meeting and shall be provided a copy of the written authorization required by this section.

Purchasing Authority

- The City Manager may make purchases of single items or amounts the purchase price of which is less than \$7,500. The City Manager may make purchases of commodities such as gas, diesel fuel, sand and gravel, asphalt and tar, cement, paving and crack filling materials and associated rental equipment, and drainage and sanitary sewer supplies such as culvert, pipe, and associated rental equipment for projects that are approved in the annual budget, providing that the purchases of single items or amounts in the foregoing categories do not exceed \$15,000.
- The City Manager has the authority with the advice and consent of the City attorney to settle property damage claims against the City which are less than \$5,000 and for which the City would appear in the opinion of the City attorney to have partial or total liability providing the claimant signs a release of liability in form approved by the City attorney. Any such claims under \$5,000 which are settled by the City manager shall be routinely reported to the City Council for informational purposes.
- The City Manager has the authority to make purchases/payments of landfill tipping fees, vehicle and building repair and maintenance, property insurance premiums, custodial and janitorial contracts, consultant contracts, equipment maintenance contracts and legal fees providing the purchases of single items or amounts in the foregoing categories does not exceed \$10,000.
- The City Manager has the authority to purchase equipment replacement and capital items up to the amount approved by the City Council and reflected in budget supplementary information.
- The City Manager has the authority to make payment on accounting and auditor fees not to exceed the amount provided in the budget supplementary information.

BILLING/ACCOUNTS RECEIVABLE COLLECTION POLICY

The establishment of a formal Billing/Accounts Receivable Collection policy is an important component of the City's financial policy and management efforts.

- A. The City shall not sell municipal materials (goods or supplies) to third parties unless authorized by the City Manager.
- B. The City reserves the right to require cash payment prior to the sale of any goods or services.
- C. Due diligence will be conducted by City staff for the collection of receivables. Accounts will be considered delinquent upon reaching 30 days beyond the date of the invoice or upon the first day after the due date as per the invoice. Invoices overdue will accrue appropriate penalties as defined by the Clerk/Treasurer and/or the Finance Committee.
- D. Accounts considered for writing-off are those that cannot be collected because of the inability to locate the party owing the City money, the party has filed for bankruptcy, or the expense of collecting the delinquent funds owed to the City exceed the amount of the delinquency.
- E. Delinquent personal property tax bills that become a year overdue and are determined to be uncollectible by the Clerk/Treasurer will be presented to the Finance Committee and authorization to write-off will be required for any amounts over \$1,000. Delinquent personal property is exempt from any administrative fees or interest charges, as the interest and penalties associated with delinquent personal property taxes are set forth in state statutes.

SEGREGATION OF DUTIES & FINANCIAL CONTROLS POLICY

The City has established a system of internal financial controls to carry out its operations in an economical, efficient, effective and orderly manner. The primary objective of the internal control system is appropriate segregation of duties.

- A. Staff who create purchase orders shall not approve those purchase orders. That is, a person independent of the purchase order creation, must approve the purchase order.
- B. Staff who create purchase orders may approve receipt of goods for those purchase orders. However, where a variation to the original purchase order occurs, it must be approved by a person independent of the variation to the order.
- C. Staff who enter accounts payable invoices shall not approve payment of those invoices. A person independent of the invoice entry process must approve invoice payments. Payable checks shall be mailed by a person other than the person who created the checks.
- D. Staff who create accounts receivable invoices may also process credit notes and debt write-offs. However, these transactions are supported by documentation with sign-off authorized delegates, who do not have access to create account receivable invoices.
- E. Staff who create general journals and other system journals shall not approve those journals for posting to the general ledger. The City Manager, who is independent of the journal creation process, shall approve the posting of journals.

