## “OUR GOAL

HAS ALWAYS BEEN TO MAKE SURE THAT KINGSBURG REMAINS A VIBRANT, SAFE, ENJOYABLE PLACE TO BE. THE CITY COUNCIL HAS INVESTED GREATLY IN MAKING SURE THAT IT STAYS VIABLE. ”

*Alex Henderson*  
**KINGSBURG CITY MANAGER**

In 1873 the City of Kingsburg, a small railroad town on the Valley Line of the Central Pacific Railroad, was established. During this time, Swedish natives settled in this new town called “Kings River Switch” a flag stop on the Central Pacific Railroad. In 1894, the spelling of the City changed to Kingsburg, and in 1908 Kingsburg was officially recognized as a town. By the year 1921 the Swedish-American population was up to ninety-four percent within a three mile radius, because of this the community became known as “Little Sweden”. In order to keep with its Swedish heritage the City continues to design many of the buildings with a Swedish architecture. For much of Kingsburg’s history the vineyards, that mainly supplied raisins and table grapes, have been an essential part of the City’s economy. This is especially apparent in that Kingsburg is the headquarters of Sun-Maid Growers of California, the largest employer in the City. With a rich cultural history, skilled and educated workforce, essential central location, and committed development leaders, Kingsburg is the place for your next business venture.

KINGSBURG ECONOMIC DEVELOPMENT

# A Kingsburg Tradition

The City of Kingsburg celebrates its heritage, history and our nation in annual festivals throughout the year. Every April, the City celebrates an Annual Car Show that brings classic cars and trucks to Downtown.

The third weekend in May brings the Annual Swedish Festival. It includes three days of celebration with a Pancake and Pea Soup Dinner, traditional Scandinavian dance and music, a smorgasbord, the Dala Horse Trot (foot race), traditional Swedish Pancake Breakfast, vendors, a heritage center, a parade and much more!

June to July Kingsburg hosts the Concerts under the Stars- a tradition more than 100 years old! Weekly patrons come out to Heritage Park with their lawn chairs and blankets to enjoy the music. The month of June also hosts the Midsummer celebration with dancing around the May Pole, a Swedish tradition.

Kingsburg continues to be one of the only small town in the Central Valley that has an Independence Celebration for the 4<sup>th</sup> of July.

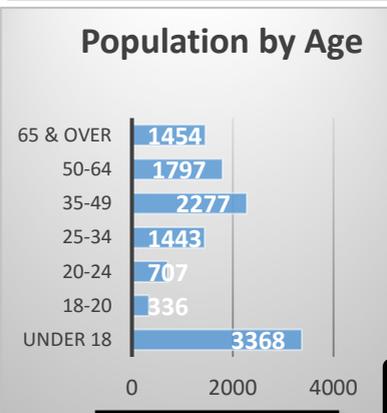

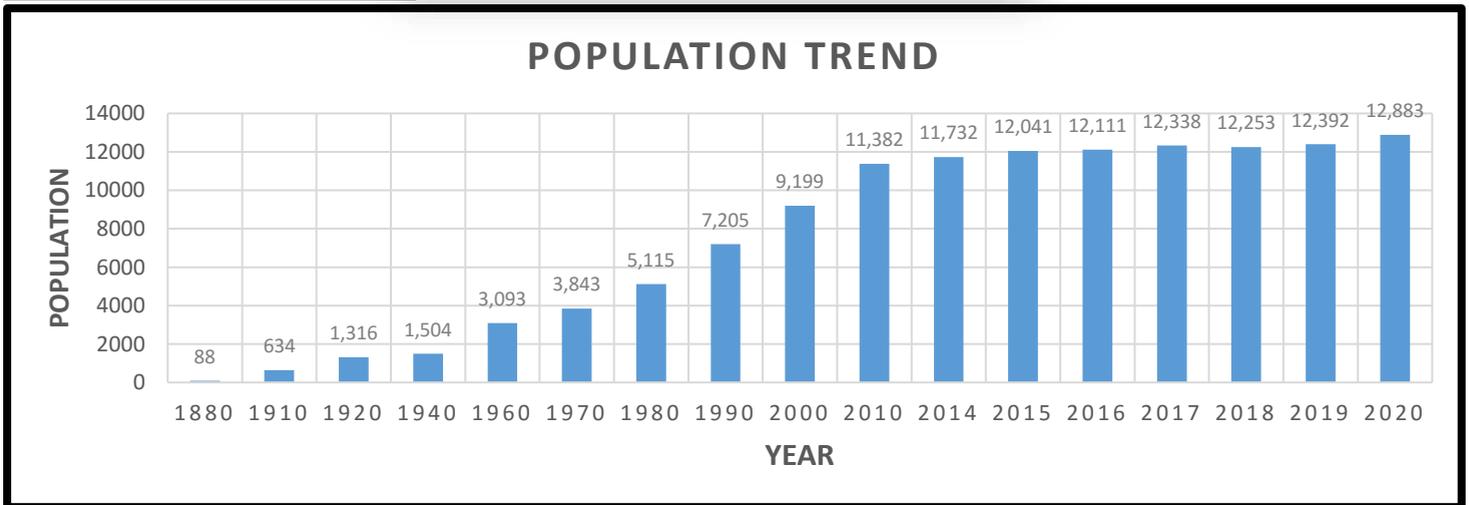

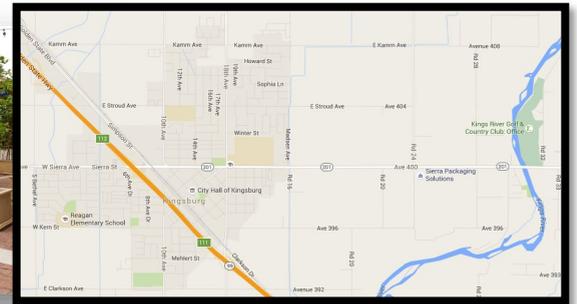

The Harvest Moon Music Festival is in September and it celebrates the valley's rich agriculture with after dark live music and great food. Ladies Night Out and the Veterans Day Celebration takes place in November along with the Julgranfest Tree Lighting Festival, which kicks off the Christmas season.

Closing out the year, Kingsburg rejoices with the Santa Lucia Celebration and the Festival of Lights Parade on Draper Street. Tractors with Christmas lights are one of the highlights of this town favorite.

# Letter From the City Manager

**June 17, 2020**

Honorable Mayor Michelle Roman, Members of City Council, and Residents of Kingsburg:

In accordance with City Charter 2.08.090(G), it is my pleasure to present the 2020-2021 recommended executive budget for the City of Kingsburg. The budget presents in summary form the revenues and expenditures from each of the City's funds.

The annual budget serves as the blueprint for policy decisions and is a direct corollary to the City's strategic initiatives, adopted by City Council. In 2018, Council completed the most recent update to our strategic planning process. The document serves as the City of Kingsburg's 2018-2023 Strategic Plan. Its purpose is to help the City prioritize its efforts, allocating both fiscal and human capital to achieve a shared vision and goals that also reflect community priorities and needs. The Plan is the result of a comprehensive review by Regional Government Services (RGS) of the City's current operations and finances, interviews with staff members and discussions with City Council members and an online survey taken by Kingsburg residents.

The findings and conclusions of the review and survey results were presented to Council and staff at a one-day Study Session. The Study Session, which was open to the public, resulted in the development of a Mission Statement, a Vision Statement, a set of Core Values and six Goals to guide the City's future operations:

1. Ensure Financial Stability
2. Improve Public Safety
3. Provide Recreation Opportunities for All Ages
4. Improve Community Communication
5. Increase Retail Opportunities
6. Promote Sustainable Development

Our annual budget process reflects our focus on transparency throughout the organization. It is our desire to present a budget that promotes accountability, increases engagement, and tells the story of our path to success. This document holds information that we believe is relevant to guide staff, Council and to inform our residents.

The FY21 budget process has been guided by these strategic principles and meets our commitment to a high level of service, our cultural history, and coincides with the financial parameters set by the City Council. The budget is the most important document that the City creates on an annual basis.

## COVID-19 & the Unknown

FY2020 was shaping up to be another year of successful efforts to invest in the long-term viability of our community. New single-family housing was on the rise with over 90 new permits issued. Downtown investment, spurred by public-private partnerships, fueled new businesses improvements to existing structures. Quality of life investments through planning and citizen input saw new amenities installed at Athwal Park and the Crandell Swim Complex receiving a \$600,000 renovation.

As we entered the final quarter of our fiscal year, the entire world was impacted by the COVID-19 pandemic. U.S. state and local governments, on the front lines of the response to the pandemic of a new coronavirus disease, COVID-19, are projected to face record budget shortfalls. For Kingsburg, the area that stands to see the most impacts include:

- Sales Tax (including Measure E Public Safety)
- Transient Occupancy Tax (Hotel Bed Tax)
- Building Permit/Fees (predicated on overall development activity)
-

# Letter From the City Manager

- Special Revenues; Local Road Funding (predicated on fuel sales/tax)
- Recreation Fees (After School Recreation, Pool, Park Reservations, etc.)
- Property taxes could see an impact with failure to pay.
  - 2020 2<sup>nd</sup> Teeter was ~-2.5% less than 2019.

What is difficult is the unknown fallout of the COVID-19 emergency. Specifically, the shape and length of the recovery, the long-term impacts on our small businesses, and total revenue impacts. The California League of Cities is projecting a \$7B shortfall for local governments over the next two fiscal years. For Kingsburg, we're projecting a 10% reduction in revenues in the coming year, and have reduced our year over year spending by 3.5%.

## Steps Taken

Faced with difficult decisions, officials acted quickly in the wake of the pandemic. While much of our discretionary programming was forced to halt, other discretionary spending was suspended, including:

- No travel or conferences through end of FY20
- Freeze on non-essential hiring
- Freeze on equipment purchases not already ordered (capital items)
- Revenue-neutral programs shut-down and those employees laid off (After School Rec, Summer Rec, Lifeguards, etc.)

For FY21, to make up for the lost revenue, the city will utilize reserves, money available from the previous year's budget and limit expenditures to ensure a balanced budget. The city does not have plans to lay off any employees, though. It should be noted, however, that there are no plans to draw down from the city's 20% General Fund reserve account. Instead, we will utilize separate funds that were created by sweeping

surplus revenues into designated accounts. These accounts:

- Economic Stabilization Fund
- CalPERS UAL Fund
- Equipment Reserve Fund

Although the total impact of the COVID-19 emergency on the City's finances continues to be uncertain, the City remains fiscally sound thanks to prudent and conservative planning by the City Council.

