## INTRODUCTORY SECTION

## *City of Kingsburg*

1401 Draper Street, Kingsburg, CA 93631-1908  
(559) 897-5821 (559) 897-5568

December 31, 2016

Honorable Mayor, Members of the City Council, and Citizens of the City of Kingsburg

**SUBJECT: Comprehensive Annual Financial Report - June 30, 2016**

We are pleased to submit the Comprehensive Annual Financial Report (CAFR) of the City of Kingsburg (City) for the fiscal year ended June 30, 2016. This report is published in accordance with local ordinance and state law requirements that financial statements be presented in conformity with Generally Accepted Accounting Principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants.

This report consists of management's representations concerning the finances of the City. Management assumes full responsibility for the completeness and reliability of all information presented in this report. In order to provide a reasonable basis for making these representations, management of the City has established an internal control framework designed both to ensure the assets of the government are protected from loss, theft or misuse, and to ensure adequate accounting data is compiled to allow for the preparation of the financial statements in conformity with GAAP. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. As a recipient of federal, state, and local financial assistance, the City is also responsible for ensuring that an adequate internal control structure is in place to ensure and document compliance with applicable laws and regulations related to the appropriate programs. This internal control structure is subject to periodic evaluation by management.

Price Paige & Company, a firm of licensed certified public accountants approved by the City Council, has audited the City's financial statements. The goal of the independent audit is to provide reasonable assurance that the financial statements of the City for the fiscal year ended June 30, 2016, were free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation.

Price Paige & Company concluded based upon the audit, that there is reasonable basis for rendering an unqualified ("clean") opinion that the City's financial statements for the fiscal year ended June 30, 2016, were fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

In addition, the City may be required to undergo an annual single audit in compliance with provisions of Title 2 U.S. Code of Federal Regulations. The report of the Single Audit is published separately from this CAFR

Generally accepted accounting principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found in the financial section of this document, immediately following the report of the independent auditor.

## **Profile of the City Kingsburg**

Located in the central San Joaquin Valley of California, the City of Kingsburg has a rich history as a settlement of Native Americans, a wild west outpost for outlaws and cattlemen, a farming community settled by people of Swedish decent and today as a diverse agricultural base town with a Swedish flair. The first known residents, the Nutununtu tribe, first encountered Europeans in 1773 when the Spanish explorer Pedro Fages explored the area and named the Kings River "Rio de los Santo Reyes" (English translation is "River of the Sainted Kings"). In 1871 Southern Pacific built a train depot in Kingsburg and named it "Kings River Switch". As a small settlement, it went by different names until the postal authorities and the Fresno Weekly Expositor reported the name Kingsburg in 1875. By the late 1870's the first Swedish settlers began to settle in Kingsburg. The Swedish colony mostly consisted of sober, hardworking men who began to replace stock raising with farming, and is thought to put an end to the Wild West atmosphere, which lasted until the as late as the 1910's. In 1908 Kingsburg incorporated and in the same election the citizens voted the saloons out. In 1921 a survey showed that 94% of the population within a 3 mile radius of Kingsburg was of Swedish decent. Kingsburg, known as the Swedish Village, continues to design many of its buildings with Swedish architecture. As a diverse and multicultural town today, Kingsburg's population is now estimated over 12,000 people and is known for farming of grapes and stone fruit. The Kings River brings summer recreation of fishing, boating, jet skiing and rafting. The Kings River Golf and Country Club boasts beautiful views of the river and is a championship 18 hole course. With 18 churches within its 2.8 square miles, Kingsburg is a family friendly safe community that prides itself on civic leadership and community engagement. Kingsburg is centrally located on Highway 99 between San Francisco and Los Angeles with the Sierra Nevada's to the east and the Pacific Coast to the west, all a short drive away.

The City delivers a full range of municipal services which include Police, Fire, Community and Economic Development, Recreation, Park Maintenance, and Public Utilities under the Council- Manager form of government. The City Council meets the first and third Wednesdays of every month. Policy making and legislative authority are vested in the City Council, which consists of a Mayor and four Council Members. The Mayor is a current City Council Member who is elected by the Council and serves a two year term. The Five Council Members are elected and serve four year terms. The City Manager is appointed by the City Council and is responsible for implementing policies and overseeing the day-to-day operations of the City.

The City Council is required to adopt a budget no later than the close of the prior fiscal year. The budget is prepared by fund (e.g. General Fund) and department (e.g. Police). After adoption, departmental adjustments may be done with the approval from the City Manager provided that there is no

change to the fund balance. Budget amendments to increase appropriations may be taken to the City Council for their approval throughout the year.

## **Local Economy**

The local economy has presented significant challenges for the City during the past several years while experiencing one of the most severe national recessions in history. The City's forward thinking leadership, strategic financial planning, cost-cutting measures, and careful allocation of resources enabled it to successfully weather this economic challenge.

The City is experiencing a slow recovery and has seen an increase to property values and sales tax revenues. This gives an indication that the economy is moving in the right direction. California's economic recovery continues to lag behind the nation, with respect to unemployment. While California has experienced some job growth, its current unemployment rate is still at 5.9%. The City is trying to gain traction as it experiences an unemployment rate of 10.4%, with Fresno County at 10.2%. This unemployment rate decline displays a good indication that there may be some job growth as it is essential in the recovery to our economy. Additionally, many unknowns remain as we anticipate the impacts of the current drought conditions on the local agriculture labor market. The City continues in promoting new Economic Incentive Programs to encourage new businesses to locate and expand to our city. For residential it continues to grow. Since October 2015, 379 housing unit completed or proposed with Kingsburg. These projects play a key role in continuing the City's recovery to a better economic health.

## **Long Term Financial Planning**

The City maintains an annual budget and it serves as the foundation for the City's financial planning and control. The objective of these controls is to ensure compliance with legal provisions embodied in the annual appropriated budget adopted by the City Council. The level of budgetary control (i.e. the level where the expenditures cannot legally exceed the appropriated amount) is maintained at the departmental level for the General Fund and at the fund level for all other funds. Department heads may transfer resources within a department as they see fit with the approval of the City Manager. The City Council may amend funds by an affirmative vote at any regular or special City Council Meeting.

The City Council has approved a standard set of financial policies. The fund balance in the General fund shall not be less than 20% of the budgeted general fund appropriations as approved by the City Council as of July 1 of each year. This policy provides increased protection against the uncertain dynamics associated with changes in the local economy.

The City remains focused on managing expenditures and monitoring revenues while keeping restoration in mind. It is with diligence and tenacity that the City strives to meet future goals of economic expansion and fiscal sustainability. The City will also focus on maintaining public safety needs and invest in the maintenance and replacement of aging infrastructure.

## **Major Achievements and Initiatives**

With the financial challenges we've faced, the City has been protective managing operational reserves throughout the current economic downturn. The City continues to work to reduce personnel and

benefit costs, along with increase costs of health insurance. Factors impacting local government are the changes to pension contribution rates. The City is currently in a position to make the lump sum payments which reduces the City's overall yearly pension expenditures. The renovation of the Historic Train Depot brings back the 1923 era. It will be used as an educational museum, serving over 25,000 school kids in the tri-county area.

In 2013, the city engaged in a strategic planning process that engaged the council members, employees and consultants outlining staffing & succession planning, financial stability, and managed development/Growth. The Council and staff reinvested in the strategic planning process in 2015. While the City has remained focused in managing its fiscal sustainability; one of its goals is to be able to reinvest in its employees.

The City has faced challenges but with the City's leadership and resourceful staff it has conquered those challenges and has developed strategies to create efficiencies and realize savings. This has enabled the organization to stay afloat during the economic downturn without severely impacting public services to the community.

### **Cash Management**

The City finance staff focuses on safety, liquidity and yield of investments. The highest priority of cash management and investments is to ensure adequate funds are available to meet the City's obligations and all investments are in safe instruments. Yield, while important, is considered in third priority after safety and liquidity. The City invests in the Local Agency Investment Fund (LAIF) operated by the state for the benefit of local governments.

### **Awards and Acknowledgments**

The City was honored to receive The Government Finance Officers Association Distinguished Budget Award in 2015 for the City's 2015-2016 budget. This award is given to local governments that have prepared budgets that exceed expectations and reflect the guidelines established by the National Advisory Council on State and Local Budgeting and the Government Finance Officer's Association (GFOA). The award reflects the commitment of the governing body and staff to meeting the highest principles of governmental budgeting.

The City received the Citizen Engaged Community (2015-2017) Award. This award is given by the Public Technology Institute and is given to communities and local governments who have quickly adapted to use technology in order to keep in contact with their citizens. The City of Kingsburg received this award in late 2015 and was one of nine cities in the country to receive such an award. Some of the other cities include Los Angeles CA, Philadelphia PA, and San Antonio TX.

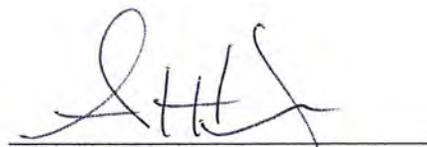

The City received the Constant Contact All Star Award (2015). This award is given to Constant Contact users who are within the top 10% in customer satisfaction, have regular communication with their audience, have a high rate of opened and clicked links, and low bounce rates. Constant Contact is the company that the City uses to send out the weekly Kingsburg Carrier (an email newsletter).

I would like to extend my thanks and appreciation to the City Council for their interest in and suggestions to the financial reporting of the City. The preparation of this CAFR could not have been accomplished without the efforts and dedication of the staff of the City's Finance Department. I extend