- F. Users with access to create accounts receivable invoices have retained access to add or change customer records in the address book. The City understands and recognizes the risk associated with this particular duty.
- G. Staff shall have a preference for system controlled on-line transactional environments with appropriate security and audit trails.
- H. Staff shall have end to end responsibility for any series of financially related transactions to be distributed among two or more staff members or departments.
- I. Non-compliance with established procedures are reported directly to the City Manager and the Finance Committee.
- J. At a minimum, payroll shall be reviewed by the appropriate designee by: Scanning the names of those paid for people who have been terminated or not hired, scanning the amounts paid to people to make sure they look reasonable in amount, and to review hours worked to validate that they are reasonable hours for the person doing the job.
- K. No one individual is to handle a cash transaction from receipt to deposit. If a department is unable to separate the receipt of cash and deposit function due to staffing limitations, a responsible employee independent from these functions (normally a department head or administrative senior employee) must be designated to verify that the total amount received equals the total amount deposited. This should be done daily, but no less than once a week.
- L. All deposits should be made intact; department receipts should never be used to replenish petty cash or other funds.
- M. All security and bid deposits received in negotiable form and escrowed funds or other funds requiring specialized handling should be held in the main vault at City Hall.
- N. The general operating standard for deposit of negotiable funds, cash and checks, to the primary depository shall be within twenty-four hours of receipt of those funds. Departments should weigh reasonableness and practicality versus security in determining the timing for the deposit of smaller amounts. All deposits not made daily should be held in a secured location such as a safe or vault.
- O. Segregation of deposit duties: The Clerk/Treasurer and/or Deputy Treasurer shall have the responsibility for creating all deposits for the City. The actual delivery of the deposits (in a sealed envelope) shall be the responsibility of the Finance Director or their designee.

GLOSSARY

Glossary:

Accounts Payable. A liability account reflecting amounts owed to persons/organizations for goods and services received

Accounts Receivable. An asset account reflecting amounts owing from persons and organizations for goods and services provided

Accrual Basis. A method of accounting that recognizes the financial effect of transactions when they occur as opposed to when cash is actually received or spent

Adopted Budget. A budget that has been prepared and reviewed in accordance with State law and has been duly adopted by City Council

Allocate. To set aside portions of budgeted expenditures that are specifically designated for a certain purpose

Annual Budget. A budget covering a single fiscal year (July 1 to June 30)

Appropriation. A legal authorization by the City Council to make expenditures and incur obligations for a specific purpose

Assess. To establish an official property value for taxation

Assets. Property owned by the City which has monetary value

Attrition. A method of achieving a reduction in personnel by not refilling the position vacated through resignation, reassignment, transfer, retirement, or means other than layoffs

Authorized Positions. Employee positions that are authorized in the adopted budget for the fiscal year

Balanced Budget
A budget in which each fund's beginning of the year cash balances plus the fund's projected annual revenues are equal to the annual expenditure appropriation of each fund

Base Rate. A fixed monthly utility charge that includes customer charges and usage charges that are independent of other charges and/or adjustments such as riders

Basis of Accounting. A term used to describe when revenues, expenditures, expenses and transfers are recognized in the accounts and reported on the financial statements, specifically relating to the timing of measurements

Basis of Budgeting - Basis of budgeting refers to the method used for recognizing revenues and expenditures in budget. The City uses the modified accrual basis of accounting for budgetary purposes, which is in compliance with Generally Accepted

Accounting Principles.

Beginning Fund Balance - Fund balance available in a fund from the end of the prior year for use in the following year.

Bond. A written promise to pay a specified sum of money (called the face value or principal amount) at a specified date or dates in the future called the maturity date(s), together with periodic interest at a specified rate

Bond Market. The term used to describe the method of obtaining financing by issuing bonds through either competitive or negotiated methods. The market rate for bonds is determined by prevailing rate of similar issues from other municipalities

Bond Rating. A rating (made by an established bond rating company) from a schedule of grades, indicating the probability of timely repayment of principal and interest on bonds issued

Bond Indenture. A legal and binding contract between a bond issuer and the bondholders. The indenture specifies all the important features of a bond, such as its maturity date, timing of interest payments, method of interest calculation, callable/convertible features if applicable and so on. The indenture also contains all the terms and conditions applicable to the bond issue.

Glossary:

Bond Refinancing (Refunding). The payoff and re-issuance of bonds, to obtain better interest rates and/or bond conditions

Budget. A plan of financial operation comprised of an estimate of proposed expenditures for a given period and the proposed means of financing them.

Budget Calendar. The schedule of key dates, which the City follows in preparation and adoption of its budget

Capital Assets. Items that are tangible, have an economic life greater than one year, and maintain their identities throughout their useful lives. Also known as fixed assets

Capital Improvements. Additions and/or replacements to the City's buildings, and infrastructure assets (e.g., highways, sewer and water lines, pumping stations, etc.)

Capital Outlay. Represents an expenditure designated for the purchase of fixed assets such as depreciation, machinery, equipment, or vehicles

Capital Project Fund. A fund created to account for financial resources to be used for acquisition or construction of major capital facilities

Capital Reserve. An account used to segregate a portion of the government's equity to be used for future capital program expenditures

Carry Over Balance. An amount of cash remaining at the end of a fiscal year after all of the year's financial obligations have been satisfied. The cash balance is "carried over" as the beginning cash balance of the next year

Cash Basis. A basis of accounting under which transactions are recognized only when cash is received or disbursed

CDBG. Community Development Block Grant; Federal entitlement program designed to benefit low and moderate income persons, specifically in the areas of housing and community development

Charges for Services. A charge or fixed rate for the purchase of an article or service including a variety of fees and charges. Examples include purchase of birth certificates, planning review fees, utility bills, etc.