## Ongoing Initiatives

Several projects have been started or were completed in FY20.

### New T-Mobile

On April 4, 2019, T-Mobile and Sprint (New T-Mobile) announced they would be locating their new Customer Experience Center (CEC) in Kingsburg, pending the approval of their merger by the federal government.

The announcement of the new CEC brings the creation of more than 1,000 new jobs, positioning the New T-Mobile to be one of the largest employers in the area.

The CEC will provide:

- 1,000+ new jobs;
- Contribute \$122mm to California's economy
- Pay an average wage that is 51% higher than the average wage in Fresno Co.
- New T-Mobile will become one of the largest and highest-paying employers in the Central Valley

The location of the call center will bring immediate economic impact to the entire Central Valley. An Economic Impact Assessment completed by the Berkeley Research Group concluded the CEC would directly and indirectly provide up to 1,500

# Letter From the City Manager

jobs and \$105 million to the economy of Fresno County on an annual basis. In FY20, the project was stalled due to litigation brought by several State Attorney Generals. Ultimately, New T-Mobile prevailed in their legal challenge and have been moving forward with plans to open their new facility.

## Catalyst Thinking

The City has been an aggressive player as it relates to downtown development. Our public-private partnership (P3) programs continue to grow. Our programs now include nine (9) different ways to partner for economic development:

1. 25% reduction in impact fees for all new development
2. 50% rebate in City property taxes for new businesses for 36 months
3. 50% rebate in City sales tax for new businesses for 36 months
4. 21-day streamlined permit review and approval process
5. Additional impact fee reduction for new qualifying development in designated Business Improvement Zones (B.I.Z) – this area has been expanded to include the Business Park, Light Industrial area and Central commercial zone (Which includes downtown)
6. Façade/Alley Public/Private Partnership Matching Grant Program
7. Micro-Grant Public/Private Partnership Matching Grant Program
8. Upper Floor Rehabilitation Loan Program - to promote downtown living and re-use of second story space
9. New development incentive fund created utilizing residual payments from the dissolution of redevelopment – gives the council flexibility and a brand to partner with individual businesses.

New commercial projects in FY21 include the completed renovation of a 25+ year vacant

Woods Apparel building, Stone Plaza apartments, a new Adventist Health campus and New T-Mobile.

## CalPERS Contributions

In December 2016, the CalPERS Board of Administration took a step to cut the “discount rate” by a half percentage point over the next three years. CalPERS CEO Marci Frost writes, “The discount rate is what CalPERS assumes their \$304 billion in investments will return in a typical fiscal year, July 1 to June 30. It’s a critical component of pension financial planning, because it’s used in calculating the amount of money those who are part of the CalPERS system contribute. Achieving a 7.5 percent return – the rate in place since 2012 – was now far less likely than it was just two years ago. Solid investment returns are the cornerstone of the CalPERS system: They pay for nearly two-thirds of every dollar paid out in pension benefits. But cutting the discount rate has real financial impacts for California taxpayers. The state, local public agencies, and school districts that make up CalPERS will have to contribute more money.”

For Kingsburg, the change equates to a \$7mm unfunded liability that will require significantly increased contributions on an annual basis.

In 2018, the Council adopted a financial resolution that created a ‘waterfall’ policy that designates any surplus funding to three designated funds:

1. CalPERS UAL (70%)
2. Economic Stabilization (15%)
3. Equipment Reserve (15%)

All three funds are designed to leverage the City’s current financial health to plan for the potential impact of future years.

In FY20, the Council made \$850,000 in additional discretionary payments to CalPERS resulting in an estimated interest savings

# Letter From the City Manager

totaling \$1,229,733 (~44% ROI), or approximately 17.5% of our outstanding UAL.

The city's UAL contribution is set to increase an additional \$65,000 in FY21, with over \$600,000 in total UAL payments.

## Park Upgrades

The Community Services Commission continues their efforts on providing new options at several public parks, including efforts aimed at design and coordination of improvements at Athwal Park. A master plan of Athwal Park includes a partnership with the local soccer league, a housing-related parks grant, and amenities for the entire neighborhood (playground equipment, skate park, restrooms, etc.). Phase 1 of the project was funded through a generous grant from the Tri-County Health Care District with a skate park, fitness court and playground area installed and opened in October 2019.

## Overall Outlook

Overall, the City is projecting an ~10% decrease in general fund revenues stemming from impacts due to the COVID-19 emergency.

The budget presented provides a structural balance utilizing fund balances to cover revenue shortfalls. We firmly believe our citizens demand and deserve the highest level of service delivery and quality of life amenities. As such, staff is not recommending any labor reductions in the upcoming budget. We're confident we have budgeted thoughtfully and responsibly over the past several years, allowing us to weather the current storm.

## New Year Priorities

There are several new projects and ongoing initiatives that will continue our upward trajectory and investment in Kingsburg quality of life.

Unfortunately, the City lost a 100+ year old historic building to a structure fire in October 2016. Known by many as the former Hotel Stone, the building housed four separate small businesses, while the second story sat vacant. While the businesses have been relocated, the property was purchased and demolished this past year.

Serving as a focal point to the western entry to Draper Street and identified as a key property in the downtown corridor, the Council entered into a development agreement with the property owner to create mixed-use living/retail on the former Hotel Stone site. The new building will host 10 market-rate apartments with ground floor commercial space. Construction has been delayed due to COVID-19 impacts but is still slated to begin in 2020.

In addition, the building formerly housing Wood Apparel will open in summer 2020. The building, vacant for over 25 years, is currently being brought back to life through the investment of local business owners.

## Staying the Course

In April 2017 Kingsburg was proud to be the first community in California to utilize the Community Planning Action Team (CPAT), a program of the American Planning Association. The program brought six expert planners from throughout California to provide a fresh look at recommendations to continue our downtown resurgence and ensure we remain proactive.

The City has been aggressive with implementing their recommendations. This includes providing capital funds to help implement new signage and pedestrian improvements. Currently, a steering committee comprised of downtown merchants is working on the logistics of creating a Business Improvement District that would provide annual funding for activities that would benefit the downtown and its business/property owners.

# Letter From the City Manager

## Public Safety Focused

Measure E is a 1% public safety tax that passed with approximately 72% approval in 2018.

In the first few years of collecting new revenue, investment in public safety came swiftly, including:

- 6 New Employees (3 Police, 3 Fire/Medics)
- KPD - Tasers, Rifles, Tablets for Patrol Squads
- KPD - New Patrol Vehicles
- KFD- New Fire Engine
- KFD – new line radios
- KFD – New Personal Protective Equipment (PPE)

The coming year includes additional public safety activity:

- Maintains 6 employees from previous year (3 KFD, 3 KPD)
- KPD - Adds additional Public Safety Tech. 7/1/2020
- 4 KPD Patrol Vehicles (2 additional from General Fund)
- KFD – Station Safety Improvements
- KFD - Purchase New SCBA Filling Station
- KFD – New Personal Protective Equipment (PPE)

## Quality Housing

Both revenues and expenditures have been influenced by the uptick in commercial and single-family residential building activity. Because of COVID-19 FY21 conservatively projects revenues for the upcoming year related to housing. We are cautiously optimistic that consumer confidence will continue to drive the market for new housing, but we will reevaluate our revenue predictions throughout the first six months of the new fiscal year.

Perhaps most importantly, all housing is required to meet development standards, which ensures high-quality development.

New housing tracts include pedestrian pathways, bike friendly access, and new neighborhood parks. Each of the subdivisions meets the specifications of the North Kingsburg Specific Plan, which places emphasis on quality of housing and neighborhood uniqueness.

In addition, the City has again partnered with Fresno Housing Authority to provide low-income housing options. A new Senior-living facility is currently underway, with completion slated towards the end of 2020.

## In Conclusion

The 2020-2021 budget highlights the projects, people and goals that will guide the City of Kingsburg in the coming year. The budget presented is one that is structurally balanced, promotes engagement, and continues to invest in safety and community.

We're committed to providing the highest level of service and quality of life to our citizens. This budget document hopes to recognize the values that make Kingsburg what it is today, and is a reflection of each of our employees, businesses, and residents. Special thanks to the City's Finance Director, Alma Colado, Administrative Services Director, Christina Windover, and all staff who were a part of presenting the FY21 budget. We hope you find it a useful tool.

Respectfully,

Alexander J. Henderson; ICMA-CM

# 2018-2023 STRATEGIC PLAN

# CITY OF KINGSBURG

# 2018-2023 Strategic Plan

## Executive Summary

---

This document will serve as the City of Kingsburg's 2018-2023 Strategic Plan. Its purpose is to help the City prioritize its efforts, allocating both fiscal and human resources to achieve a shared Vision and Goals that also reflect community priorities and needs. The Plan is the result of a comprehensive review by Regional Government Services (RGS) of the City's current operations and finances, interviews with staff members and discussions with City Council members and an online survey taken by Kingsburg residents.

The findings and conclusions of the review and survey results were presented to Council and staff at a one-day Study Session that was held Saturday February 24, 2018. The Study Session, which was open to the public, resulted in the development of a Mission Statement, a Vision Statement, a set of Core Values and six Goals to guide the City's future operations.

## The Goals

---

The City Council identified six Goals at its Strategic Planning Workshop on February 24, 2018. They are:

---

### Strategic Goals:

1. Ensure Financial Stability

---

2. Improve Public Safety

---

3. Increase Retail Opportunities

---

4. Improve Community Communication

---

5. Provide Recreation Opportunities for All Ages

---

6. Promote Sustainable Development

---

## Implementation

---

The role of the City Council is to establish Goals based on community input and fiscal viability. The role of the City Manager is to develop Strategies to achieve those goals. City staff, under the direction of the City Manager, will develop specific tactics to implement the Council's plan.

The Strategic Plan is meant to serve as a living and working document, which will be updated by Council and staff on a regular basis.

## Conclusion

The 2018-2023 Strategic Plan captures the Goals, suggested programs, projects and initiatives suggested by Council and staff over the course of its development. The Goals that are included represent **the highest priorities** for City Council. Should other sources of revenue be identified, the City may revisit this Plan and adapt it as needed. For now, by limiting the City’s efforts to these key areas, the City of Kingsburg will be better positioned to achieve its long-term vision and maintain its fiscal viability.