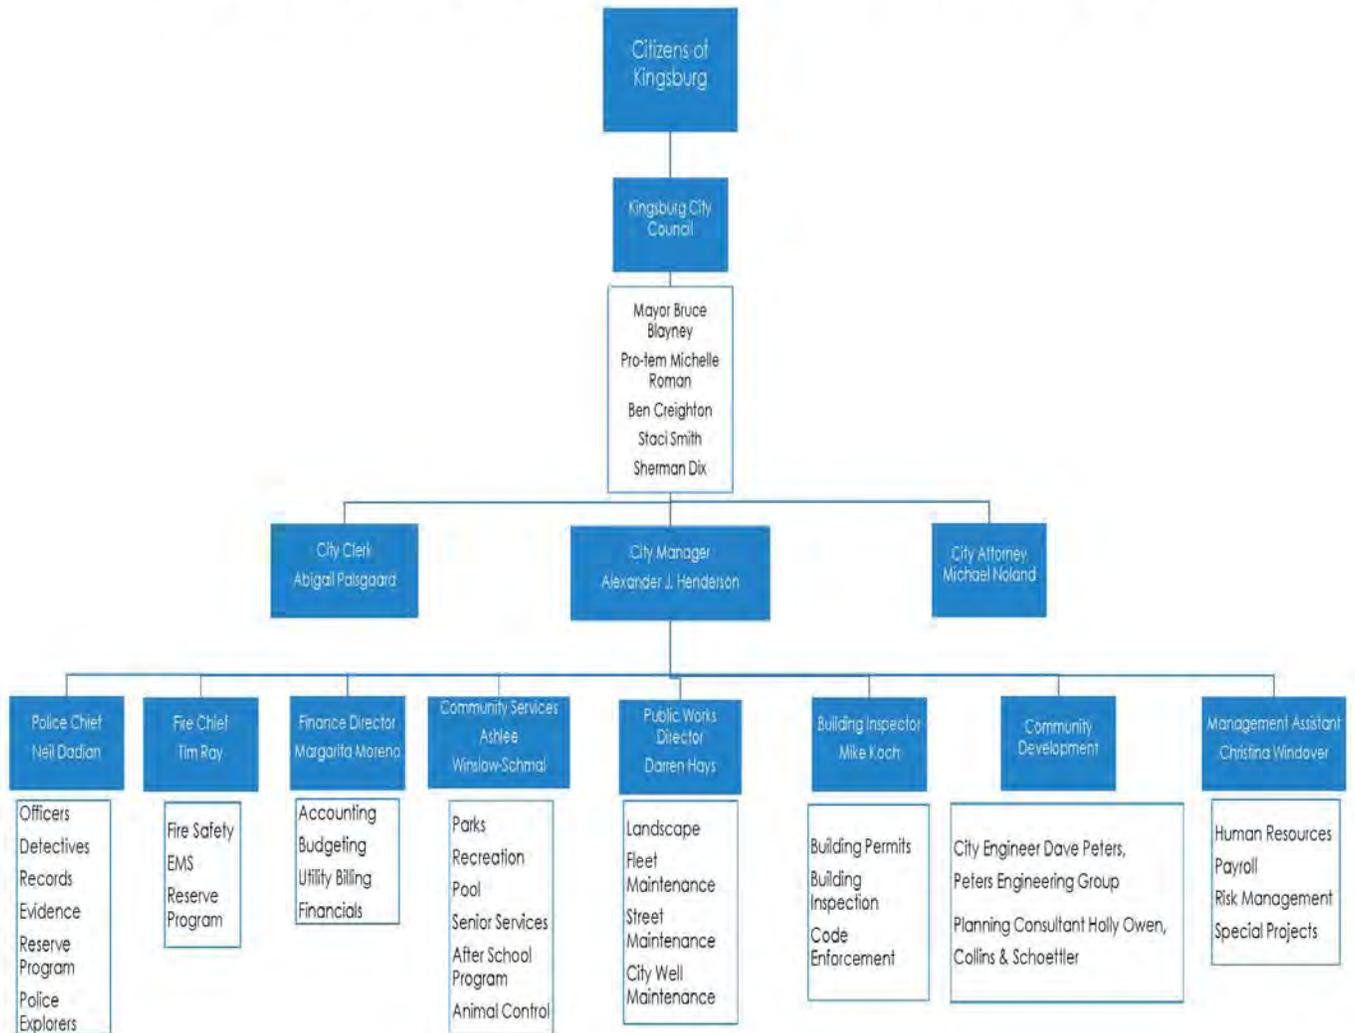

my appreciation to the staff and other personnel from various departments, agencies and authorities who assisted in the preparation of this report.

Respectfully submitted,

  
Margarita Moreno  
Finance Director

  
Alexander J. Henderson  
City Manager

## FINANCIAL SECTION

*THIS PAGE IS LEFT BLANK INTENTIONALLY.*

## INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and City Council  
City of Kingsburg, California

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Kingsburg, California (the City), as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Kingsburg, California, as of June 30, 2016, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3-11, the proportionate share of net pension liability on page 67, and the schedule of contributions on page 68 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Supplementary Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 12, 2016, on our consideration of the City of Kingsburg's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

*Price Pange & Company*

Clovis, California  
December 12, 2016

# MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2016

---

The management of the City of Kingsburg is pleased to present the following discussion and analysis that provides an overview of the financial position and activities of the City of Kingsburg as of and for the year ended June 30, 2016. The discussion should be read in conjunction with the financial statements and accompanying notes which follow this section.

## **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements which consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) the notes to the basic financial statements. The report also includes supplementary information intended to furnish additional detail to support the basic financial statements.

### Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *statement of net position* presents financial information on all of the City's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, parks and community services, public safety, public works, highways and streets, and planning and community development. The business-type activities of the City include Water, Disposal, and Ambulance.

The government-wide financial statements include the Kingsburg Public Financing Authority. Financial information for this component unit is reported separately from the financial information presented for the primary government itself. The Financing Authority, although legally separate, functions for all practical purposes as a department of the City, and therefore has been included as an integral part of the primary government.

The government-wide financial statements can be found on pages 14-15 of this report.

### Fund Financial Statements

Fund Financial Statements provide more detailed information about the City's most significant funds, not the City as a whole. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Some funds are required to be established by State Law or by bond covenants. Management establishes other funds to control and manage money for particular purposes or to show the City is meeting legal responsibilities for using certain taxes, grants, and other money. All the funds of the City can be classified as governmental, proprietary and fiduciary.

**Governmental funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on the near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. Such information is useful in evaluating a governments near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for the governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide reconciliation between governmental funds and governmental activities. This reconciliation explains the relationship (or differences) between the fund statements and the government-wide statements.

The City of Kingsburg maintains seventeen individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental statement of revenues, expenditures and changes in fund balances for the General, Local Transportation Funds, Kingsburg Public Finance Authority, Assessment Districts and Street Projects funds which are considered to be major funds. Data from the other funds are combined into a single aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The City adopts an annual appropriated budget for the City's funds. A budgetary comparison schedule has been provided for the General Fund and Local Transportation Funds to demonstrate compliance to this budget and can be found on pages 21-22.

The governmental fund financial statements can be found on pages 18-22 of this report.

**Proprietary funds.** The City has three enterprise funds, Water, Disposal, and Ambulance, which are used to account for operations that financed and operated in a manner similar to private business enterprises. Enterprise funds are used to report the same functions represented as business-type activities in the government-wide financial statements. The City utilizes enterprise funds to account for those activities that are supported primarily by user charges to external users. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the water, disposal, and ambulance, all of which are major funds. The basic proprietary fund financial statements can be found on pages 24-27 of this report.

**Fiduciary funds.** The City uses fiduciary funds to account for resources held for the benefits of parties outside the City. Fiduciary funds are not reflected in the government-wide financial statements because the City cannot use these funds to finance its operations.

The basic fiduciary fund financial statements can be found on pages 27-28 of this report.

#### Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes describe the nature of the City's operations and significant accounting policies and provide clarification regarding unique financial information. The notes to the financial basic statements can be found on pages 30-60 of this report.

#### Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found on pages 62-63 of this report.

The statements referred to earlier in connection with non-major governmental funds are presented immediately following the required supplementary information. Statements and schedules can be found on pages 68-88 of this report.

**Financial Highlights**

Government-wide financial highlights for the fiscal year ended June 30, 2016:

**I. Statement of Net Position**

Condensed Statement of Net Position

<u>2016</u>	<u>2015</u>	
\$ 35,783,038	\$ 34,475,432	Government-wide total assets at fiscal year ending June 30, 2016 increased by \$1,318,192 which is 3.68% higher than fiscal year ending June 30, 2015.
\$ 13,905,453	\$ 14,458,545	Government-wide total liabilities at fiscal year ending June 30, 2016 decreased by \$553,095 which is -3.97% more than fiscal year ending June 30, 2015.
\$ 375,903	\$ (186,529)	Net of Deferred Outflows/Inflows of Resources - Result of contribution to pension plan in current fiscal year, pension deferrals and loss of refunding of debt.
\$ 22,253,488	\$ 19,830,358	The Net Position (assets less liabilities) at fiscal year ending June 30, 2016 increased by \$2,466,004 which is 11.06% more than fiscal year ending June 30, 2015. The net position includes \$408,188 of deferred outflows/inflows of resources.

Total deferred inflows of resources	399,170	680,613	294,114	347,577	693,284	1,028,190
<b>Net Position:</b>						
Net investment in capital assets	11,917,893	11,010,739	6,432,895	6,998,393	18,350,788	18,009,132
Restricted	8,917,767	8,593,486	-	-	8,917,767	8,593,486
Unrestricted	(1,786,896)	(2,336,196)	(3,228,171)	(4,436,064)	(5,015,067)	(6,772,260)
Total Net Position	<u>\$ 19,048,764</u>	<u>\$ 17,268,029</u>	<u>\$ 3,204,724</u>	<u>\$ 2,562,329</u>	<u>\$ 22,253,488</u>	<u>\$ 19,830,358</u>

Of the total net position, \$18,350,788 or 82% is the City's investment in capital assets (e.g. land, buildings and improvements, machinery and equipment and infrastructure) less any related debt used to acquire those assets that is still outstanding.

The Statement of Net Position reflects a net effect of \$408,188 a separate section for deferred outflows of resources (asset) and a deferred inflow of resources (liability) for other pension related deferrals, and loss of refunding of debt.

GASB Statement No. 68 was issued to improve accounting and financial reporting by state and local governments for pensions. The net pension liability amount is \$5,568,697 and is described in Note 10.

Almost all the City’s long-term liabilities relate to the acquisition of capital assets. These capital assets are utilized to provide services to citizens and are not available for future spending. The repayment of the debt on these assets must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Restricted net position amounts to \$8,917,768 or 40% of the total. Restricted net position represents resources that are subject to external restriction imposed by the State on how they may be used.

Unrestricted net position represents resources which may be used to meet the City’s ongoing commitments to citizens and creditors. Governmental activities unrestricted net position is (\$1,755,563) while the business-type activities account for (\$3,216,631). The City can only use this amount to finance the continuing operations of the water, disposal, ambulance and building fees.

**Governmental Activities.** Governmental activities account for \$19,080,098 or 86% of the total government-wide net position. This is an increase of \$1,812,069 or 10% over the June 30, 2015 governmental net position ending balance.

**Changes in Net Position.** Below is a current year recap of the changes in net position. The full statement of Activities can be found on page 15.

	<u>2016</u>

Total governmental revenues for the year were \$7,146,182 with charges for services comprising of 10% of the total revenue. Taxes, which include property, sales and other taxes, account for \$4,126,666 or 58% of the City's governmental activities revenue.

Total governmental expenses for the year were \$4,551,113. Public Safety accounts for \$2,033,302 or 45% of the total governmental activities expenses, followed by General Government, Public Works, Parks and Community Services and Highway and streets with \$216,429, \$821,963, \$392,427 and \$572,459 or 5%, 18%, 9% and 13%, respectively.

**Revenues by Source-Governmental Activities**

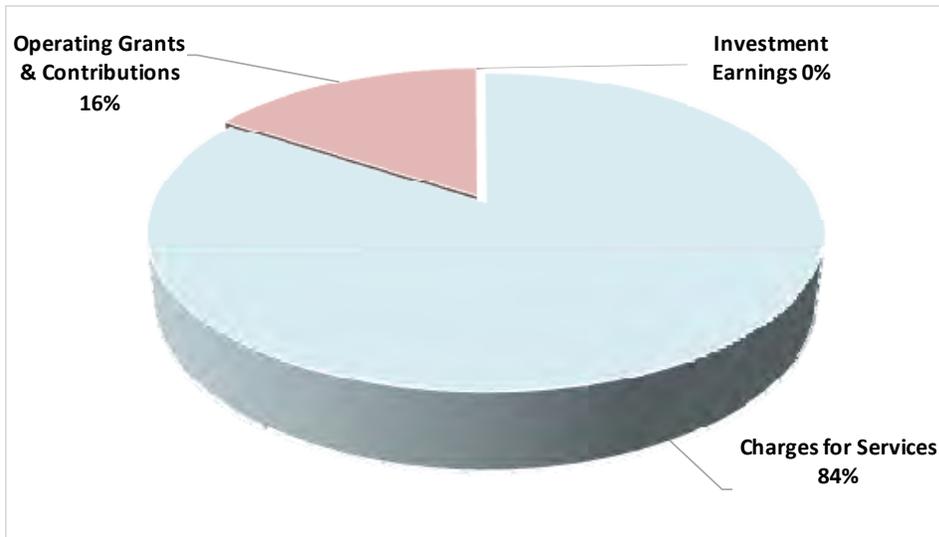

Program revenues which include charges for services, grant revenues and developer capital contributions account for \$2,695,152 or approximately 38% of the total governmental activity revenue. The amounts necessary to fully fund the governmental activity programs are made up by “general” revenues such as taxes, interest and developer fees.