Chart of Accounts. The classification system used by a city to organize the accounting for various funds

City Charter - Legal authority approved by the voters of the City of Kingsburg under the State of California Constitution establishing the government organization

City Council. The governing body of the City of Kingsburg. There are currently seven City Council members including one Mayor

City Manager. The chief executive

officer of the City of Kingsburg appointed by City Council

City Manager's Letter. The opening section of the budget, which provides the City Council and the public with a general summary of the most important aspects of the budgets, major changes, and the views and recommendations of the City Manager

CIP. Capital Improvements Program; A plan for capital outlay to be incurred each year over a fixed number of years to meet capital needs arising from the government's long-term needs

Collective Bargaining Agreement. A legal contract between the employer and a verified representative of a recognized bargaining unit for specific terms and conditions of employment (e.g., hours, working conditions, salary, fringe benefits)

Contingency. A budgetary reserve set aside for emergencies or unforeseen expenditures not otherwise budgeted

Contractual Services. An expenditure category that includes all services provided by outside and internal consultants and vendors.

CPI. Consumer Price Index; A statistical description of price levels provided by the U.S. Department of Labor. The index is used as a measure of the increase in the cost of living (i.e., economic inflation)

Glossary:

Cost of Service. A rate-making concept used for the design and development of rate schedules to ensure that the fixed rate schedules recover only the cost of providing the electric service at issue. This concept attempts to correlate the utility's costs and revenue with the service provided to each of the various customer classes

Crandall Swim Complex: Public Pool complex operated by the City with expenses funded through a JPA with the Kingsburg Joint Union High School District.

Debt Service. Debt service expenditures which include principal, interest, and collection fees

Debt Service Fund. A fund created to account for financial resources to be used for the payment of debt obligations of the City. Payments made by a Debt Service Fund include principal, interest, and trustee fees (if applicable) on City bonds

Deficit. The excess of an entity's liabilities over its assets or the excess of expenditures or expenses over revenues during a single accounting period

Department. A major unit of organization in the City comprised of subunits

Depreciation. Expiration in the service life of capital assets attributable to wear and tear,

deterioration, action of the physical elements, inadequacy or obsolescence. Depreciation is determined by allocating the cost of capital assets over the estimated useful lives of the assets on a straight-line basis

Distinguished Budget Presentation

Awards Program. A voluntary program administered by Government Finance Officers Association to encourage governments to prepare effective budget documents. This award is the highest form of recognition in governmental budgeting and represents a significant achievement

Distribution System. The portion of the transmission and facilities of an electric system that is dedicated to delivering electric energy to an end-user

Employee (or Fringe) Benefits. Contributions made by a government to meet commitments or obligations for employee fringe benefits. Included are the government's share of costs for Medicare and the various pension, medical, and life insurance plans

Encumbrances. Commitments related to unperformed contracts for goods or services

Enterprise Fund. A fund created to account for operations financed and operated in a manner similar to private business enterprises (e.g., water, electric, golf course). The expenses of an Enterprise Fund are usually financed or

recovered through user charges (e.g., golf fees)

Entitlements. Payments to which local governmental units are entitled, pursuant to an allocation formula determined by the agency providing the money, usually the State or the Federal government.

Estimated Revenue. Amount of projected revenue to be collected during the fiscal year

Expenditures. Cash payments for goods received, services rendered, or debt obligations

Fees - A charge to cover the cost of services (e.g., building inspection fee, zoning fee, etc.).

Final Budget. Term used to describe revenues and expenditures for the year beginning January 1 and ending December 31 adopted by Council

Financial Plan. A multi-year financial forecast of all revenues and expenditures of the City for all major funds. This forecast is the basis of the City's annual budget

Fiscal Policy. A government's policies with respect to revenues, spending, and debt management as these relate to government services, programs and capital investment. Fiscal policy provides an agreed-upon set of principles for the planning and programming of government budgets and their funding

Glossary:

Fiscal Year. A twelve-month period designated as the operating year for accounting and budgeting purposes in an organization. The City's fiscal year runs from July 1 – June 30.