# Mission, Vision and Core Values

The purpose of establishing the City's Mission, Vision and Core Values is to clearly define why the City was incorporated; how the City Council envisions its future and what principles Council and Staff will adhere to as part of conducting its business.

## **Our Mission**

---

*To provide quality, professional services and a safe family-orientated community for our diverse residents to thrive.*

---

## **Our Vision**

---

*The City of Kingsburg is a unique, safe, affordable and welcoming community with a thriving themed downtown and recreation opportunities for all ages.*

## **Our Core Values**

---

*Integrity*

*Collaboration*

*Transparency*

*Mutual Respect*

*Customer Service*

*Innovation*

# Goals

Each Goal is intended to focus the City's fiscal and human resources on areas of highest priority.

## 1. Ensure the City's Continued Financial Stability

---

The City Council, management team and community value the City's commitment to maintain adequate reserves and working with a balanced budget. Strategies to support this Goal include:

- Maintain sound, responsible fiscal policies regulating debt and establish parameters for reserves.
- Prioritize use of discretionary funds based on the 2018-2023 Strategic Plan Goals.
- Continue to seek local, regional and federal grant opportunities to support City projects, programs and initiatives.
- Explore options to reduce pension liabilities.
- Provide transparency in all activities related to municipal finance and ensure that financial records are accurate, reliable and timely.

## 2. Improve Public Safety

---

Public Safety continues to be a top priority for the City Council. In this context, Public Safety includes law enforcement, and maintenance and improvement of infrastructure such as roadways and the water system. Strategies include:

- Ensure adequate funding for appropriate levels of staffing for law enforcement and fire department personnel.
- Support local and regional partnerships for mutual aid.
- Continue to update emergency operations plan(s) and ensure appropriate staff training and engagement for implementation.
- Support emergency preparedness throughout the community.
- Maintain safe, well-lit streets and roads.
- Monitor treatment, storage and delivery systems to ensure safe, reliable delivery of water.
- Consider volunteer support services to augment staff.

### 3. Increase Retail Opportunities

Increasing retail opportunities - especially in the Downtown area - is a top priority for the City Council. The City needs to focus its efforts in areas with the highest likelihood of success. As such, Strategies to support this Goal include:

- Support the creation of a Downtown Business Association.
- Work with Community Development to solicit feedback from businesses and developers on the permit approval and other processes and provide recommended solutions for consideration by the City Manager and/or City Council.
- Explore the use of technology to provide tools to support local businesses.

- Support efforts that promote beautification of the physical environment.
- Support sustainable programs to promote local businesses and/or improve the downtown area.
- Facilitate the development of a “brand identity” for the City.

#### 4. Improve Community Communication

---

The Council believes communication with residents and the business community is essential to the long-range viability of the City. Strategies include:

- Proactively communicate positive news about the City to residents, businesses and surrounding communities.
- Utilize social media to disseminate positive news, milestones and accomplishments.
- Develop a marketing/branding plan to promote the City.
- Coordinate efforts with the Chamber of Commerce.
- Utilize the City’s Youth Council.

## 5. Provide Recreational Opportunities for All Ages

---

Healthy, active communities are happier and safer. The entire City Council placed a high value on recreational opportunities and programs for Kingsburg's residents, especially youth and seniors. Strategies to support this Goal include:

- Maintain and refresh existing parks, trails and facilities.
- Promote community collaboration to deliver programs and activities for youth and seniors.
- Explore opportunities for public-private partnerships to deliver programs and services.

## 6. Promote Sustainable Development

---

The Goal of Promoting Sustainable Development reflects the City Council's desire to plan for the long-term health of the City through thoughtful and careful planning. Strategies include:

- Update the City’s General Plan and Zoning Code.
- Promote infill and mixed-use development.
- Educate the public about community planning.
- Increase incentives for multi-family housing.

## Benchmarks

Over the next five years staff will provide progress reports to the City Council and the community on the implementation of the Strategic Plan citing specific examples of fulfillment. Agenda items and staff reports will be tied to the achievements of attaining individual Goals.

## Summary and Recommendations

Following the adoption of the Strategic Plan, individual Departmental Implementation Plans will be developed and incorporated into this Plan as tactics to support each Goal and Strategy, including ongoing engagement and communications with the public. It is recommended that the City Council review the 2018-2023 Strategic Plan annually at minimum to gauge progress towards achieving its goals.

## Development of the Plan

### Research

---

RGS, as part of this process, conducted a substantial amount of research. This research included a thorough review of the following:

- The City's Annual Budget;
- The City's Capital Improvement Plan;
- Review of City Council Meetings (Agendas, Minutes and Broadcasts);
- Review of News Articles, Prior Election Results and Other Materials;
- Demographic Data;
- Economic Trends (Local and Regional); and
- On-Line Survey Results.

## **City Council and Staff Interviews**

---

Staff participation and input is critical to the implementation of a successful Strategic Plan. Individuals representing all departments were engaged in a series of interviews and were asked to identify the City's strengths and weaknesses. Interviews were held via conference calls with the management team and key staff members from all City departments. We also spoke individually with the Mayor and Council members to discuss their goals for the Strategic Plan and learn more about their priorities for the City.

## **Council Study Session**

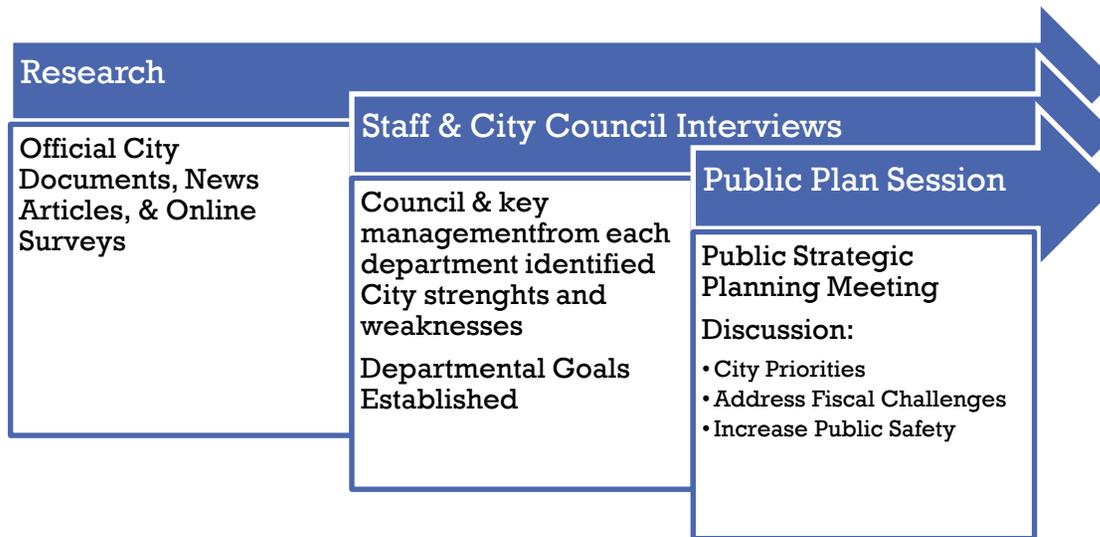

---

The Kingsburg City Council and staff attended a one-day Study Session on February 24, 2018. The purpose of the session was to identify areas of concern and address appropriate priorities for the City moving forward. Discussion revolved around the following topics:

- What should the City's main priorities be now and in the future?

- How can the City best address its fiscal challenges?
- How can the City increase public safety services?
- What types of housing and business development does Kingsburg need to remain viable?
- What steps should be taken to improve the Downtown area?

# Performance Measurement

## How Do We Know If We Are Succeeding?

---

The City of Kingsburg uses performance measurements to help guide staff towards accomplishing the City's organization-wide strategic goals of:

- Ensuring Financial Stability
- Improving Public Safety
- Increasing Retail Opportunities
- Improving Community Communication
- Providing Recreation Opportunities for All Ages
- Promoting Sustainable Development

Performance measurement supports the City's core values of integrity and transparency and promotes continuous improvement in public service. Use of historical trends and analyzing our outcomes and outputs allows us to identify how we can advance our core values of innovation and customer-service. Staff has begun tracking data across all departments to align the work we do with the City Council's strategic goals. We trust we will continuously improve service to the residents of Kingsburg. Below is a small sample of some of the performance measures that the City collects in order to illustrate how the City uses the data for continuous improvement.

### 1. Ensure the City's Continued Financial Stability

---

The City Council, management team and community value the City's commitment to maintain adequate reserves and working with a balanced budget. Performance Measurements to support this Goal include:

**Goal:** Maintain sound, responsible fiscal policies regulating debt and establish parameters for reserves.

**Analysis:** Council adopted a financial resolution that created a ‘waterfall’ policy that designates any surplus funding to three designated funds:

1. CalPERS UAL (70%)
2. Economic Stabilization (15%)
3. Equipment Reserve (15%)

All three funds are designed to leverage the City’s current financial health to plan for the potential impact of future years.

In FY20, the Council made \$850,000 in additional discretionary payments to CalPERS resulting in an estimated interest savings totaling \$1,229,733 (~44% ROI), or approximately 17.5% of our outstanding UAL.

The city’s UAL contribution is set to increase an additional \$65,000 in FY21, with over \$600,000 in total UAL payments.

**Goal:** Continue to seek local, regional and federal grant opportunities to support City projects, programs and initiatives.

**Analysis:** City staff and Council continuously seek grant opportunities to support City programs, projects, and initiatives. The FY 19/20 Budget projects to receive \$3,546,117 in federal, state, and local funding.

**Goal:** Explore options to reduce pension liabilities.

- City Council adopted a policy to waterfall 70% of surplus funds from the fiscal year to a pension stabilization fund.

**Goal:** Provide transparency in all activities related to municipal finance and ensure that financial records are accurate, reliable and timely.

- Transparency practices include posting the budget to the City’s website, hosting public hearings related to City finances, City Council and Finance Committee review of financials. Annual submission to the Government Finance Officer’s Association for Distinguished Budget Presentation Award and hiring independent auditors annually.

**Analysis:** Staff submitted the FY 2019/2020 Government Finance Officers Association (“GFOA”) for Distinguished Budget Presentation Award application and received the award for the 5<sup>th</sup> consecutive year.