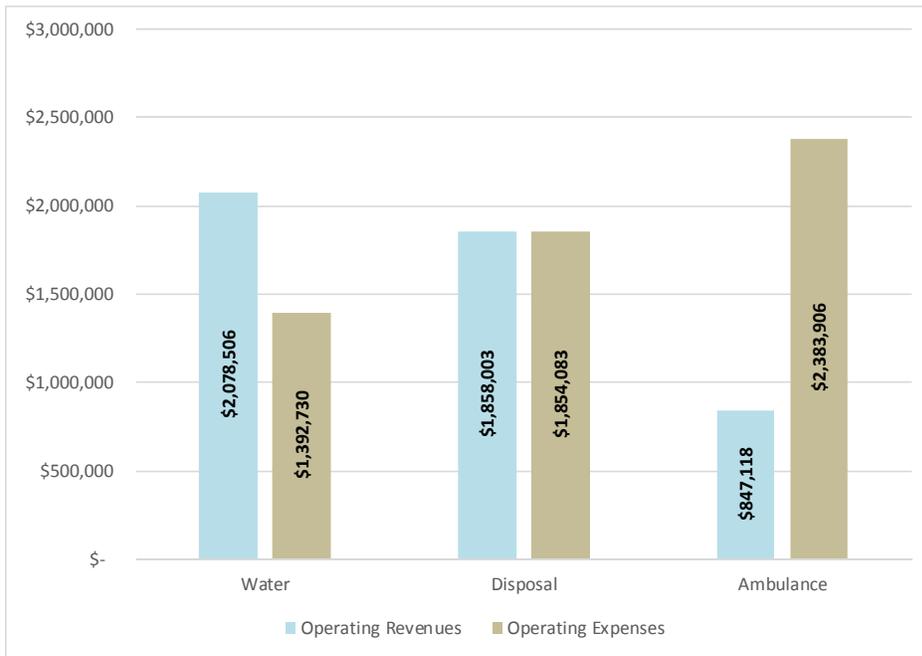

**Business-Type Activities**

Business-type activities account for \$3,216,264 or 14% of the total government-wide net position. This is an increase of \$653,935 or 26% compared to June 30, 2015. Charges for current services account for \$4,783,627 or 84% of the total business-type activity revenue (excluding transfers).

**Revenues by Source-Business Type Activities**

## Operating Expenses and Operating Revenues-Business Type Activities

In a review of the chart illustrating Operating Expenses and Operating Revenues, it can be noted that operating revenues exceeded operating expenses in Water by \$687,355. Disposal operating revenue exceeded expense by \$4,427 and Ambulance expenses exceeded operating revenues by approximately \$627,351 for fiscal year ending June 30, 2016.

### Financial Analysis

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds.** The ending fund balance for all governmental funds is \$10,762,524 which is an increase of \$372,062 or 4% when compared to the prior year balance (page 19). Of the total fund balance, \$1,479,359 is unassigned, which is available for spending at the City's discretion, within the limitations of the fund's purpose. The remainder of the fund balance is either nonspendable or restricted to indicate that it is not available for new spending. The restricted amounts are for following:

- Capital improvement projects \$1,835,259
- Circulation improvements 2,580,144
- Debt service 189,350
- Public safety programs 16,626

The General Fund is the chief operating fund of the City. As of June 30, 2016 the total fund balance of the General Fund was \$2,760,135 with unassigned fund balance of \$2,629,738. The General Fund total fund balance increased \$154,064 or 6% from the previous fiscal year. The unassigned portion, as indicated, is available for spending at the City's discretion. The increase in the General Fund balance indicates that the General Fund had more revenues and transfers in than it had expenditures and transfers out.

**Proprietary Funds.** As indicated in the description, proprietary funds are enterprise funds. All the City's enterprise funds ended the year with positive unrestricted net position.

## General Fund Budgetary Highlights

The Statement of Revenues, Expenditures and Changes in Fund Balance - Budget to Actual on pages 21-22 outlines the differences between the budget and actual numbers. The City experienced \$836,383 or 18% more total revenues and \$613,476 or 15% decrease in total expenditures that the final budget allowed for. Revenues and transfers exceeded expenditures and transfers out and increased the General Fund balance by \$154,064.

## Capital Assets and Debt Administration

**Capital Assets.** The City's investment in capital assets for its governmental and business-type activities as of June 30, 2016 amounts to \$25,368,989 (net of depreciation). This investment in capital assets includes land, building and improvements, machinery and equipment, and infrastructure.

Major capital additions this year include the following:

- Building Improvements \$178,776
- Infrastructure Improvements \$626,996
- Machinery and Equipment \$631,716
- Construction in Progress (CIP) \$331,200

### Capital Assets (Net of Depreciation)

	Governmental Activities		Business-Type Activities		Total	
	2016	2015	2016	2015	2016	2015
Land	\$ 587,014	\$ 587,014	\$ 83,216	\$ 83,216	\$ 670,230	\$ 670,230

Construction in Progress	473,645	1,209,547	1,612,082	1,614,360	2,085,727	2,823,907
Infrastructure	12,044,481	10,707,002	-	-	12,044,481	10,707,002
Total	\$ 15,800,586	\$ 15,129,769	\$ 9,568,402	\$ 9,452,998	\$ 25,368,988	\$ 24,582,767

Additional information on the City's capital assets can be found in Note 6 on pages 45-46.

**Long-term Debt.** The City's long-term debt as of June 30, 2016 was \$7,037,260 with governmental activities accounting for \$3,901,753 or 55% and business-type activities accounting for \$3,135,507 or 45%.

The City consolidated the PFA Revenue Bond 1991 & 1992 into the PFA Refunding Revenue Bonds Series 2015. This resulted in a historically low interest rate with a net surplus to the City of \$441,078. Additionally, the City also refinanced the 2004 Lease Revenue Bond to the PFA 2015 Lease Revenue Refunding Bond. This bond was rated by Standard & Poors, and was given an A+ rating based on the City's existing financial policies and fund balance strength, and with a low interest rate of 3.25%. The City was able to greatly reduce annual obligations and improve overall cash flow to the Ambulance Fund (enterprise fund), as well as the Fire Capital Facilities Fund.

	Governmental Activities		Business-Type Activities		Total	
	2016	2015	2016	2015	2016	2015

PFA 2015 Lease Revenue Refunding Bonds	2,570,000	2,700,000	-	-	2,570,000	2,700,000
Capital Lease	68,853	-	-	-	68,853	-
CIEDB Water Loan	-	-	2,257,496	2,344,942	2,257,496	2,344,942
Water Meter Capital Lease	-	-	878,011	987,674	878,011	987,674
Total	\$ 3,901,753	\$ 4,139,100	\$ 3,135,507	\$ 3,332,616	\$ 7,037,260	\$ 7,471,716

Additional information on the City's long-term debt can be found in Note 8 on pages 47-50.

## **Economic Factors and Next Year's Budgets**

As the nation's economy continues to rebound from the recession of 2008, the City has tempered optimism in the form of increased sales tax, property taxes, and the upswing in development (both residential and commercial). Kingsburg's local economy continues to perform well and there are signs of renewed economic activity. Local unemployment, while still trending higher than the national average, remains one of the lowest in the area. Kingsburg continues to strive to find new ways to improve overall economic outlook.

Although the State's economy is strengthening, it's no secret that the State of California is in the midst of one of the worst droughts ever experienced. With record low rainfall and snowpack, Governor Brown has mandated water conservation across the State. With the installation of 1,800 meters on homes built before 1992, Kingsburg has positioned itself to be a leader in water conservation. The City has implemented watering regulations as well as an incentive program to improve conservation participation City-wide. While the State has amended individual jurisdiction mandates, our citizens have continued to set the standard for conservation efforts. Through May 2016, residents reduced usage on the aggregate (starting June 2015) over 41%. In March 2016, we reduced our one-month use by over 52% - easily the largest in the State.

Other factors impacting local governments include changes to pension contribution rates and the impacts of the Affordable Care Act on the health insurance industry. These two employee benefits must be part of an elongated view in order to carefully evaluate their impacts in the years to come.

Total City-wide revenue budgeted for fiscal year 2016-2017 is \$16,055,294 with expenditures budgeted at \$17,098,895. City-wide capital expenditures are budgeted for \$3,112,399 which will be funded by a variety of funding sources. The 2016-17 budget offers an opportunity to meet the expectations of our citizens through proper allocation of funds.

## **Requests for Information**

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Finance Director, City of Kingsburg, 1401 Draper Street, Kingsburg, CA 93631.

**CITY OF KINGSBURG  
RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF NET POSITION  
JUNE 30, 2016**

Amounts reported for governmental activities in the statement of net position are different because:

Total fund balances - governmental funds		\$ 10,762,523
Capital assets used in governmental activities are not financial resources and, therefore, they are not reported in the governmental funds.		15,800,586
Expenditures relating to issuance of debt were recognized in the governmental funds, but are capitalized and amortized over the life of the debt in the statement of net position.		95,367
Long-term liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds. Long-term liabilities at year-end consist of:		
Revenue bonds	(3,813,840)	
Unamortized bond discounts	(68,853)	
Compensated absences	(236,501)	
Net pension liability	(3,619,474)	(7,738,668)
Pension related deferrals are reported as deferred outflows and inflows of resources on the Statement of Net Position.		170,340
Interest on long-term debt is reported as an expenditure of the governmental funds when paid because it requires the use of current financial resources; however, accrued interest must be recorded in the government-wide financial statements when incurred.		(41,384)
Net position of governmental activities		\$ 19,048,764

**CITY OF KINGSBURG  
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES  
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF ACTIVITIES  
FOR THE YEAR ENDED JUNE 30, 2016**

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$	372,061
Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of these assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation expense in the current period.		590,818
Compensated absences expense reported in the statement of activities does not require the use of current financial resources; therefore, it is not reported as an expenditure in the governmental funds.		4,383
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		(41,982)
In the statement of activities, interest is accrued on long-term debt; whereas, in governmental funds, interest expenditure is recorded when paid.		(26,335)
Changes to net pension liability and pension related deferred outflows and inflows of resources do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		574,291
The issuance of long-term debt (e.g., bonds) provides current financial resources to the governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued; whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.		<u>307,499</u>
Change in net position of governmental activities	\$	<u>1,780,735</u>

## NOTES TO THE BASIC FINANCIAL STATEMENTS

**CITY OF KINGSBURG**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2016**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the City of Kingsburg, California (the City) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for governmental accounting and financial reporting principles. The most significant of the government's accounting principles are described below.

These financial statements present the government and its component units, entities for which the City is considered to be financially accountable. Blended component units are, in substance, part of the government's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government. There is a blended component unit included in these financial statements and it has a June 30 year-end. There are no discretely presented component units included in these financial statements. The following sections further describe the significant policies of the City.

**Reporting Entity**

The City was incorporated as a general law city in 1908. The City operates under a Council-Manager form of government. The City's major operations include public safety, public works, water and disposal, parks and recreation, building inspection, public improvements, planning and community development, and general administrative services.