Fixed Assets. Assets of long-term character that are intended to continue to be held or used, such as land, buildings, machinery, furniture, and other equipment. Also known as Capital Expenditures

Forecasting. A process of analyzing data to determine future trends

FTE. Full Time Equivalent; Ratio of total number of paid hours (part time or grant employees) to the number of working hours (2,080 hours for a full time employee) per year

Fund Balance. The difference between assets and liabilities reported in a fund. Also known as a Carry-over Balance or Retained Earnings

GAAP. Generally Accepted Accounting Principles; Rules and procedures that serve as the norm for the fair presentation of financial statements

Gas Tax Fund – This fund is required by State law to account for gas tax revenues received from the State and expended for construction and maintenance of City streets.

General Fund. Fund used to account for all financial resources except those required to be accounted for in another fund. The General Fund balance is available to the

City for any purpose provided it is expended or transferred according to the general laws of California and the Charter of the City

GFOA. Government Finance Officers Association; An organization that supports the advancement of governmental accounting, auditing, and financial reporting

GIS. Geographic Information System; Computer system that illustrates geographic details of land and/or property

Goal. A statement of broad direction, purpose or intent based on the needs of the community.

Governmental Fund. Fund generally used to account for tax-supported activities

Grants. A contribution by a government or other organization to support a particular function., depending upon the grantee

Independent Auditor's Report. The official written communication of the results of an audit. In a financial audit, the independent auditor's report typically will offer an opinion on whether a set of financial statements is fairly presented in conformity with GAAP

Indirect Cost. A cost necessary for the functioning of the organization as a whole, but which cannot be directly assigned to one service.

Infrastructure. An asset such as streets, water and sewer lines,

treatment facilities, traffic signals, etc.

Interfund Transfer. Flow of cash between funds of the same governmental entity

Intergovernmental Revenue. Revenue received from other governmental entities such as the county, state or federal government, most generally in the form of grants, taxes, or subsidies

Line-Item Budget. A budget prepared along departmental lines that focuses on individual accounts within each department, such as supplies

Long-Term Debt. Debt with a maturity of more than one year after the date of issuance

Maturities. The dates on which the principal or stated values of investments or debt obligation mature and may be reclaimed

Mission. A description of the scope and purpose of a specific entity

Modified Accrual Accounting. A basis of accounting in which expenditures are accrued but revenues are accounted for when they become measurable and available

Net Budget. The legally adopted budget less all interfund transfers and interdepartmental charges

Glossary:

Note. A written promise to pay a certain amount of money on a specific date with interest; a short-term debt. Most notes are one year or less

Obligations. Amounts which are owed including liabilities and encumbrances

Operating Expenses. Day-to-day expenses necessary for the maintenance of the enterprise. Operating expenses include payroll, employee benefits, depreciation, repairs, etc.

Operating Revenue. Revenue or funds received as income to pay for ongoing day-to-day operations

Output Indicator. A unit of work accomplished, without reference to the resources required to do the work. Output indicators do not reflect the effectiveness or efficiency of the work performed. (e.g., number of permits issued, number of refuse collections made, or number of burglary arrests made)

Performance Indicators. Specific quantitative and qualitative measures of work performed as an objective of specific departments or programs

Performance Measure. Data collected to determine how effective or efficient a program is in achieving its objectives

PERS. Public Employees Retirement System

Personal Services. An expenditure

category which includes all City employee salary and fringe benefit costs

Prior-Year Encumbrances.

Obligations from previous fiscal years in the form of purchase orders, contracts, or salary commitments which are chargeable to an appropriation, and for which a part of the appropriation is reserved. They cease to be encumbrances when the obligations are paid or otherwise terminated

Program. A group of related activities performed by one or more organizational units for the purpose of accomplishing a function for which the government is responsible

Program Budget. A budget which allocates money to the functions or activities of a government rather than to specific items of cost or to specific departments

Program Performance Budget. A method of budgeting whereby the services provided to the residents are broken down in identifiable service programs or performance indicators

Program Revenue (Income). Revenues earned by a program, including fees for services, license and permit fees, and fines

P3 Model. Public/Private partnership program that joins funding sources to reinvest in current infrastructure.

Real Property. Property which is land, buildings, or other capital

improvement which become an integral and connected part to the real property (an example is playground equipment).