## 2. Improve Public Safety

Public Safety continues to be a top priority for the City Council. In this context, Public Safety includes law enforcement, and maintenance and improvement of infrastructure such as roadways and the water system. Performance measures include:

**Goal:** Ensure adequate funding for appropriate levels of staffing for law enforcement and fire department personnel.

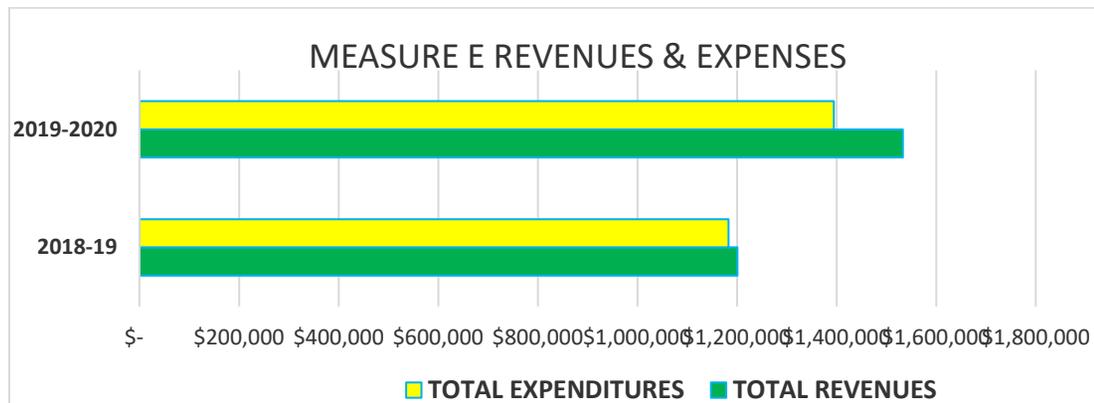

**Analysis:** The City contracted police dispatch operations in 2016 to the Fresno County Sheriff's Office. Savings from the transition helped fund an additional sworn officer. A public safety tax (Measure E) was approved by voters in 2018 creating a 1% safety tax. Measure E has allowed the City to hire 3 firefighter/paramedics and 2 police officers. In FY 19/20, an additional police officer will be hired and continued funding for the 5 new positions. Fifty percent of the General Fund is allocated to the Police Department.

**Goal:** Support local and regional partnerships for mutual aid.

**Analysis:** California state law requires law enforcement and EMS providers to partner with local, regional, state, and federal agencies for mutual aid. The City of Kingsburg Police Department has 11 mutual aid partnerships/agreements with various agencies above and beyond what is mandated by law.

The Kingsburg Fire Department has automatic/mutual aid agreements with our neighboring departments including the cities of Selma, Sanger and Fresno, Tulare, and Kings County. Kingsburg Fire Department is also an active participant in the statewide mutual aid plan managed by the California Office of Emergency Services.

**Goal:** Support emergency preparedness throughout the community.

**Analysis:** Measure E will provide an additional \$1.2 million in public safety revenue in FY18/19 and is projected to provide an additional \$1.5 million in public safety revenue in FY 19/20 to support emergency preparedness throughout the community. Measure E fund expenditures include funding for equipment, a new fire engine, patrol vehicles, and increased public safety staff.

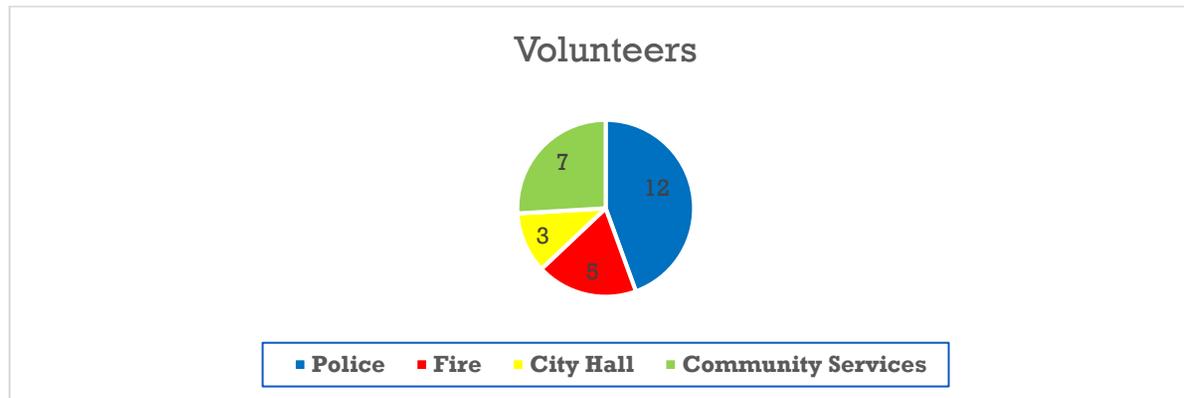

**Goal:** Maintain safe, well-lit streets and roads.

- The City has made street lighting a requirement for all new development. City streetlights were retrofitted to LEDs in FY18/19.

**Goal:** Monitor treatment, storage and delivery systems to ensure safe, reliable delivery of water.

- The City's Water Department conducts routine tests of the City's water. The City has a 100% passage rate for the last 5 years.

**Goal:** Consider volunteer support services to augment staff.

**Analysis:** The City appreciates the countless hours the community has volunteered in FY 18/19 with 25 volunteers. The City's goal for FY 19/20 is to increase volunteers to 30 with most of the growth at City Hall and Public Works.

### 3. Increase Retail Opportunities

Increasing retail opportunities - especially in the Downtown area - is a top priority for the City Council. The City needs to focus its efforts in areas with the highest likelihood of success. As such, Strategies to support this Goal include:

**Goal:** Support the creation of a Downtown Business Association.

- Creating a Downtown Business Association is in process. Within the last 18 months, 25 new businesses have opened in Kingsburg.

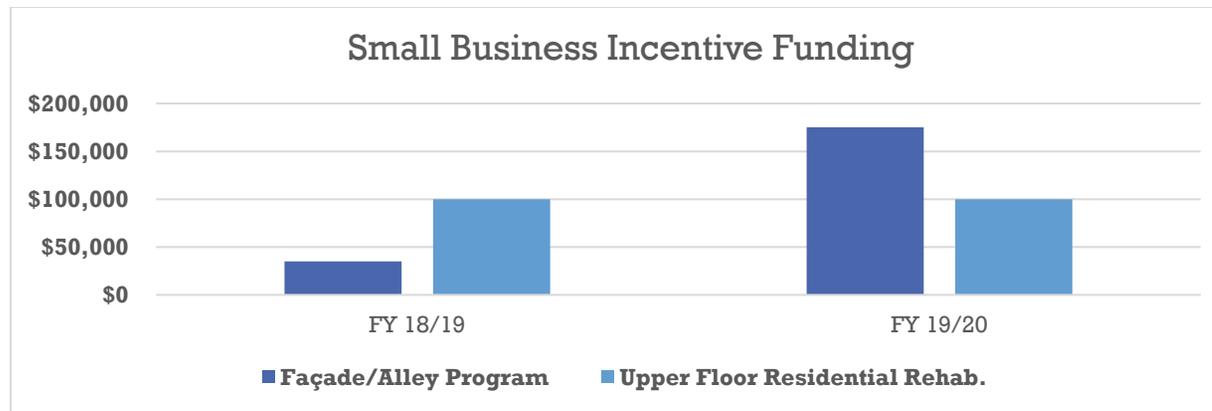

**Goal:** Work with Community Development to solicit feedback from businesses and developers on the permit approval and other processes and provide recommended solutions for consideration by the City Manager and/or City Council.

- The City continually seeks feedback from residents, businesses and developers. City Council has approved a 21-day permit process.

**Goal:** Explore the use of technology to provide tools to support local businesses.

- Free wi-fi has been implemented in the downtown corridor. The City is currently exploring options for surveillance cameras to promote public safety and business security. The City installed a solar electric vehicle charging station in the downtown corridor, public parking area.

**Goal:** Support sustainable programs to promote local businesses and/or improve the downtown area.

**Analysis:** The City has a multitude of programs to support local businesses and improve the downtown area including 9 economic development incentives and the façade/alley program and upper floor residential rehabilitation programs.

**Goal:** Facilitate the development of a “brand identity” for the City.

- The City partnered with the Community Planning Action Team (CPAT) for recommendations for sustained growth of the downtown. CPAT recommended the purchase of wayfinding signage and street banners to provide a unified brand

identity throughout the downtown corridor and at major entry points to the City. The City’s signature “dala horse” and Swedish theme is incorporated throughout.

#### 4. Improve Community Communication

The Council believes communication with residents and the business community is essential to the long-range viability of the City.

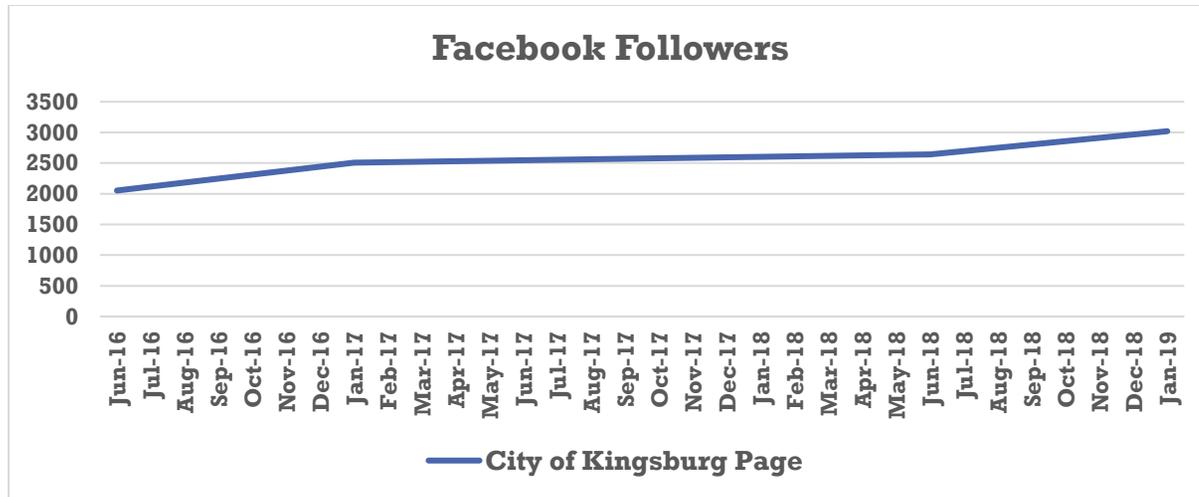

**Goal:** Proactively communicate positive news about the City to residents, businesses and surrounding communities.

**Analysis:** The Kingsburg Carrier is a weekly email newsletter that provides residents with important community news about the City, upcoming events, and updates on City Council and City staff initiatives. The subscription rate continues to increase annually. The Carrier is also shared via Facebook and Twitter two times a week to reach a broader and more diverse audience.