The accompanying basic financial statements include the financial activities of the City, the primary government, and its blended component unit, the Kingsburg Public Financing Authority (KPFA). Financial information for the City and its component units are accounted for in the accompanying financial statements in accordance with principles defining the governmental reporting entity adopted by the GASB. The KPFA was established June 30, 1990 through a Joint Exercise of Powers Agreement. The formation of the joint powers authority was approved by the City Council who is also designated as the Board of Directors for the KPFA. The City Manager is appointed Secretary with the City staff providing all support services. The purpose of the KPFA is solely to provide funds from the sale of revenue bonds to finance or refinance the costs of various projects for the City. The City set up the KPFA to act as a financing/lending type institution only. The KPFA/City legislative meetings are held concurrently. The KPFA is reported as a debt service fund and does not issue separate financial statements.

**Basis of Presentation – Fund Accounting**

**Government-Wide Financial Statements** – The statement of net position and the statement of activities display information about the primary government (the City) and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish between the *governmental and business-type activities* of the City. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The *Statement of Activities* presents a comparison between direct expenses and program revenues for each different identifiable activity of the City's *business-type activities* and for each function of the City's *governmental activities*. Direct expenses are those that are specifically associated with a program or function and, therefore, are included in the program expense reported for individual functions. Certain indirect costs, which cannot be identified and broken down, are included in the program expense reported for individual functions and activities. Amounts reported as program revenues include: 1) charges to customers or applicant who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

**CITY OF KINGSBURG**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2016**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Basis of Presentation – Fund Accounting (Continued)**

**Fund Financial Statements** – The fund financial statements provide information about the City's funds, including its fiduciary funds and blended component units. Separate statements for each fund category – *governmental, proprietary, and fiduciary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts.

The City reports the following major governmental funds:

The **General Fund** is the general operating fund of the City. It is used for all financial resources except those required legally, or by sound financial management to be accounted for in another fund. Generally, the General Fund is used to account for those traditional governmental services of the City, such as police and fire protection, planning and general administrative services.

The **Local Transportation Fund** accounts for revenues received and expenditures made for use on certain transportation and transit projects within Fresno County. Financing is generated from a one-quarter percent sales and use tax made pursuant to the California Transportation Development Act (TDA). Expenditures of these moneys must be made in accordance with TDA provisions.

The **Kingsburg Public Financing Authority Fund** is used to account for revenues and expenditures of the KPFA Revenue Bonds. Bond proceeds are to be used to finance or refinance the costs of various improvement projects for the City and other public agencies.

The **Assessment Districts Fund** is used to accumulate assessments levied for payment of bonds issued for the Improvement Bonds in Districts No. 1991-1 and No. 1992-1.

The **Street Projects Fund** is used to account for related street construction and maintenance.

Enterprise fund financial statements include a statement of net position, a statement of revenues, expenses and changes in net position, and a statement of cash flows for each major enterprise fund and non-major fund.

The City has three major enterprise funds, the Water, Disposal, and Ambulance, which are used to account for operations that are financed and operated in a manner similar to private business enterprises. In an enterprise fund, the intent of the City Council is that costs (expenses, including depreciation) of providing services to the general public, on a continuing basis, be financed or recovered primarily through user charges.

The City reports the following major enterprise funds:

The **Water Fund** is used to account for financial activity of the water utility system.

The **Disposal Fund** is used to account for the financial activity of the solid waste collection and disposal utility system.

The **Ambulance Fund** is used to account for the financial activity of the ambulance activities.

**CITY OF KINGSBURG**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2016**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Basis of Presentation – Fund Accounting (Continued)**

Additionally, the City reports the private-purpose fund type:

The ***Successor Agency of the Redevelopment Agency Private Purpose Trust Fund*** accounts for assets and liabilities of the former redevelopment agency until they are distributed to other units of state and local government as a result of the dissolution of the redevelopment agency.

During the course of operations, the government has activity between funds for various purposes. Any residual balances outstanding at year-end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balance between the funds included in the governmental activities are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

**Measurement Focus and Basis of Accounting**

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when liability is incurred, regardless of when the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenue are considered to be available when they are collectible with the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

**CITY OF KINGSBURG**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2016**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Measurement Focus and Basis of Accounting** (Continued)

Property taxes, sales taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenue of the current fiscal period. Entitlements are recorded as revenue when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 day of the year-end). Expenditures-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 day of year-end). All other revenue items are considered to be measurable and available only when cash is received by the City.

The proprietary and the private-purpose trust fund are reported using the *economic resources measurement focus* and the *accrual basis of accounting*.

Proprietary funds distinguish operating revenues and expenses from non-operating items. *Operating revenues*, such as charges for services, result from exchange transactions associated with the principal activity of each fund. *Nonoperating revenues*, such as interest income, state and federal grants, and subsidies, result from nonexchange transactions or ancillary activities. *Operating expenses* include costs for providing services and delivering goods such as administrative expenses and depreciation on capital assets. All other expenses not meeting this definition are reported as *nonoperating expenses*.

**Budgetary Information**

*Budgetary and Budgetary Accounting*

Annual budgets are adopted on basis consistent with generally accepted accounting principles for the general fund, special revenue funds, capital funds, debt service funds and enterprise funds.

The City, in establishing the budgetary data reflected in the basic financial statements and supplementary information, utilizes the following procedures:

- The City Manager submits to the City Council a proposed budget for the fiscal year commencing the following July 1. The budget includes proposed expenditures and the means of financing them.
- The City Council reviews the proposed budget at specially scheduled sessions, which are open to the public. The Council also conducts a public hearing on the proposed budget to obtain comments from interest persons.
- Prior to July 1, the budget is legally adopted through passage of an Ordinance.
- The budget is amended during the fiscal year to reflect all transfers and amendments.

The appropriated budget is prepared by fund, department, and account. The City's department heads may make transfers of appropriations within a department. The City Manager is authorized to make budget transfers between departments within funds. All revisions must be reported to the City Council. Transfer of appropriations between funds required the approval of the City Council. The legal level of budgetary control (i.e. the level at which expenditures may not legally exceed appropriations) is the department level.

All annual appropriations lapse at fiscal year-end to the extent they have not been expended.

The actual results of operations compared to the appropriations adopted by the City Council for budgeted major governmental funds are included in the fund financial statements. The comparison of actual results with budget for nonmajor funds are presented as supplemental information in the combining schedules.

**CITY OF KINGSBURG  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
JUNE 30, 2016**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Budgetary Information** (Continued)

*Excess of Expenditures over Appropriations*

For the year ended June 30, 2016, expenditures exceeded appropriations as follows:

General Fund:

General government

City attorney \$ 14,072

Parks and community service

Pools \$ 16,007

Local Transportation Fund:

Highways and streets \$ 11,942

**Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance**

*Cash and Cash Equivalents* – Cash and cash equivalents represent the City’s cash bank accounts including, but not limited to, certificates of deposit, money market funds and cash management pools for reporting purposes in the statement of cash flows. Additionally, investments with maturities of three months or less when purchased are included as cash equivalents in the statement of cash flows.

The City maintains a cash and investment pool that is available for use by all funds. Interest earnings as a result of this pooling are distributed to the appropriate funds based on month-end cash balances in each fund.

Investments of the pool include only those investments authorized by the California Government Code such as United States Treasury securities, agencies guaranteed by the United States Government, registered state warrants, and other investments. Investments primarily consist of deposits in the State of California Local Agency Investment Fund. Investments are stated at cost or amortized cost.

*Accounts Receivable* – Billed, but unpaid, services provided to individuals or non-governmental entities are recorded as accounts receivable. The proprietary funds include a year-end accrual for services through the end of the fiscal year which have not yet been billed. Accounts receivable are reported net of an allowance for uncollectible accounts.

*Property Tax Calendar* – Fresno County is responsible for the assessment, collection and apportionment of property taxes for all taxing jurisdictions. Property taxes are levied in equal installments on November 1 and February 1. They become delinquent on December 10 and April 10, respectively. The lien date is January 1 of each year. Property taxes are accounted for in the General Fund. Property tax revenues are recognized when they become measurable and available to finance current liabilities. The City considers property taxes as available if they are collected within 60 days after the year-end. Property taxes on the unsecured roll are due on July 1 and become delinquent if unpaid on August 31. However, unsecured property taxes are not susceptible to year-end accrual.

The City is permitted by Article XIII A of the State of California Constitution (known as Proposition 13) to levy a maximum tax of \$1.00 per \$100 of full cash value.

*Due From/To Other Funds* – Items classified as due from/to other funds represent short-term lending/borrowing transactions between funds. This classification also includes the current portion of an advance to or from another fund.

*Advances To/From Other Funds* – This classification represents noncurrent portions of any long-term lending/borrowing transactions between funds. This amount will be equally offset by a reserve of fund balance which indicates that it does not represent available financial resources and, therefore, is not available for appropriation.

**CITY OF KINGSBURG**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2016**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)**

*Land Held for Low and Moderate Housing Projects* – Land acquired for future sale are shown as land held for low and moderate housing projects in the accompanying financial statements. Land held for low and moderate housing projects is carried at the lower of cost or net realizable value.

*Capital Assets* – Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities column in the in the government-wide statement of net position and the proprietary funds' statement of net position. Capital assets are defined by the government as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Capital outlays are recorded as expenditures of the governmental funds and as assets in the government-wide financial statements to the extent the City's capitalization threshold is met. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Betterments and major improvements which significantly increase values, change capacities or extend useful lives are capitalized. Upon sale or retirement of capital assets, the cost and related accumulated depreciation are removed from the respective accounts and any resulting gain or loss is included in the results of operations.

Land and construction in progress are not depreciated. The other property, plant, equipment, and infrastructure of the primary government, as well as the component units, are depreciated using the straight-line method over the following estimated useful lives:

Buildings and improvements .....	10-50 years
Plant system .....	20-40 years
Machinery and equipment .....	5-10 years
Infrastructure.....	40 years

*Interest Payable* – In the government-wide financial statements, interest payable on long-term debt is recognized as the liability is incurred for governmental fund-types and proprietary fund-types. In the fund financial statements, proprietary fund-types recognize the interest payable when the liability is incurred.

*Long-term Obligations* – In the government-wide financial statements, proprietary fund types in the fund financial statements, and private-purpose trust fund statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund-type statement of net position. Initial-issue bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Offering costs are expensed when incurred. Bonds payable are reported net of the unamortized portion of applicable premium or discount. Deferred amount on refunding are reported as deferred outflows of resources. Bond issuance costs, including underwriters' discount, are expensed when incurred. Amortization of bond premiums or discounts and deferred amounts on refunding are included in interest expense.

In the governmental funds financial statements, bond premiums, discounts, and issuance costs are recognized during the period issued. The face amount of debt issued is reported as other financing sources. Premiums received are reported as other financing sources, while discounts are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures. Interest and principal payments are reported as debt service expenditures.

**CITY OF KINGSBURG**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2016**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)**

*Unavailable Revenue* - In the fund financial statements, unavailable revenue is recorded when transactions have not yet met the revenue recognition criteria based on the modified accrual basis of accounting. The City records unavailable revenue for transactions for which revenues have been earned, but for which funds are not available to meet current financial obligations. Typical transactions for which unavailable revenue is recorded are grants when funding requirements have been met, but the related funding is not yet available.