Reserve. An account used either to set aside budgeted revenues that are not required for expenditure in the current budget year or to earmark revenues for a specific future purpose

Resolution. A special or temporary order of a legislative body; an order of a legislative body requiring less legal formality than an ordinance or statute

Resources. Total amounts available for appropriation including estimated revenues, fund transfers and beginning balances

Retained Earnings. The historically accumulated earnings of an enterprise fund less any amounts transferred to other funds not deemed for operational purposes

Revaluation. The process used by the assessor to place a new value on real property and improvements for determining the parcel's assessed value for property tax purposes. A revaluation is performed on all taxable properties in the same year

Revenue. Sources of income financing the operations of government

RFP. Request for Proposal

Glossary:

ROI. Return on Investment

Service Level. Services or products which comprise actual or expected output of a given program. Focus is on results, not measures of workload

Special Assessment. A levy made against certain properties to defray all or part of the cost of a specific capital improvement or service deemed to benefit primarily those properties

Special Assessment Fund. A fund created to account for the use of special assessment receipts

Special Revenue Fund. A fund created to account for financial resources which are designated for a specific operational purpose by local or state regulations

Strategic Plan. The document prepared by the City which defines the major issues and establishes a process to continually review and improve the City organization's vision of the community. The Strategic Plan provides the framework within which the overall direction of the City will be guided and against which policy decisions and issues will be measured

Structurally Balanced Budget. A budget in which all funds' expenditures are equal to or less than the amount of revenue projected for each budget year

Subsidy. Monetary assistance granted by a government to a person or group in support of a project or enterprise being in the public interest

Supplemental Appropriation. A legal authorization by the City Council to make expenditures and to incur obligations which are additional to

the authorization contained in the City's original annual appropriation

Taxes. Compulsory charges levied by a government for the purpose of financing services performed for the common benefit of the people. This term does not include specific charges made against particular persons or property for benefit, such as special assessments

Transient Occupancy Tax. A 12% tax is levied on charges for occupancy of hotel and motel rooms for stays of 30 days or less.

Transfers In/Out. Amounts transferred from one fund to another to assist in financing the services or purchases for the recipient fund transferring electric energy in bulk between points of supply and points at which it is transformed for delivery over the distribution system lines to consumers or is delivered to other electric systems

Trust Funds. Funds established to account for assets held for other City funds

Unencumbered Balance. The amount of money in a fund that is neither expended nor encumbered and is still available for future purposes

Unreserved Fund Balance. Portion of a fund's balance that is not restricted for a specified purpose and is available for general appropriation

User Charge or User Fees. Charges for service, the payments of a fee for direct receipt of a public service by the party benefiting from the service (e.g., greens fees, water bill payments)

Utility. A service or commodity used for

generation and transmission or distribution to the general public such as electricity, gas, or water. The City of Kingsburg has utility charges for water, gas, electric, and wastewater

Variable Cost. A cost that increases/decreases with increases/decreases in the amount of service provided

Working Cash. Excess of readily available assets over current liabilities, or cash on hand equivalents which may be used to satisfy cash flow needs

Workload Indicator. A unit of work to be done (e.g., number of permit applications received or the number of burglaries to be investigated)

Year-End. This term means as of June 30th (end of the fiscal year).

RESOLUTION NO. 2015-24

**A RESOLUTION OF THE CITY COUNCIL
OF THE CITY OF KINGSBURG
ADOPTING GANN LIMITATION
FOR FISCAL YEAR 2015/16**

BE IT RESOLVED by the City Council of the City of Kingsburg as follows:

1. The 2015/16 Gann Limitation was calculated, based on County Growth Percentage.

2015-16 Budget Figures	\$6,634,855
Appropriation Subject to Limitations	\$3,092,039
Under the Limit for the 2015-16 Budget	\$3,542,816

2. The City Council of the City of Kingsburg hereby adopts these factors and the limitation calculations set forth herein.

I, Sue Bauch, City Clerk of the City of Kingsburg, do hereby certify that the foregoing resolution was duly passed and adopted at a regular meeting of the Kingsburg City Council held on the 3rd day of June, 2015, by the following vote:

Ayes: Council Member(s): Creighton, Smith, Blayney, Roman, and Mayor Reilly

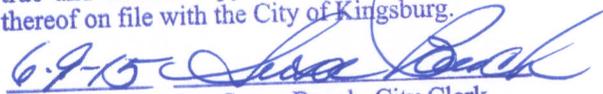

Noes: Council Member(s): None

Absent: Council Member(s): None

Abstain: Council Member(s): None

CITY CLERK'S CERTIFICATION
I, Susan Bauch, City Clerk of the City of Kingsburg, hereby certify that the foregoing is a true and correct copy of the complete original thereof on file with the City of Kingsburg.

Sue Bauch, City Clerk

Date Susan Bauch, City Clerk
City of Kingsburg