**Goal:** Utilize social media to disseminate positive news, milestones and accomplishments.

**Analysis:** The number of Facebook users who follow the City’s Facebook page and receive City posts in their newsfeed helps us determine the scope of the reach we have via social media and how well social media is being marketed.

**Goal:** Coordinate efforts with the Chamber of Commerce.

- The City provides funding to the Chamber of Commerce annually to support its efforts to promote Kingsburg businesses and community events. City staff and Councilmembers work hand-in-hand with the Chamber of Commerce and their Board of Directors.

## 5. Provide Recreational Opportunities for All Ages

Healthy, active communities are happier and safer. The entire City Council placed a high value on recreational opportunities and programs for Kingsburg’s residents, especially youth and seniors. Strategies to support this Goal include:

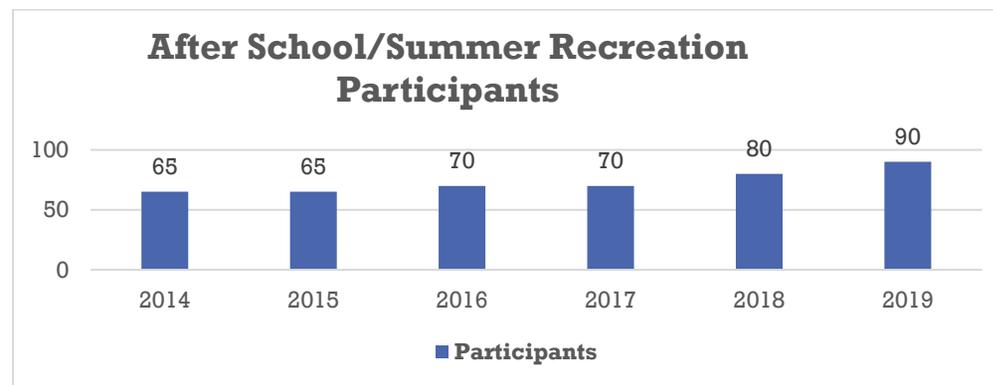

**Goal:** Maintain and refresh existing parks, trails and facilities.

: The City plans to extend the miles of trails and bike lanes within the City and to require pedestrian space in all new housing developments.

### Analysis

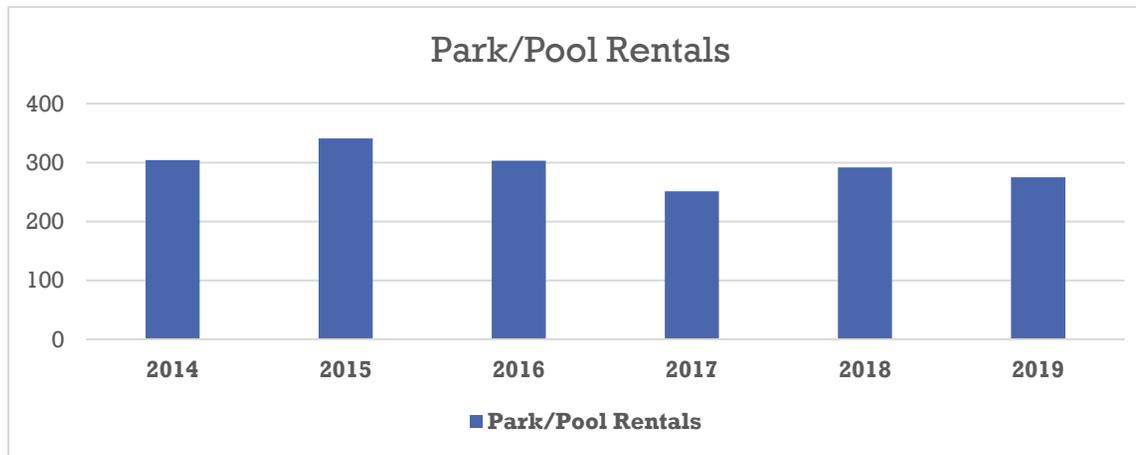

- The City partnered with the Kingsburg Tri-County Health Care District to add a new skate park, fitness court, and play structure to Athwal Park in 2019. The Health Care District contributed \$600,00 toward the project.

**Goal:** Promote community collaboration to deliver programs and activities for youth and seniors.

**Analysis:** The City's After School Recreation Program and Summer Recreation Program are low-cost programs that provide recreational and some educational opportunities daily after school until 5:30pm or from 7am-5:30pm during the summer. They are two of the lowest cost childcare options in the City. The program has grown from accepting 65 participants per year/per program to 90 participants per year/per program. At the current rate of \$130/month, 49 students were waitlisted for the 18/19 program year and 31 were waitlisted for the summer. The City is currently exploring options to increase the number of program participants.

The City offers multiple programs and activities for all ages. Youth programs include: After School Recreation, Summer Recreation, Junior Lifeguarding, Red Cross Swim Lessons, and more.

**Analysis:** The City allows residents and non-residents to rent park spaces and the Crandell Swim Complex (pool). The average number of park/pool rentals per year is 298 and the median is 303. Our target is 280. Revenue generated from park rental fees help offset parks and recreation expenses.

Activities for seniors include: Free or reduced lunch program, bingo, exercise classes, aqua aerobics, and more.

**Goal:** Explore opportunities for public-private partnerships to deliver programs and services.

- The City recently was awarded \$600,000 in local grant funding to improve parks and recreation opportunities in Kingsburg.
- The City received \$5,000 during the FY 18/19 to support the City’s Trap, Neuter, Release program to address the feral/stray cat population humanely.
- The City offers a “micro-grant” program to support projects or programs that increase recreational opportunities in Kingsburg. This is a matching grant for up to \$15,000.

## 6. Promote Sustainable Development

---

The Goal of Promoting Sustainable Development reflects the City Council's desire to plan for the long-term health of the City through thoughtful and careful planning. Strategies include:

**Goal:** Promote infill and mixed-use development.

- The City has a multitude of programs to support local businesses and improve the downtown area including 9 economic development incentives and the façade/alley program and upper floor residential rehabilitation programs. (See Increase Retail Opportunities).

**Goal:** Educate the public about community planning.

- The City seeks to engage and educate the public about community planning using multiple forums including social media (Facebook, Twitter, Instagram), the local news, public meetings, Coffee with the City Manager, email newsletter, etc. (See Increase Community Communication).

# Basis of Accounting and Budget

Basis of accounting and budget refers to the concept of recognizing the time a transaction has occurred for the purpose of recording that transaction. Below is a description of the various fund descriptions and the related basis of accounting used for both the budget and the City's annual financial report.

## Governmental Funds:

The City's governmental funds use a modified accrual basis of budgeting and accounting. Revenues are recognized as soon as they are both measurable and available. Expenditures generally are recorded when a related liability is incurred, as under accrual accounting.

## Proprietary Funds and Fiduciary Funds:

The City's proprietary funds or enterprise funds use a full accrual basis of budgeting and accounting, which recognizes revenues when earned, and expenses are recorded when a liability is incurred. The budget is prepared on the same basis as the City's annual financial statements. The fiduciary funds are treated according to the nature of the fund. Agency funds are custodial in nature (assets equal liabilities) and do not measure results of operations. Fiduciary funds use a modified accrual basis.

## The City's fund structure contains the following funds:

1. General Fund
2. Recreation Fund
3. Special Revenue Fund
4. Enterprise Fund
5. Capital Improvement Projects
6. Development Impact Fees
7. Risk Management/Internal Service Fund
8. Grant Fund
9. Finance Authority
10. Redevelopment Successor Agency
11. Landscape and Lighting District 93-01

## Major fund summaries:

1. **General Fund and Recreation Funds:** The General Fund is the chief operating fund of the City. This fund accounts for the normal activities of the City (i.e. police, public works, general government, etc.). The major revenue sources for this fund are tax levy, intergovernmental revenues, licenses and permits, fines and forfeiture, interest income and charges for services. The major expenditures for this fund are public safety, public works, building inspections and general government. The Recreation Fund is a sub-set of the General Fund, which funds of the Senior Center and Crandell Swim Complex, along with revenues from fees for service and JPA reimbursements.
2. **Special Revenue Fund:** The Special Revenue Fund is comprised of revenues from state and local government programs such as: Highway User Tax revenues (Gas Taxes from California Senate Bill 1), and Local Transportation Funds 3, and 8, and Measure C (County funds for road and sidewalk repair). The Special Revenue Fund accounts for the maintenance and improvement of the City's roads, streets, sidewalks, and traffic-related improvement projects.
3. **Enterprise Fund:** The Enterprise Fund is generally supported by fees for services from water, utility, recycling, green waste, and street sweeping charges, and fire/ambulance revenues. Tying fees and services together

through an enterprise fund has the advantage of allowing the public to see how much it costs to provide services, and why the fees are set at certain levels.

4. **Risk Management/Internal Service Funds:** The Internal Service Funds is a newly created fund that was established to account for any activity that provides services/goods to other funds and departments. The City's Internal Fund comprises of the risk management expenses and revenues that each department/fund incurs on an annual basis. The primary expenditures to this account are for worker's compensation premiums and general liability insurance premiums.
5. **Grant Funds:** The City's Grant Fund includes various local and federally funded community improvement projects such as Community Development Block Grants, road/sidewalk repairs, and clean air/sustainable community Grants. Grant funds are also supplemented by matching City funds.
6. **Capital Improvement Fund:** City staff determines capital improvement investment based on community need to proactively address citizens' concerns, invest in the City's infrastructure, and to provide new quality of life advancements that enhance Kingsburg. City staff provides a Capital Improvement Plan (CIP) on an annual basis that serves as a five-year plan for planning processes. Capital improvement projects include infrastructure repair/improvements, equipment purchases, economic development initiatives and programs, and more. This fund includes budgets from the General Fund, Pool, Federal Grants, Local Transportation, Measure C, Water and Ambulance Enterprise.

# Behind the Numbers: CalPERS Pension Funding

## California Public Employees Retirement System “CalPERS”

The City of Kingsburg partners with the California Public Employees Retirement System (CalPERS) to manage employee pension benefits for City employees, retirees, and their families. As a result of rising pension costs and to ensure the long-term sustainability of the CalPERS fund, the CalPERS Board of Administration approved major reforms beginning in 2013. The first reform, known as the Public Employees’ Pension Reform Act (PEPRA) in 2013 caused the City and employee contribution rates to steadily rise beginning in FY 2015-16. It was an amortization and smoothing policy that raises the contribution rates at the beginning of every fiscal year. The following chart illustrates the City’s increasing contribution rates from 2015 to 2020.