*Pensions* - For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City of Kingsburg's California Public Employees' Retirement System (CalPERS) plan (Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

*Compensated Absences* - Accumulated unpaid vacation benefits are accrued as a liability as the benefits are earned. The entire compensated absence liability is reported on the government-wide financial statements as long-term debt. For governmental funds, the current portion of unpaid compensated absences is recognized upon the occurrence of relevant events such as employee resignations and retirements that occur prior to year-end that have not yet been paid with expendable available financial resources. These amounts are reported in the fund from which the employees who have accumulated leave are paid.

Sick leave is accumulated at 15 days per year for full-time regular employees. Vacation is accumulated at 12 days per year for full-time regular employees with less than five years of service to a maximum of 25 days per year for full-time regular employees with over 20 years of service with no limit on accrual of unused hours. Upon employment termination, unused sick leave is paid out at 50% for less than 20 years of service and 75% for more than 20 years of service. These amounts are included as liabilities in the government-wide and enterprise fund financial statements.

*Net Position* - In the government-wide financial statements, net position is classified in the following categories:

***Net investment in capital assets*** – This category groups all capital assets, including infrastructure, into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduce this category.

***Restricted net position*** – This category presents external restrictions imposed by creditors, grantors, contributors or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.

***Unrestricted net position*** – This category presents the net position of assets that do not meet the definition of "net investment in capital assets" or "restricted net position".

**CITY OF KINGSBURG**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2016**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)**

When both restricted and unrestricted net position are available, restricted resources are depleted first before the unrestricted resources are used.

*Fund Balances* - The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

- Nonspendable: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact.
- Restricted: This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.
- Committed: This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the City Council. These amounts cannot be used for any other purpose unless the City Council removes or changes the specified use by taking the same type of action (ordinance or resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.
- Assigned: This classification includes amounts that are constrained by the City's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the City Council or through the City Council delegating this responsibility to the Finance Director through the budgetary process. This classification also includes the remaining positive fund balance for all governmental funds except for the general fund.
- Unassigned: This classification is the residual classification for the general fund and represents fund balance that has not been assigned to other funds and that has not been restricted, committed or assigned to specific purposes within the general fund. In other governmental funds it includes any negative residual amounts that may exist as a result of expenditures incurred for specific purposes in excess of amounts restricted, committed or assigned to those purposes.

The City would typically use restricted fund balances first, followed by committed resources, and then assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first to defer the use of these other classified funds.

*Encumbrances* – The City does not use encumbrance accounting.

*Use of Estimates* – The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**CITY OF KINGSBURG  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
JUNE 30, 2016**

**NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

**Deficit Fund Equity**

The following is a summary of deficit fund balances and net position as of June 30, 2016:

**Governmental Funds**

Major Funds:

Assessment Districts Special Revenue Fund	\$ (538,073)
---	--------------

Non-Major Funds:

Senior Center	(18,293)
---------------	----------

**Enterprise Funds**

Major Funds:

Disposal Enterprise Fund	(257,533)
--------------------------	-----------

Ambulance Enterprise Fund	(1,632,740)
---------------------------	-------------

**Fiduciary Fund**

Successor Agency of the RDA	<u>(326,945)</u>
-----------------------------	------------------

	<u>\$ (2,773,584)</u>
--	-----------------------

The deficit fund balance in the Assessment Districts Fund is due to reclassification of outstanding debt into the fund as an advance. The deficit will be eliminated as resources are obtained from other funds.

The deficit fund balances in the Senior Center, the Disposal Fund, the Ambulance Fund and the Successor Agency of the RDA Fund are due to operating expenditures exceeding operating revenues. Future revenues are expected to offset these deficits.

**NOTE 3 – CASH AND INVESTMENTS**

The City pools all of its cash and investments except those funds required to be held by bond trustee or outside fiscal agents under the provisions of bond indentures. Interest income earned on pooled cash is allocated to the various funds on average cash balances. Interest income from cash investments held by bond trustee is credited directly to the related funds.

Cash and investments as of June 30, 2016 are classified in the accompanying financial statements as follows:

Statement of net assets:

Cash and investments - unrestricted	\$ 6,385,639
-------------------------------------	--------------

Cash and investments - restricted	189,350
-----------------------------------	---------

Fiduciary funds:

Cash and investments	<u>18,452</u>
----------------------	---------------

Total cash and investments	<u>\$ 6,593,441</u>
----------------------------	---------------------

**CITY OF KINGSBURG  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
JUNE 30, 2016**

**NOTE 3 – CASH AND INVESTMENTS (Continued)**

Cash and investments as of June 30, 2016 consist of the following:

Cash on hand	\$	1,450
Deposits with financial institutions		3,563,012
Investments		
Local Agency Investment Fund		2,839,629
Held by Fiscal Agent:		
Money Market Account		189,350
 Total cash and investments	 \$	 <u>6,593,441</u>

Restricted cash and investments of \$189,350 are held in the Kingsburg Public Finance Authority Debt Service Fund for debt service payments.

**Investments Authorized by the California Government Code and the City's Investments Policy**

The table below identifies the investment types that are authorized for the City by the California Government Code (or the City's investments policy, where more restrictive). The table also identifies certain provisions of the California Government Code (or the City's investment policy, where more restrictive) that address interest rate risk, credit risk, and concentration of credit risk. The City's investment policy does not contain any specific provisions intended to limit the City's exposure to interest rate risk, credit risk, and concentration of credit risk. This table does not address investments of debts proceeds held by bond trustee that are governed by the provisions of debt agreements of the City, rather than the general provisions of the California Government Code or the City's investment policy.

Authorized Investment Type	Maximum Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
Local Agency Bonds	5 years	None	None
U.S. Treasury Obligations	5 years	None	None
U.S. Agency Securities	5 years	None	None
Banker's Acceptances	180 days	40%	30%
Commercial Paper	270 days	25%	10%
Negotiable Certificates of Deposit	5 years	30%	None
Repurchase Agreements	1 year	None	None
Reverse Repurchase Agreements	92 days	20%	None
Medium-Term Notes	5 years	30%	None
Mutual Funds	N/A	20%	10%
Money Market Mutual Funds	N/A	20%	10%
Mortgage Pass-Through Securities	5 years	20%	None
County Pooled Investment Funds	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None
JSA Pools (other investment pools)	N/A	None	None

**CITY OF KINGSBURG**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2016**

**NOTE 3 – CASH AND INVESTMENTS (Continued)**

**Investments Authorized by Debt Agreements**

Investment of debt proceeds held by bond trustee are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the City’s investment policy. The table below identifies the investment types that are authorized for investments held by bond trustee. The table also identifies certain provisions of these debt agreements that address interest rate risk, credit risk, and concentration of credit risk.

Authorized Investment Type	Maximum Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
U.S. Treasury Obligations	None	None	None
U.S. Agency Securities	None	None	None
Banker’s Acceptances	180 days	None	None
Commercial Paper	270 days	None	None
Money Market Mutual Funds	N/A	None	None

**Disclosures Relating to Interest Rate Risk**

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The City manages its exposure to interest rate risk is by investing funds in liquid, short-term investments which can be converted to cash when necessary to meet disbursement requirements.

Information about the sensitivity of the fair values of the City’s investments to market interest rate fluctuations is provided by the following schedule that shows the distribution of the City’s investments by maturity:

Investment Type	Remaining Maturity (in Months)				
	Total	12 Months or Less	13 to 24 Months	25 to 60 Months	More than 60 Months
Local Agency Investment Fund Held by Bond Trustee:					
Money Market Account	\$ 2,839,629	\$ 2,839,629	\$ -	\$ -	\$ -
	<u>189,350</u>	<u>189,350</u>	<u>-</u>	<u>-</u>	<u>-</u>
<b>Total</b>	<b>\$ 3,028,979</b>	<b>\$ 3,028,979</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>

**CITY OF KINGSBURG  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
JUNE 30, 2016**

**NOTE 3 – CASH AND INVESTMENTS (Continued)**

**Disclosures Relating to Credit Risk**

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required (where applicable) by the California Government Code, the City’s investment policy, or debt agreements, and the actual rating as of year-end for each investment type. The column marked “exempt from disclosure” identifies those investment types for which GASB Statement No. 40 does not require disclosure as to credit risk:

Investment Type	Total	Exempt from Disclosure	Rating as of Year-End		
			A-1+	AAAm	Not Rated
Local Agency Investment Fund Held by Bond Trustee:	\$ 2,839,629	\$ -	\$ -	\$ -	\$ 2,839,629
Money Market Account	189,350	-	-	-	189,350
<b>Total</b>	<b>\$ 3,028,979</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ 3,028,979</b>

**Concentration of Credit Risk**

The investment policy of the City contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. Investments in any one issuer (other than U.S. Treasury securities, mutual funds, and external investment pools) that represent 5% or more of total City investments are as follows:

Issuer	Investment Type	Reported Amount	% of Total Investments
U.S. Bank	Money Market Account	\$ 189,350	6%

**Custodial Credit Risk-Deposits**

Custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in possession of an outside party. The California Government Code and the City’s investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits, other than the following provisions for deposits:

At June 30, 2016, the carrying amount of the City’s deposits was \$3,437,732. Bank balances before reconciling items were \$3,687,732 at that date, the total amount of which was collateralized or insured with securities held by the pledging financial institutions in the City’s name as discussed below.

The California Government Code requires California banks and savings and loan associations to secure the City’s cash deposits by pledging securities as collateral. This code states that collateral pledged in this manner shall have the effect of perfecting a security interest in such collateral superior to those of a general creditor. Thus, collateral for cash deposits is considered to be held in the City’s name.

According to California law, the fair value of pledged securities with banking institutions must equal at least 110% of the City’s cash deposits. California law also allows institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of the City’s total cash deposits. The City may waive collateral requirements for cash deposits, which are fully insured up to \$250,000 by the Federal Deposit Insurance Corporation. The City, however, has not waived the collateralization requirements.

**CITY OF KINGSBURG  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
JUNE 30, 2016**

**NOTE 3 – CASH AND INVESTMENTS (Continued)**

**Custodial Credit Risk-Investments**

The custodial risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of its investments or collateral securities that are in possession of another party. The California Government Code and the City's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for investments. With respect to investments, custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to the City's indirect investment in securities through the use of mutual funds or government investments pools such as the Local Agency Investment Fund (LAIF).

**Investment in State Investment Pool**

The City is a voluntary participant in the LAIF that is regulated by the California Government Code under the oversight of the Treasurer of the State of California. The fair value of the City's investments in this pool is reported in the accompanying financial statements at amounts based upon the City's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis.

**Investment Valuation**

The City categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The City's only investments, which are allocated at fair value, are in a State of California Local Agency Investment Fund (LAIF). LAIF invests in numerous types of investments ranging all levels in the fair value hierarchy. Accordingly, LAIF is not an investment type that can be categorized in any particular level in the fair value hierarchy.

**NOTE 4 – RECEIVABLES**

Receivables as of June 30, 2016 consisted of the following for the governmental funds:

	General	Local Transportation Fund	Assessment Districts	Street Projects	Other Governmental Funds	Total Governmental Funds

Ambulance Fund	<u>-</u>	<u>1,688,773</u>
Total	<u>\$ 3,116,068</u>	<u>\$ 3,116,068</u>

The “due from” balances in the funds listed above represents loans made to other funds to cover operating cash deficits and are expected to be collected in the subsequent year.

**CITY OF KINGSBURG  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
JUNE 30, 2016**

**NOTE 5 – INTERFUND ACTIVITIES (Continued)**

**Advances From/To Other Funds**

The Kingsburg Public Finance Authority (KPFA) issued revenue bonds and used the bond proceeds to acquire qualified obligations of the City of Kingsburg and the former Redevelopment Agency of the City of Kingsburg to finance various capital improvements and projects. These advances carry a stated interest rate and have scheduled debt service payments. They are not expected to be repaid within one year. The long-term interfund loan balances as of June 30, 2016 are as follows:

	<u>Advances From</u>	<u>Advances To</u>
<b>Governmental Funds</b>		
Major Funds:		
Kingsburg Public Finance Authority Debt Service Fund	\$ 3,722,000	\$ -
Assessment Districts Debt Service Fund	-	697,000

**CITY OF KINGSBURG  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
JUNE 30, 2016**

**NOTE 5 – INTERFUND ACTIVITIES (Continued)**

**Interfund Transfers (Continued)**

During the fiscal year, the City made the following transfers:

- (1) The general fund transferred \$765,000 to the ambulance enterprise fund, \$30,000 to the senior center special revenue fund, and \$95,000 to the pool special revenue fund to provide subsidy to those funds.
- (2) The local transportation funds special revenue fund transferred \$89,875 and the Measure C special revenue fund transferred \$141,736 to the street project capital projects fund for the City's local match for street projects.
- (3) The capital facilities capital projects fund transferred \$18,000 and the water enterprise fund transferred \$165,483 to the ambulance fund for bond payments.
- (4) The COPS grant special revenue fund transferred \$124,618 to the general fund to cover operating expenses.

**NOTE 6 – CAPITAL ASSETS**

Capital assets activity of the governmental activities for the year ending June 30, 2016 is as follows:

	Balances July 1, 2015	Additions	Deletions	Transfers	Balances June 30, 2016

Total	<u>\$ 393,243</u>

**NOTE 7 – OPERATING LEASE**

The City has a non-cancelable lease for the City's Council Chambers. The lease expires on August 31, 2017. For the fiscal year-end June 30, 2016 rent expense was \$27,513. The lease payments range from \$2,100 to \$2,293 per month.

Future minimum lease payments for the leases are as follows:

Fiscal Year Ending	Principal
2017	\$ 28,201
2018	<u>4,723</u>
	<u>\$ 32,924</u>

**CITY OF KINGSBURG  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
JUNE 30, 2016**

**NOTE 8 – LONG-TERM DEBT**

The City generally incurs long-term debt to finance projects or purchase assets which will have useful lives equal to or greater than the related debt.

In government fund-types, debt discounts and issuance costs are recognized in the current period. Debt discounts and issuance costs incurred in proprietary funds are deferred and amortized over the term of the debt using the bonds-outstanding method, which approximates the effective interest method. The City's debt activities are summarized below and discussed in detail thereafter:

	Balances July 1, 2015	Additions	Deletions	Balances June 30, 2016	Amounts Due Within One Year
<b>Governmental Activities Long-Term Debt:</b>					
Bonds Payable:					
PFA Refunding Revenue Bonds, Series 2015	\$ 1,439,100	\$ -	\$ (176,200)	\$ 1,262,900	\$ 167,600

Total long-term debt	<u>\$ 7,999,580</u>	<u>\$ 80,000</u>	<u>\$ (637,982)</u>	<u>\$ 7,441,598</u>	<u>\$ 733,975</u>

Long-term debt at June 30, 2016 was comprised of the following individual issues:

**Governmental Activities**

**Kingsburg Public Financing Authority Refunding Revenue Bonds, Series 2015** – On April 28, 2015, the City issued \$1,439,100 in revenue bonds with interest rate of 2.85% payable semi-annually. The bonds were to refund \$945,000 of outstanding Kingsburg Public Financing Authority Revenue Bonds, Series 1991 and \$1,215,000 of outstanding Kingsburg Public Financing Authority Revenue Bonds, Series 1992. These bonds are payable from assessments on the property owners within the district and are payable from other funds of the City. The principal payments range from \$176,200 to \$250,500 and are due annually through fiscal year 2023. At June 30, 2016 bonds outstanding amount to \$1,262,900.

**CITY OF KINGSBURG  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
JUNE 30, 2016**

**NOTE 8 – LONG-TERM DEBT (Continued)**

**Governmental Activities (Continued)**

Annual debt service requirements to maturity for Kingsburg Public Financing Authority Refunding Revenue Bonds, Series 2015 at June 2016 are as follows:

Fiscal Year Ending	Principal	Interest	Total
2017	\$ 167,600	\$ 33,604	\$ 201,204
2018	183,700	28,598	212,298
2019	178,300	23,440	201,740
2020	162,400	18,585	180,985
2021	161,300	13,972	175,272
2022-2023	409,600	12,976	422,576
Total	<u>\$ 1,262,900</u>	<u>\$ 131,175</u>	<u>\$ 1,394,075</u>

**Kingsburg Public Financing Authority 2004 Lease Revenue Bonds, Fire Department Facilities** – On August 1, 2004, the City issued \$3,395,000 in revenue bonds to construct a new satellite fire/ambulance station and to remodel the current station. The interest rates range from 2.0% to 5.00% payable semi-annually. These bonds are payable from fees for ambulance services. The principal payments in amounts from \$65,000 to \$205,000 are due annually through 2035. On May 14, 2015, the City issued Kingsburg Public Financing Authority 2015 Lease Revenue Refunding Bonds, Fire Department Facilities Refunding Project to refund the outstanding amount of \$2,685,000.

**Kingsburg Public Financing Authority 2015 Lease Revenue Refunding Bonds, Fire Department Facilities Refunding Project** – On May 14, 2015, the City issued \$2,700,000 in lease revenue bonds with interest rates range from 2.0% to 3.5% payable semi-annually. The bonds were to refund \$2,685,000 of outstanding Kingsburg Public Financing Authority 2004 Lease Revenue Bonds, Fire Department Facilities. These bonds are payable from fees for ambulance services. The principal payments in amounts from \$130,000 to \$180,000 are due annually through fiscal year 2034. At June 30, 2016 bonds outstanding amount to \$2,570,000.

Annual debt service requirements to maturity for Kingsburg Public Financing Authority 2015 Lease Revenue Refunding Bonds, Fire Department Facilities Refunding Project are as follows:

Fiscal Year Ending	Principal	Interest	Total
2017	\$ 110,000	\$ 73,038	\$ 183,038
2018	115,000	70,788	185,788

JUNE 30, 2016**

**NOTE 8 – LONG-TERM DEBT (Continued)**

**Governmental Activities (Continued)**

**Police Vehicles Capital Lease** – On August 12, 2015, the City, as Lessee entered into a capital equipment lease/purchase agreement with Leasource Financial Service, Inc., as Lessor, for purchase of two police vehicles. The agreement bears interest at 3.429% with quarterly payments of \$4,370. At June 30, 2016 the capital lease outstanding amounts to \$68,853.

Annual debt service requirements to maturity for the Police Vehicles Capital Lease at June 30, 2016 are as follows:

Fiscal Years ending June 30,	Governmental Activities		
	Principal	Interest	Total
2017	\$ 15,314	\$ 2,165	\$ 17,479
2018	15,846	1,633	17,479
2019	16,396	1,083	17,479
2020	16,965	514	17,479
2021	4,332	38	4,370
	<u>\$ 68,853</u>	<u>\$ 5,433</u>	<u>\$ 74,286</u>

Leased equipment under capital leases in capital assets at June 30, 2016, included the following:

Equipment	\$ 76,442
Less: Accumulated Depreciation	<u>(10,458)</u>
Net	<u>\$ 65,984</u>

**Business-Type Activities**

**CIEDB Water Loan** – On August 31, 2004, the City, as purchaser, entered into an installment sale agreement with the California Infrastructure and Economic Development Bank (CIEDB), as seller, of a water system upgrade. As part of the agreement, CIEDB agreed to design, acquire and construct the project for, and sell the project to, the purchaser. In order to implement these provisions, the CIEDB appointed the City as its agent for the purpose of such design, acquisition and construction. The agreement after the 2011 amendment, in the amount not to exceed \$3,147,396, bears interest at 2.98% with semi-annual payments on August 1 and February 1. Under the terms of the agreement, CIEDB issued tax-exempt bonds to be used for the funding of the project. At June 30, 2016, the loan outstanding amounts to \$2,257,496.

Annual debt service requirements for the CIEDB Water Loan are as follows:

Fiscal Year Ending	Principal	Interest	Total
2017	\$ 90,052	\$ 65,932	\$ 155,984
2018	92,735	63,208	155,943
2019	95,499	60,403	155,902
2020	98,345	57,515	155,860
2021	101,276	54,541	155,817
2022-2026	553,490	224,892	778,382
2027-2031	641,022	136,354	777,376
2032-2034	585,077	35,510	620,587
	<u>\$ 2,257,496</u>	<u>\$ 698,355</u>	<u>\$ 2,955,851</u>

**CITY OF KINGSBURG  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
JUNE 30, 2016**

**NOTE 10 – PENSION PLAN**

**A. General Information about the Pension Plans**

**Plan Description** – All qualified permanent and probationary employees are eligible to participate in the Public Agency Cost Sharing Multiple-Employer Plan (Plan) administered by the California Public Employees’ Retirement System (CalPERS). The Plan consists of individual rate plans (benefit tiers) within a safety risk pool (police and fire) and a miscellaneous risk pool (all other.) Plan assets may be used to pay benefits for any employer rate plan of the safety and miscellaneous pools. Accordingly, rate plans within the safety or miscellaneous pools are not separate plans under GASB Statement No. 68. Individual employers may sponsor more than one rate plan in the miscellaneous or safety risk pools. The City of Kingsburg’s (City) sponsors six rate plans (two miscellaneous and four safety.) Benefit provisions under the Plan are established by State statute and City resolution. CalPERS issues publicly available reports that include a full description of the pension plan regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

**Benefits Provided** – CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for the Plan are applied as specified by the Public Employees’ Retirement Law.

The Plans’ provisions and benefits in effect at June 30, 2016 are summarized as follows:

	<b>Miscellaneous 1st Tier</b>	<b>Miscellaneous PEPRA</b>
	Prior to	On or after
Hire date	January 1, 2013	January 1, 2013
Benefit formula	2% @ 55	2% @ 62
Benefit vesting schedule	5 years service	5 years service
Benefit payments	monthly for life	monthly for life
Retirement age	50 - 63	52 - 67
Monthly benefits, as a % of annual salary	1.426% to 2.418%	1.0% to 2.5%
Required employee contribution rates	7%	6.237%
Required employer contribution rates	8.003%	6.25%
	<b>Safety - Police 1st Tier</b>	<b>Safety - Police PEPRA</b>
	Prior to	On or after
Hire date	January 1, 2013	January 1, 2013
Benefit formula	3% @ 55	2.7% @ 57

Monthly benefits, as a % of annual salary	2.4% to 3.0%	2.0% to 2.7%
Required employee contribution rates	9%	11.50%
Required employer contribution rates	15.627%	11.135%

**CITY OF KINGSBURG**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2016**

**NOTE 10 – PENSION PLAN (Continued)**

**A. General Information about the Pension Plans (Continued)**

Beginning in fiscal year 2016, CalPERS collects employer contributions for the Plan as a percentage of payroll for the normal cost portion as noted in the rates above and as a dollar amount for contributions toward the unfunded liability. The dollar amounts are billed on a monthly basis. The City's required contribution for the unfunded liability was \$348,736 for the fiscal year ended June 30, 2016.