Employee Type	2015	2016	2017	2018	2019	2020
Classic-Safety	15.627%	16.656%	16.842%	17.614%	18.928%	20.585%
Classic-Misc.	8.003%	8.377%	8.418%	8.892%	9.680%	10.484%
PEPRA-Safety	11.153%	12.082%	11.990%	12.141%	13.034%	13.044%
PEPRA-Misc.	6.237%	6.555%	6.533%	6.842%	6.985%	7.732%

Additional rate increases were announced by the agency’s Board of Administration in December 2016, which will impact all state, school and public agencies that partner with them. The rate increases are a result of incrementally lowering the discount rate from 7.5 to 7.0 percent between fiscal year 2018-2019 to fiscal year 2020-2021.

The new rates for Kingsburg began July 1, 2018 and the rate changes approved by the Board were as follows:

- FY 2018-2019: 7.375%
- FY 2019-2020: 7.25%
- FY 2020-2021: 7.00%

### What is the Discount Rate?

The discount rate is the long-term interest rate used to fund future pension benefits. It is one of the key components of the Asset Liability Management cycle that CalPERS uses to balance assets with future pension obligations. The discount rate is also known as the assumed rate of return because it’s what CalPERS expects its investments to earn during the fiscal year. Lowering the discount rate, also known as the assumed rate of return, means the City’s normal costs and unfunded actuarial liabilities will increase.

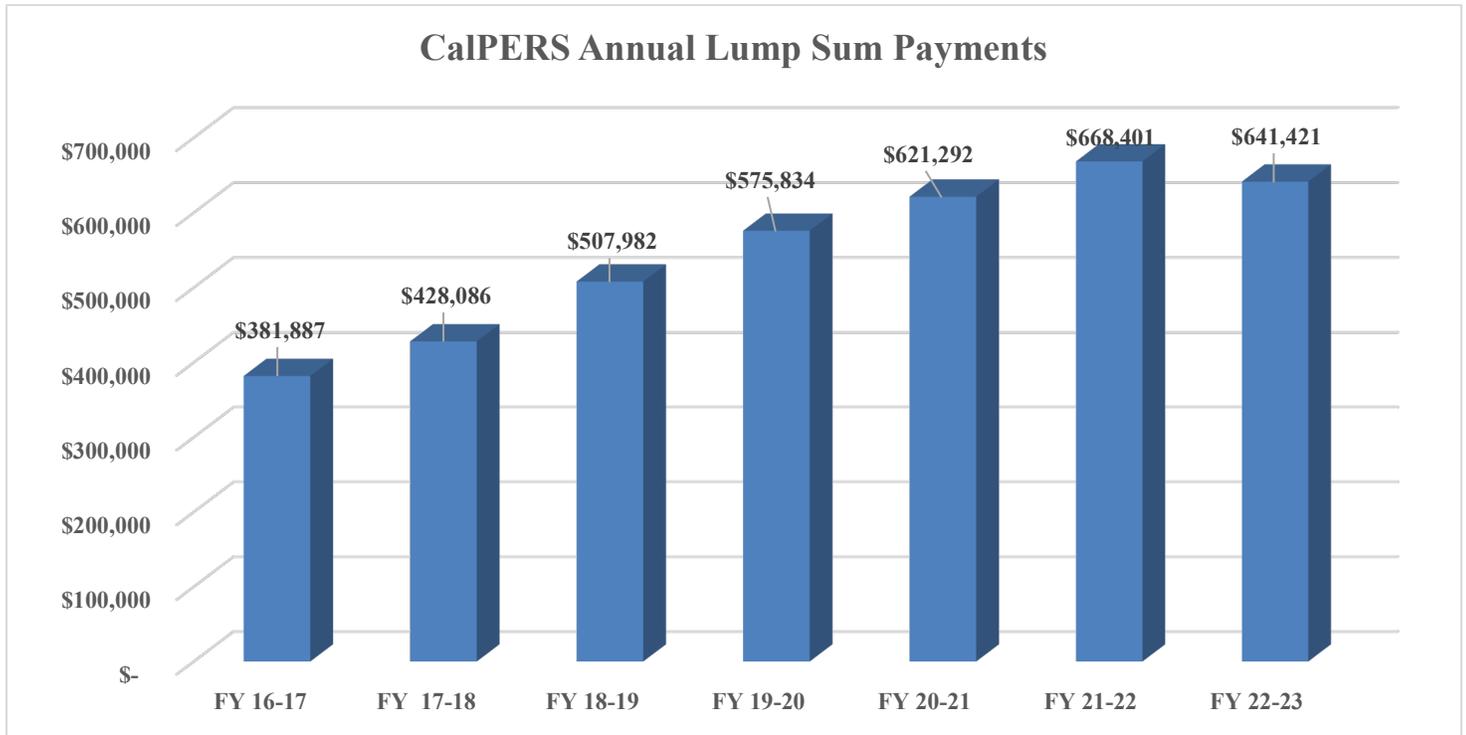

### What’s Behind the Numbers

The three-year reduction of the discount rate resulted in an average rate increase of 1 to 3 percent of normal cost (the cost of pension benefits for one year) as a percent of payroll for most miscellaneous retirement plans, and a 2 to 5 percent increase for most safety plans.

Many CalPERS employers will also see a 30 to 40 percent increase in their current unfunded accrued liability payments. These payments are made to amortize unfunded liabilities over 20 years to bring the Fund to a fully funded status over

the long-term. Having the ability to prepay CalPERS creates a financial benefit for the City because it decreases the payroll contribution percentages that the City owes. The following chart illustrates Kingsburg’s projected increases since fiscal year 2016-2017.

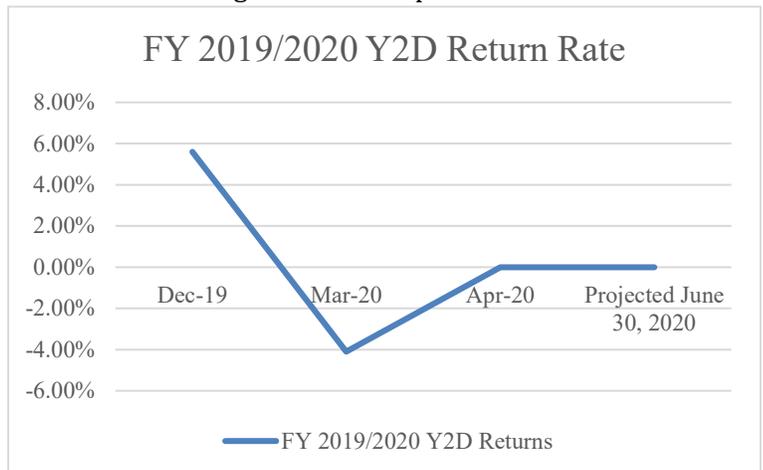

**COVID-19 Effects on Pension Costs**

The investment loss to the CalPERS fund from the COVID-19 pandemic compared to the assumed 7% return will be reflected in the June 30, 2020 CalPERS actuarial valuation reports. Any losses that the fund suffers in fiscal year 2019-2020 will not be payable to CalPERS until fiscal year 2022-2023 as part of the City’s 20-year Unfunded Accrued Liability (UAL) payment structure.

While the actual investment returns do not impact normal cost – only the UAL, any change to the expected return rate would impact both the normal cost and the UAL. CalPERS Asset Liability Management reviews the discount rate on a four-year cycle to avoid being overly reactive to any episodic circumstances such as the COVID-19 pandemic’s effect on the economy. The CalPERS chief investment officer has been discussing investment options with the CalPERS Board that have the potential to increase the probability of achieving the 7% return objective.

As of April 2020, the CalPERS Board reported the expected investment return for this fiscal year ending June 30, 2020 is estimated to be somewhere around zero. CalPERS does not anticipate lowering the discount rate at this time however, they have stated that there is a plan to review the various factors that go into determining a discount rate. The period slated for reviewing the discount rate will begin in June 2020 and will conclude at the end of the current 4-year cycle ending in November 2021.

CalPERS has stated that if the discount rate were reduced, the possibility of a phased approach of the reduction would be part of their discussions.

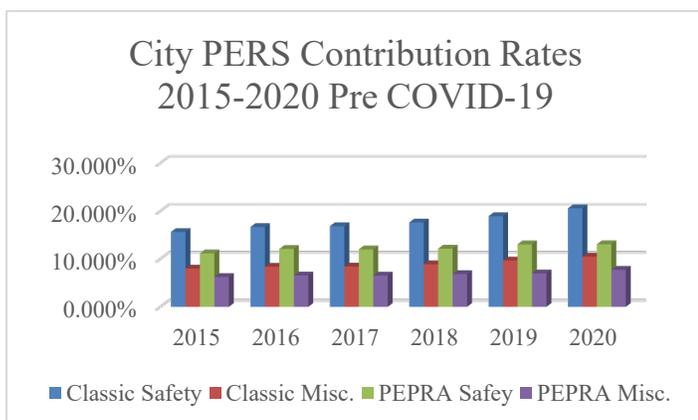

**What Now?**

Due to exceptional fiscal management, the City is currently able to make annual additional lump sum payments which reduce the City’s overall yearly pension expenditures. However, the City’s share of pension contributions will increase significantly in the future causing difficult challenges ahead regarding long-term sustainability. The City has been working with a private actuarial firm and CalPERS to assist with determining overall contribution increases and to explore investment options to help mitigate some of the increased unfunded liability payments over the next several years.

One of the main tools that the City has utilized to minimize long-term liability is with an “Additional Discretionary Payment” or an ADP, which reduces long-term interest payments. In order to address the looming issue related to a steady increase in PERS payments, council created a policy that utilizes surplus monies to self-fund future obligations. In October 2019, the city’s UAL fund had a balance of \$2,352,240. Our long-term liability was ~\$7,000,000. Most of this funding came from one-time revenues (sale of property), as well as utilizing the new policy that allocates 70% of surplus to this fund. Staff expects this fund to grow after the completion of the 2019 audit, which will determine the final surplus from FY2019. Staff estimates an additional ~\$400,000 will be added to the UAL fund. CalPERS has provided useful worksheets based upon 2018 actuarial data (the most recent) that allows cities to predict what long-term savings could be possible through the use of ADP. Staff has utilized the worksheets and worked closely with our CalPERS actuarial representative to select funds (each plan is made up of a series of funds), in order maximize our ADP. Council approved the following ADP in the fall of 2019:

- Classic Miscellaneous Employees
  - \$300,000 ADP towards 2016 Asset Gain/Loss: Savings of \$447,511
- Classic Police Safety Employees
  - \$300,000 ADP towards 2016 Asset Gain/Loss: Savings of \$437,992
- Classic Fire Safety Employees
  - \$192,550 towards 2016 Asset Gain/Loss: Savings of \$263,842 (pays off fund)
  - \$57,450 towards 2015 Asset Gain/Loss: Savings of \$80,388

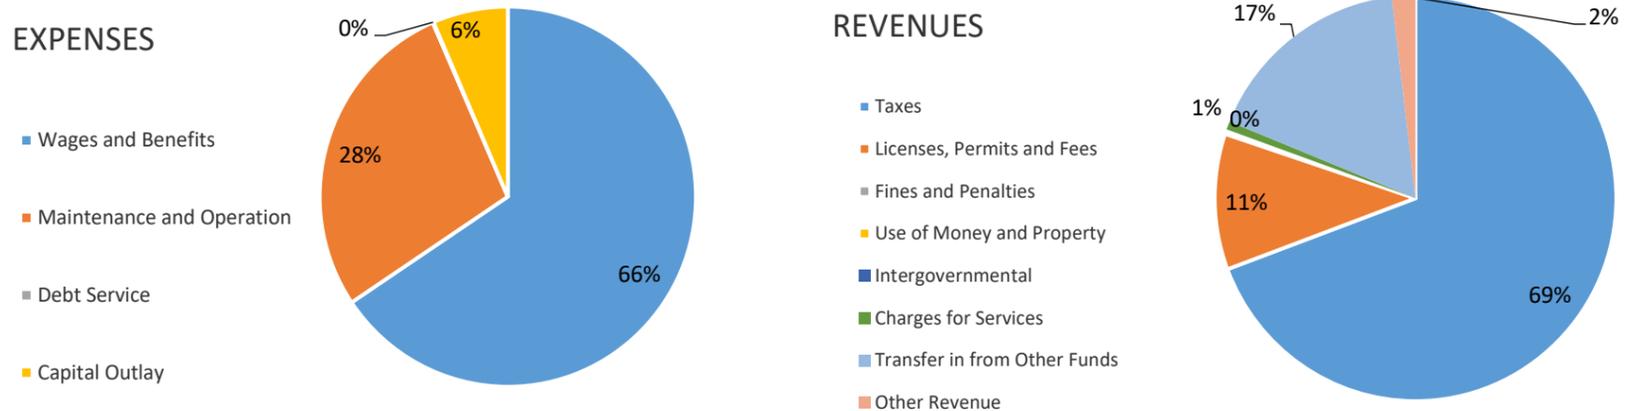

Staff recommended higher amounts for the Miscellaneous and Police plans due to their higher overall liability payments. This is because the Fire Safety plan has been in existence for a shorter period. The City made a total of \$850,000 in ADP in early October 2019, resulting in an estimated interest savings totaling \$1,229,733 (~44% ROI), or approximately 17.5% of our outstanding UAL. Payments of \$850,000 would reduce the city’s UAL fund to \$1,502,240, prior to any adjustments made after the audit is complete.

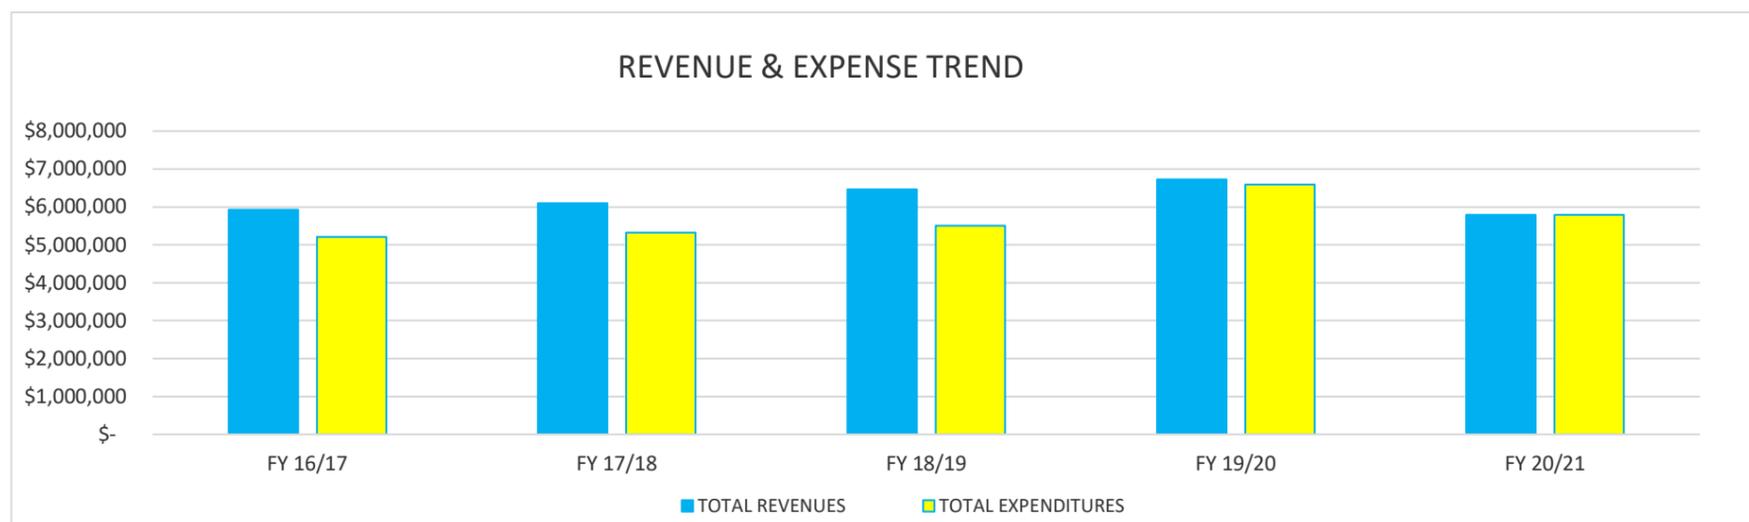

# GENERAL FUND SUMMARY

**Description:** The general fund is largest fund and serves as the main discretionary fund. The majority of expenditures come from wages and benefits, with several different forms of revenues, the largest coming from property and sales taxes.

**Budget Highlights:** The general fund is expected to continue to hold a healthy fund balance through at the end of the 2021 FY. Higher than anticipated building related revenues and budget conscious spending will allow for more flexibility with one-time purchases.

# Crandell Swim Complex

**Description:** This department takes care of all the functions and expenses of the City Pool. These include public swimming, Red Cross lessons, Group & Team Rentals and all the maintenance of the pool. Revenues include reimbursement through a JPA with the Kingsburg Joint Union High School.

**Budget Highlights:** Pool revenues remain relatively consistent with subsidy for operations from the City's General Fund. Funding is incorporated for operations as well as capital for equipment replacement. The City shares eligible operational costs 50/50 with the High School through a JPA.

# Senior Center

**Description:** The Kingsburg Senior Center offers recreational, social, educational and nutritional programs to seniors 55 and older. Costs identified in this budget include staff salaries and benefits and direct costs for Nutrition and Outreach Programs. The City receives Federal Grants to supplement the funding for these services.

**Budget Highlights:** There is a an increase in the Federal subsidy provided for annual lunches. Most of that is being offset by raises in wages (due to minimum wage changes) for support staff.

# GAS TAX FUND

**Description:** Cities and Counties receive Highway User Tax revenue under separate formulas for the allocation of funds to support engineering, administration and general maintenance to local roads.

**Budget Highlights:** Gas Tax revenues are influenced heavily by current gas sales and the State of California's apportionment of funding to localities. SB1, passed in 2017 sends additional funds to localities for road improvement. These revenues are funded through increased fees in several areas related to transportation.

# LOCAL TRANSPORTATION FUND ARTICLE 3

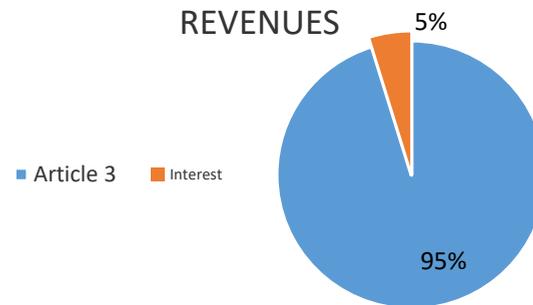

**Description:** This program receives its funding from State Local Transportation Funds which are administered and disbursed by the Council of Fresno County Governments (COG). This program is commonly referred to as LTF Article 3 because of its identifying section in the State Public Utilities Code. Article 3 funds are restricted to pedestrian bicycle and sidewalk use.

**Budget Highlights:** LTF3 includes a portion of funds for FY21 for the Madsen Ave Bike Path extension and Sidewalks 18th Ave (local match). Staff identified areas are addressed and brought into compliance on an annual basis. Often, this fund is banded with other projects to address several locations under one contract.

# LOCAL TRANSPORTATION ARTICLE 8

**Description:** This program receives its funding from State Local Transportation Funds which are administrated and disbursed by the Council of Fresno County Governments. This program is commonly referred to as LTF Article 8 because of its identifying section in the State Public Utilities Code. This fund is dedicated to the safety, maintenance and improvement of streets and alleys throughout the community.

**Budget Highlights:** The LTF8 fund includes a number of important infrastructure projects in FY21. Over \$400,000 will be spent in the coming year for local road improvement work. This includes preventative maintenance and reconstruction projects.

# MEASURE C FUND

**Description:** This program receives its revenue from a 1/2% sales tax increase approved by Fresno County voters in November, 1986. Funds are used for rehabilitation of existing streets, curb, gutter, sidewalk and drainage systems. The Measure C Tax was extended by voter approval through 2026.

**Budget Highlights:** Measure C funds are used on a number of projects related to local roads and sidewalks. For FY21, a number of capital projects are fully or partially funded utilizing Measure C funds.