**Contributions** – Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for the Plan are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The City is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

The City's contributions to the plan for the ended June 30, 2016 were \$658,448.

**B. Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions**

As of June 30, 2016, the City reported a net pension liability for its proportionate share of the net pension liability of the Plan of \$5,568,697

The City's net pension liability for the Plan is measured as the proportionate share of the net pension liability. The net pension liability of the Plan is measured as of June 30, 2015, and the total pension liability for the Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2014, rolled forward to June 30, 2015, using standard update procedures. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. The City's proportionate share of the net pension liability for the Plan as of June 30, 2014 and 2015 was as follows:

Proportion - June 30, 2014	0.0890%
Proportion - June 30, 2015	0.0811%
Change - Increase (Decrease)	-0.0079%

For the year ended June 30, 2016, the City recognized pension expense of \$64,132. At June 30, 2016, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 658,448	\$ -
Changes in assumptions	-	348,686
Differences between actual and expected experience	3,536	43,617
Net differences between project and actual earnings on plan investments	-	176,108
Change in employer's proportion	127,507	105,157
Differences between the employer's actual contributions and the employer's proportionate share of contributions	184,329	19,716
Total	\$ 973,820	\$ 693,284

**CITY OF KINGSBURG  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
JUNE 30, 2016**

**NOTE 10 – PENSION PLAN (Continued)**

**B. Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)**

\$658,448 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2017. Other amounts reported as deferred outflow of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Year Ended June 30	
2017	\$ (201,452)
2018	(202,753)
2019	(192,709)
2020	219,002
Thereafter	-

**C. Actuarial Assumptions**

The total pension liabilities in the June 30, 2014 actuarial valuations were determined using the following actuarial assumptions:

Valuation Date	June 30, 2014
Measurement Date	June 30, 2015
Actuarial Cost Method	Entry-Age Normal Cost Method
Actuarial Assumptions:	
Discount Rate	7.65%
Inflation	2.75%
Payroll Growth	3.00%
Projected Salary Increase	3.30% to 14.20% <sup>(1)</sup>
Investment Rate of Return	7.5% <sup>(2)</sup>
Mortality	all Funds <sup>(3)</sup>

<sup>(1)</sup> Depending on age, service and type of employment

<sup>(2)</sup> Net of pension plan investment expenses, including inflation

<sup>(3)</sup> The mortality table was developed based on CalPERS specific data.  
The table includes 20 years of mortality improvements using  
Society of Actuaries Scale BB

The underlying mortality assumptions and all other actuarial assumptions used in the June 30, 2014 valuation were based on the results of January 2014 actuarial experience study for the period 1997 to 2011. Further details of the Experiences Study can be found on the CalPERS website.

**Change of Assumptions** – GASB 68, paragraph 68 states that the long-term expected rate of return should be determined net of pension plan investment expenses but without reduction for pension plan administrative expenses. The discount rate of 7.50 percent used the June 30, 2014 measurement date was net of administrative expenses. The discount rate of 7.65 percent used for the June 30, 2015 measurement date is without reduction of pension plan administrative expenses.

**CITY OF KINGSBURG  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
JUNE 30, 2016**

**NOTE 10 – PENSION PLAN (Continued)**

**D. Discount Rate**

The discount rate used to measure the total pension liability was 7.65 percent for the Plan. To determine whether the municipal bond rate should be used in the calculation of a discount rate for the Plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing of the plans, the test revealed the assets would not run out. Therefore, the current 7.65 percent discount rate is appropriate and the use of the municipal bond rate calculation is not deemed necessary. The long-term expected discount rate of 7.65 percent is applied to all plans in the Public Employees Retirement Fund (PERF). The stress test results are presented in a detailed report called "GASB Crossover Testing Report" that can be obtained from the CalPERS website under the GASB 68 section.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected PERF cash flows. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. The target allocation shown was adopted by the Board effective on July 1, 2014.

<u>Asset Class</u>	<u>New Strategic Allocation</u>	<u>Real Return Years 1-10(a)</u>	<u>Real Return Years 11+(b)</u>
Global Equity	51.0%	5.25%	5.71%
Global Fixed Income	19.0%	0.99%	2.43%
Inflation Sensitive	6.0%	0.45%	3.36%
Private Equity	10.0%	6.83%	6.95%
Real Estate	10.0%	4.50%	5.13%
Infrastructure and Forestland	2.0%	4.50%	5.09%
Liquidity	2.0%	-0.55%	-1.05%
Total	<u>100.0%</u>		

(a) An expected inflation of 2.5% used for this period

(b) An expected inflation of 3.0% used for this period

**CITY OF KINGSBURG  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
JUNE 30, 2016**

**NOTE 10 – PENSION PLAN (Continued)**

**D. Discount Rate (Continued)**

***Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate*** – The following presents the City’s proportionate share of the net pension liability for the Plan, calculated using the discount rate for the Plan, as well as what the City’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

Discount Rate -1% 6.65%	Current Discount Rate 7.65%	Discount Rate +1% 8.65%
\$ 8,201,020	\$ 5,568,697	\$ 3,403,435

**E. Pension Plan Fiduciary Net Position**

Detailed information about the Plan’s fiduciary net position is available in the separately issued CalPERS financial reports.

**F. Payable to the Pension Plan**

The City had a payable of \$12,163 for outstanding contributions to the pension plan required for the year ended June 30, 2016.

**NOTE 11 – POST-RETIREMENT HEALTHCARE BENEFITS**

The City provides no post-employment benefits for its employees. However, former employees may be maintained on the City’s health insurance programs through the City’s Consolidated Omnibus Budget Reconciliation Act (COBRA) insurance continuation plan.

**NOTE 12 – RISK MANAGEMENT**

The City is exposed to various risks of loss related to torts: theft of, damage to, and destruction of assets; errors and omission; injuries to employees and others; natural disaster. The City participates with other public entities in a joint venture under a joint powers agreement which establishes the Central San Joaquin Valley Risk Management Authority (CSJVRMA). The relationship between the City and CSJVRMA is such that CSJVRMA is not a component unit of the City for financial reporting purposes.

The CSJVRMA is a consortium of 54 cities in San Joaquin Valley, California. It was established under the provisions of California Government Code Section 6500, et. Seq. The CSJVRMA is governed by a Board of Directors, which meets three times each year, consisting of one member appointed by each member city. The day-to-day business is handled by a management group employed by the CSJVRMA. The financial statements of CSJVRMA can be obtained at 1750 Creekside Oaks Drive, Suite 200, Sacramento, CA 95833.

**CITY OF KINGSBURG  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
JUNE 30, 2016**

**NOTE 12 – RISK MANAGEMENT (Continued)**

Each member city pays a premium to cover estimated losses for a fiscal year (claims year). Each program year is retrospectively adjusted five years following the end of a program year and annually thereafter until the last claim incurred during a program year is closed and the actuary has determined there is no longer a need for any incurred but not reported reserves. Any net surplus in the City's balance for these years will be refunded to the City, and net deficits will be billed to the City.

Each member city self-insures a portion of each of its claims, which for Kingsburg is the first \$25,000 of each claim (occurrence) in both the liability program and workers' compensation program. If a claim exceeds a member's retained limit, the amount exceeding the retained limit is distributed to the pool layers above the City's retained limit, and that cost is shared amongst the members within the various pool layers.

For the Liability Program, the CSJVRMA's risk sharing pool covers the first \$1,000,000 of each claim. The CSJVRMA purchases excess liability coverage through the California Affiliated Risk Management Authorities (CARMA) for the amount in excess of \$1,000,000. CARMA's risk sharing pool covers the first \$4,000,000 of each claim, and CARMA purchases a combination of reinsurance and excess insurance through AmTrust Financial Group and Colony for a total of \$29,000,000 in coverage.

For the Workers' Compensation Program, the CSJVRMA's risk sharing pool covers the first \$500,000 of each claim. The CSJVRMA purchases excess workers' compensation coverage through the Local Agency Workers' Compensation Excess JPA (LAWCX) for the amount in excess of \$500,000. LAWCX's risk sharing pool covers the first \$5 million of each claim, and LAWCX purchases a combination of reinsurance and excess insurance through CSAC EIA with statutory limits.

There have been no significant changes from the prior year and settlements have not exceeded coverage in any of the prior three years.

The City also purchases various property coverage programs. Deductibles and limits per property type can be obtained from the City Manager or directly from the Authority.

**NOTE 13 – CONTINGENCIES**

The City is a defendant in various lawsuits and claims. The City attorney anticipates that actual or potential claims against the City, not covered by insurance, would not materially affect the financial position of the City.

The City participates in a number of Federal and State assisted grant programs which are subject to financial and compliance audits. Audits for these programs and the respective findings are to be determined at a future date, and the City expects the amount, if any, of the expenditures which may be disallowed by the granting agency to be immaterial.

**CITY OF KINGSBURG  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
JUNE 30, 2016**

**NOTE 14 – SUCCESSOR AGENCY TRUST FUND**

On January 18, 2012, the City Council elected to become the Successor Agency for the former redevelopment agency in accordance with Assembly Bill 1X26 (the “Bill”) which dissolved all redevelopment agencies in the State of California.

Under the control of an oversight board, remaining assets can only be used to pay enforceable obligations in existence at the date of dissolution of the redevelopment agency (including the completion of any unfinished projects that were subject to legally enforceable contractual commitments).

Successor agencies are only allocated revenue in the amount that is necessary to pay estimated annual installment payments on enforceable obligations of the former redevelopment agency until all enforceable obligations of the prior redevelopment agency have been paid in full and all assets have been liquidated.

Management believes, in consultation with legal counsel, that the obligations of the former redevelopment agency due to the City are valid enforceable obligations payable by the successor agency trust under the requirements of the Bill. The City’s position on this issue is not a position of settled law and there is considerable uncertainty regarding this issue. It is reasonably possible that a legal determination may be made at a later date by an appropriate judicial authority that would resolve this issue favorably for the City.

After the date of the dissolution, the assets and activities of the dissolved redevelopment agency are reported in a fiduciary fund (private-purpose trust fund) in the financial statements of the City.

Other Assets

The amount reported as "Other Assets" in the Successor Agency Trust Fund consists of the following:

Downtown directional signs	<u>\$ 17,266</u>
	<u>\$ 17,266</u>

Long-term Debt

Long-term debt reported in the Successor Agency Trust Fund at June 30, 2016 was comprised of the following individual issues:

	<u>Balance July 1, 2015</u>	<u>Additions</u>	<u>Retirements</u>	<u>Balance June 30, 2016</u>	<u>Due Within One Year</u>
CIEDB Police Building Loan	\$ 216,155	\$ -	\$ 106,564	\$ 109,591	\$ 109,591
2015 Refunding Revenue Bonds	<u>260,000</u>	<u>-</u>	<u>25,000</u>	<u>235,000</u>	<u>25,000</u>
	<u>\$ 476,155</u>	<u>\$ -</u>	<u>\$ 131,564</u>	<u>\$ 344,591</u>	<u>\$ 134,591</u>

**CITY OF KINGSBURG  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
JUNE 30, 2016**

**NOTE 14 – SUCCESSOR AGENCY TRUST FUND (Continued)**

**CIEDB Police Building Loan** – During the fiscal year 2001/02, the Redevelopment Agency of the City of Kingsburg obtained a loan from the California Infrastructure and Economic Development Bank (CIEDB) to construct a new city police building that may not exceed \$1,287,100. The terms of the note call for annual interest payments at 2.58% through 2017. At June 30, 2016 the loan outstanding amounts to \$109,591.

Annual debt service requirements for the CIEDB Police Building Loan are as follows:

<u>Fiscal Year Ending</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2017	\$ 109,591	\$ 1,556	\$ 111,147
Total	<u>\$ 109,591</u>	<u>\$ 1,556</u>	<u>\$ 111,147</u>

**Kingsburg RDA Tax Refunding Bonds** – The former Kingsburg Redevelopment Agency issued a tax allocation bond payable in annual installments ranging from \$25,000 to \$40,000 with interest payable semi-annually at an average overall rate of 7.9% per annum. At June 30, 2016 the bond outstanding amounts to \$235,000.

Annual debt service requirements to maturity for the Kingsburg RDA Tax Refunding Bonds are as follows:

<u>Fiscal Year Ending</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2017	\$ 25,000	\$ 17,578	\$ 42,578
2018	30,000	15,405	45,405
2019	30,000	13,035	43,035
2020	35,000	10,467	45,467
2021	35,000	7,702	42,702
2022-2023	<u>80,000</u>	<u>6,320</u>	<u>86,320</u>
Total	<u>\$ 235,000</u>	<u>\$ 70,507</u>	<u>\$ 305,507</u>

**NOTE 15 – PRONOUNCEMENTS**

**(1) New Accounting Pronouncements Adopted**

Governmental Accounting Standards Board Statement No. 72

In February 2015, GASB issued Statement No. 72, *Fair Value Measurement and Application*. This statement addresses accounting and financial reporting issues related to fair value measurements. This statement provides guidance for determining a fair value measurement for financial reporting purposes and also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements. This statement was adopted by the City during the current fiscal year.

**CITY OF KINGSBURG**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2016**

**NOTE 15 – PRONOUNCEMENTS (Continued)**

**(1) New Accounting Pronouncements Adopted (Continued)**

Governmental Accounting Standards Board Statement No. 76

In June 2015, GASB issued Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*. The objective of this statement is to identify – in the context of the current governmental financial reporting environment – the hierarchy of generally accepted accounting principles (GAAP). The “GAAP hierarchy” consists of the sources of accounting principles used to prepare financial statements of state and local governmental entities in conformity with GAAP and the framework for selecting those principles. This statement reduces the GAAP hierarchy to two categories of authoritative GAAP and addresses the use of authoritative and nonauthoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP. This statement supersedes Statement No. 55, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*. The requirements of this statement were considered but had no effect on the City’s current fiscal year.

Governmental Accounting Standards Board Statement No. 79

In December 2015, GASB issued Statement No. 79, *Certain External Investment Pools and Pool Participants*. This Statement addresses accounting and financial reporting for certain external investment pools and pool participants. Specifically, it establishes criteria for an external investment pool to qualify for making the election to measure all of its investments at amortized cost for financial reporting purposes. An external investment pool qualifies for that reporting if it meets all of the applicable criteria established in this statement. The requirements of this statement were considered but had no effect on the City’s current fiscal year.

Governmental Accounting Standards Board Statement No. 82

In March 2016, GASB issued Statement No. 82, *Pension Issues—an Amendment of GASB Statements No. 67, No. 68, and No. 73*. The objective of this Statement is to address certain issues that have been raised with respect to Statements No. 67, *Financial Reporting for Pension Plans*, No. 68, *Accounting and Financial Reporting for Pensions*, and No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*. Specifically, this statement addresses issues regarding (1) the presentation of payroll-related measures in required supplementary information, (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements. This statement was adopted by the City during the current fiscal year. The effects of the adoption of this statement included a change in the manner covered payroll is reported in the following required supplementary schedules: Proportionate Share of Net Pension Liability (Asset) and Schedule of Contributions. These changes were required to be applied retroactively and, accordingly, the covered payroll for fiscal year 2015 was restated.

**CITY OF KINGSBURG**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**JUNE 30, 2016**

**NOTE 15 – PRONOUNCEMENTS (Continued)**

**(2) New Accounting Pronouncements Not Yet Adopted**

Governmental Accounting Standards Board Statement No. 75

In June 2015, GASB issued Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. The primary objective of this statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (*other* postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. This statement replaces the requirements of Statements No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, as amended, and No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*, for OPEB. The requirements of this statement are effective for the City's fiscal year ending June 30, 2018.

Governmental Accounting Standards Board Statement No. 77

In August 2015, GASB issued Statement No. 77, *Tax Abatement Disclosures*. Financial statements prepared by state and local governments in conformity with generally accepted accounting principles provide citizens and taxpayers, legislative and oversight bodies, municipal bond analysts, and others with information they need to evaluate the financial health of governments, make decisions, and assess accountability. This information is intended, among other things, to assist these users of financial statements in assessing (1) whether a government's current-year revenues were sufficient to pay for current-year services (known as interperiod equity), (2) whether a government complied with finance-related legal and contractual obligations, (3) where a government's financial resources come from and how it uses them, and (4) a government's financial position and economic condition and how they have changed over time. The requirements of this statement are effective for the City's fiscal year ending June 30, 2017.

Governmental Accounting Standards Board Statement No. 80

In January 2016, GASB issued Statement No. 80, *Blending Requirements for Certain Component Units—an Amendment of GASB Statement No. 14*. The objective of this Statement is to improve financial reporting by clarifying the financial statement presentation requirements for certain component units. This Statement amends the blending requirements established in paragraph 53 of Statement No. 14, *The Financial Reporting Entity, as amended*. The requirements of this statement are effective for the City's fiscal year ending June 30, 2017.

Governmental Accounting Standards Board Statement No. 81

In March 2016, GASB issued Statement No. 81, *Irrevocable Split-Interest Agreements*. The objective of this statement is to improve accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement. The requirements of this statement are effective for the City's fiscal year ending June 30, 2018, and should be applied retroactively.

REQUIRED SUPPLEMENTARY INFORMATION

**CITY OF KINGSBURG  
 PROPORTIONATE SHARE OF NET PENSION LIABILITY  
 FOR THE YEAR ENDED JUNE 30, 2016  
 LAST 10 YEARS\***

	2015	2016
Proportion of the net pension liability	0.0890%	0.0811%
Proportionate share of the net pension liability	\$ 5,591,747	\$ 5,568,697
Covered payroll	\$ 2,539,694	\$ 2,746,794
Proportionate share of the net pension liability as percentage of covered payroll	220.17%	202.73%
Plan fiduciary net position as a percentage of the total pension liability	79.48%	80.20%

**NOTES TO SCHEDULE:**

**Change in Benefit Terms:** None

**Change in Assumptions:** The discount rate was changed from 7.5 percent (net of administrative expense) to 7.65 percent to correct for an adjustment to exclude administrative expense.

## NONMAJOR GOVERNMENTAL FUNDS

### SPECIAL REVENUE FUNDS

The **Special Revenue Funds** are used to account for the proceeds of specific revenue sources that are restricted, committed, or assigned to expenditures for particular purposes.

**Gas Tax Fund** - to account for revenues and expenditures apportioned to the City under the Streets and Highway Code, Sections 2105, 2106, 2107 and 2107.5 of the State of California. Expenditures for administration, maintenance and construction must be street related.

**Measure C Fund** - to account for revenue from the Measure C Tax for street related expenses.

**Senior Center Fund** - to account for revenue from federal grants and contributions to fund the activities of the senior center services. The services provide recreational, educational, social and nutritional programs to citizens 55 years and older.

**COPS Grant Fund** - to account for State revenue received from front line law enforcement.

**Vehicle Abandonment Fund** - to account for the abandoned vehicle abatement program in which the City receives funds from the Council of Fresno County Governments. These funds will be used to abate any abandoned vehicles in the City of Kingsburg

**Low and Moderate Income Housing Fund** - to administer the housing assets and functions related to the Low and Moderate Income Housing Program retained by the City following the dissolution of the Redevelopment Agency on February 1, 2012. This fund is primarily funded by loan repayment program income generated from the former Redevelopment Agency's housing assets.

### CAPITAL PROJECTS FUNDS

The **Capital Projects Funds** are used to account for financial resources that are restricted, committed or assigned to expenditures for the acquisition of land or acquisition and construction of major facilities other than those financed in the proprietary fund types.

**Capital Facilities Fund** - to account for the AB939 fees received to help the City mediate the cost of growth in the City. These fees are collected from developers to construct facilities related to arterial streets, fire facilities, police facilities, city hall facilities, public works facilities and special recreation facilities.

**Sewer Connection Fund** - to account for the sewer connection fees from developers. The money is used to construct sewer facilities within the City limits.

**Storm Drain Fund** - to account for the storm drain improvements, operations and maintenance. The activities of the fund include building new storm drains and obtaining storm drains completed by developers.

**Parks and Recreation Fund** - to account for the revenue from the construction assessments to be used for acquisition and development of parks and recreation facilities.

**Special Assessment Projects Fund** - to account for the funds received in the sale of Special Assessment bonds for the purpose of funding public improvements to a specific district project.

**Equipment Replacement Fund** - to account for the transfer revenues received for the reserve fund to replace equipment in the future.

## STATISTICAL SECTION

## STATISTICAL SECTION

This part of the **City of Kingsburg's** comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information say about the government's overall financial health.

### Contents

*Financial Trends:* These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.

*Revenue Capacity:* These schedules contain information to help the reader assess the government's most significant local revenue source, the property tax.

*Debt Capacity:* These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.

*Demographic and Economic Information:* These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.

*Operating Information:* These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.

Source: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Source: Muni Services, LLC.

2015-16 is the City's first CAFR publication, therefore prior year data availability is limited.

Other property includes state unitary in the amount of \$39,659.

(1) Total Direct Tax Rate is represented by TRA 6-000.

(2) Estimated Actual Value is derived from a series of calculations comparing median assessed values from 1940 to current median sale prices.

Based on these calculations a factor was extrapolated and applied to current assessed values.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and Members of the City Council of the  
City of Kingsburg  
Kingsburg, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Kingsburg, California (the City), as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise City's basic financial statements, and have issued our report thereon dated December 12, 2016.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Clovis, California  
December 12, 2016

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR  
EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER  
COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Honorable Mayor and Members of the City Council of the  
City of Kingsburg  
Kingsburg, California

**Report on Compliance for Each Major Federal Program**

We have audited the City of Kingsburg, California's (the City) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2016. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

**Management's Responsibility**

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

**Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

**Opinion on Each Major Federal Program**

In our opinion, the City of Kingsburg, California, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major programs for the year ended June 30, 2016.

**Report on Internal Control Over Compliance**

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and

material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

#### **Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Kingsburg, California (the City) as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated December 12, 2016, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**CITY OF KINGSBURG  
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
FOR THE YEAR ENDED JUNE 30, 2016**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**GENERAL**

The accompanying Schedule of Expenditures of Federal Awards (SEFA) presents the activity of all federal award programs of the City of Kingsburg. Federal awards received directly from federal agencies, as well as federal awards passed through other government agencies are included in the schedule. The information in this SEFA is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

**BASIS OF ACCOUNTING**

The accompanying SEFA is presented using the modified accrual basis of accounting except for programs recorded in the City's enterprise funds, which are presented using the accrual basis of accounting, which is described in Note 1 of the City's basic financial statements.

**RELATIONSHIP TO BASIC FINANCIAL STATEMENTS**

Federal award expenditures agree or can be reconciled with the amounts reported in the City's basic financial statements.

**INDIRECT COST RATE**

The City has elected not to use the 10 percent *de minimis* indirect cost rate as allowed under the Uniform Guidance.