# WATER SYSTEM

**Description:** The Water Fund handles all of the services of the water system. This includes delivery of water to customers, billing and collection and water connection fees. This enterprise fund provides clean and safe drinking water to the citizens of Kingsburg. The responsibilities for the accounting division and operations for the water system are shared between the Finance Department and Public Works Department.

**Budget Highlights** The Water fund expenditures include funding for capital projects including 1-2-3 TCP Well treatment. Funds are also designated for fees related to Sustainable Groundwater Management Act (SGMA) requirements.

# SOLID WASTE

**Description:** The Solid Waste Fund handles all refuse, recycling and street sweeping services. It is an enterprise fund that provides accounting for the services provided by the City's contracted hauler, Mid Valley Disposal. Salaries and benefits are spent on the utility billing administration needed to complete these activities.

**Budget Highlights:** The City's contract with the contracted hauler includes annual increases as determined by CPI.

# FIRE/AMBULANCE

**Description:** The Fire/Ambulance Department is the primary funding source for the Fire Department. Revenues for the fund are obtained from the General Fund, Ambulance transport fees, grants and various miscellaneous fees. The Fire Department handles all activities related to fire services, emergency transport services and coordinates the City's Emergency Management Program.

**Budget Highlights:** The FY21 budget reflects increases in IGT funds due to payor mix and increased EMS calls for service.

## CAPITAL IMPROVEMENT BUDGET SUMMARY

Annually, the City uses a needs-driven approach to develop its initial CIP. The proposed organizational process for developing the CIP involves the following steps:

### **Step 1: Organize the Process**

Staff met to establish the administrative and policy framework within which the CIP process would operate. Individual department heads develop capital requests based upon the City's adopted Strategic Planning goals. Council adopts an annual budget schedule that outlines the key dates for budget development.

### **Step 2: Develop Project Requests**

All department heads submit proposed capital improvement projects. Forms were made available that allowed for the required criteria to be submitted in a standard format. The department heads developed the proposed projects based on a realistic assessment of need. Because the City does not have sufficient funding capacity to meet all the capital needs, priorities are set. Departments that submit proposals typically will rank their own projects. A project's desirability depends on several factors – not only the project itself, but also on how it's accomplished, where it may be located, how much it costs and its funding source.

### **Step 3: Present Departmental Projects**

The objective is to put together a CIP that is sensitive to the policies that have been adopted and contained projects that related to organizational objectives.

### **Step 4: Screen, Evaluate and Prioritize Projects**

The most difficult task for staff normally occurs when evaluating and prioritizing the projects submitted for approval. This is a critical component of the CIP process. Project selection must correspond to the amount of money assumed available for capital spending. Shrinking funds and rising costs incurred in maintaining and rehabilitating deteriorating infrastructure make the process of selecting the most vital capital projects even more crucial and difficult. The merits of each project must be judged against the policies and criteria of the CIP process. Does the project conform in terms of location, size, service provided, relation to its service area, effect on land use patterns, and relation to public policy and community goals? More than merely a technical process, prioritization involves value preferences, policy choices and political actions. Throughout the examination of the proposed projects, staff attempted to overcome some inherent problems in the CIP process:

- A. Government projects are difficult to evaluate because of their diversity and the fact that many, essentially, are not comparable. Individual CIP project requests reflect the need to serve different constituencies and diverse community values. Staff must attempt to reconcile and balance conflicting project needs across a wide array of requests.
- B. Staff must continually approach the decisions required in this process rationally and analytically. While conflicting interests within the political process are acknowledged, staff must attempt to develop a plan that provides the most benefit to the entire community.
- C. It is inevitable that the number of projects requested exceeds available funding. In the endeavor to provide better service to the community, departments often

propose capital projects that, unfortunately, go unfunded. These projects are not dismissed, but rather are placed in the 5-year plan that is evaluated each year.

The initial review (evaluation of project impact) takes place without regard to funding availability and focuses on policies and the objectivity and judgment based on input from staff. In addition to strategic goals, staff also considers the following impacts of projects:

- Fiscal consequences.
- Health and safety effects.
- Community economic effects.
- Environmental, aesthetic, and social effects.
- Feasibility
- Implications of deferring the project
- Amount of uncertainty and risk.

Next, the projects are placed into the appropriate funding priority group in relation to their necessity or urgency. Staff has established the following classification system to prioritize proposed projects:

#### **Priority A - Essential**

Urgent, high-priority projects that are necessary. These include projects that are required to complete a major public improvement; projects that would address an emergency, or remedy a condition dangerous to public health, welfare, and safety, projects that would provide facilities for a critically needed community plan; projects needed to correct an inequitable distribution of public improvements in the past and projects vital to the economic stability of the City. A special effort is made to find sufficient funding for all of the projects in this group.

#### **Priority B - Desirable**

High-priority projects that should be addressed as funding becomes available. These include projects that have a justifiable benefit for the community and have the validity of planning and timing that have been credibly established.

#### **Priority C - Acceptable**

Worthwhile projects to be considered if funding is available. These are projects that are adequately planned, but not absolutely required, and could be deferred to a subsequent year if budget reductions are necessary.

#### **Priority D - Deferrable**

Low-priority projects which are desirable but not essential and can be postponed without detriment to the provision of other services.

In addition, projects may be eliminated from consideration if it is determined that they no longer provide for a valid community need or are unnecessary for City operations.

#### **Step 6: Select Projects**

In the end, the availability of funds each year, as approved by the Council upon the recommendation of the City Manager, determines the number of projects that are funded.

As with the measurement of project impacts in Step 5, placing projects in priority groupings relies on the judgment of staff, and is not a completely objective process. The criteria used are not subject to precise measurement. This judgment is not arbitrary and is done within the context of the plans, policies and the goals of the organization.

### **Step 7: Prepare and Adopt the CIP**

In Step 2 of the process, broad criteria are established to help staff plan capital improvement projects. As the process continues, and increasingly detailed information emerges, projects may be added, altered, or abandoned. Eventually, staff arrives at a final list of projects that is submitted to the residents and Council for review. Acceptance is not a commitment to finance the approved projects. Ultimately, approval of the final budget is the policy action that allocates funding to the capital improvement plan.

# RISK MANAGEMENT FUND

**Description:** The Risk Management Fund is an internal service fund that pays all non-medical insurance bills for the City. This includes Workers' Compensations, Employee Assistance Program, Life, Disability, General Liability, Property, Vehicle, and ERMA Personnel insurance, plus administrative fees charged by the Central San Joaquin Valley Risk Management Authority (CSJVRMA). This fund then allocates and charges these insurance costs to each fund and department based on an appropriate allocation basis. The fund's own small administrative costs are also allocated to each fund and department. The fund has a net income and a fund balance of zero each year, following full allocation of its costs.

# CALPERS UAL FUND

**Description:** The CalPERS UAL Fund is an internal service fund that includes 70% allocation of General Fund Surplus. The funds are restricted to use to help pay down existing pension liability. Council can decide to use the fund to help stabilize future budgets, provide additional payments to lower long-term liability, or to invest in a 115 Trust.

# ECONOMIC STABILIZATION FUND

**Description:** The Economic Stabilization Fund is an internal service fund that includes 15% allocation of General Fund Surplus (above the 20% policy reserve). The funds are restricted to use to help stabilize future budgets in the instance of lower than anticipated revenues (including more volatile revenues: sales tax, transient occupancy, and building related fees). Use of the funds would only be with the approval of Council.

# EQUIPMENT RESERVE FUND

**Description:** The Equipment Reserve Fund is an internal service fund that includes 15% allocation of General Fund Surplus (above 20% reserve policy). The funds are restricted to be used as a 'drop account' to help fund larger capital equipment items or to provided needed capital during revenue shortfall years. This will help avoid the deferral of capital items which then requires significant 'catch-up' years.

**Budget Highlights:** Funds are transferred to the General Fund for capital improvement expenses for FY20.

## Debt Service Overview

The City generally incurs long-term debt to finance projects or purchase assets which will have useful lives equal to or greater than the related debt. The total City debt is \$5,484,625, and the total estimated actual value of property is \$927,938,110. Our debt to value ratio is currently at .59%. Following are the City's debt service funds.

### KINGSBURG JOINT POWERS AUTHORITY BONDS

The Kingsburg Joint Powers Authority (“JPA”) was established in 2015 through a Joint Exercise of Powers Agreement between the City and the Kingsburg Industrial Development Authority (the “Authority”). The formation of the JPA was approved by the City Council who is also designated as the Board of Directors for the JPA.

The purpose of the JPA is solely to provide funds from the sale of revenue bonds to finance or refinance the costs of acquiring, constructing, or improving and equipping capital improvements (projects) for the City and the Authority. The City set up the JPA to act as a financing/lending type institution only.

# FINANCE AUTHORITY

**Description:** The Finance Authority budget contains all the interest payments due from the Individual Special Assessment bonds. It then makes the payments that are due for the Marks-Roos bonds each year. This fund can be used for any future bond issues of the City.

**Budget Highlights:** The City continues to pay down outstanding debt. All existing debt was refinanced in 2015, expecting to save the City nearly \$400,000 over the life of the bonds.

## LOW/MODERATE HOUSING SUCCESSOR

### AGENCY FUND

**Description:** The former RDA was required by law to set aside 20% of the total tax increment received in the Kingsburg project area into a low/moderate income housing fund. The 20% set aside was to be used to increase and or maintain the supply of low and moderate income housing. This has now changed to the Successor Housing Agency and no new funds will be received.

**Budget Highlights:** While no new funds will be received, the City still owns property as part of the original RDA. Low/mod. income senior housing is still expected to develop.

## CITY FINANCIAL, MONETARY, AND BUDGETARY POLICIES

---

The budget for the City of Kingsburg is a comprehensive guide for the financial decision-making and operational management throughout the fiscal year. The budget is not only a financial plan but also a performance plan to assist in accomplishing the strategic goals set forth by the City Council. This section describes the policies and procedures that govern the preparation and implementation of the City's budget as well as managing the short and long-term finances and investments of the City.

### Approved Budget Guidelines

---

Each year, the respective subcommittees and City Council approve budget guidelines to provide guidance and assist in the development of the annual budget. The development of the 2020-2021 budget will also incorporate the plans set forth in the City's strategic planning process, as well as a comprehensive employee survey. The proposed 2020-21 Budget guidelines are outlined below, and include:

#### Financials:

- Examine 5 year historical trending in all revenue and expenditure accounts.
- Analyze and update financial policies and procedures,
- Incorporate policies into 2020-2021 budget. Identify non-dedicated fund balances, and define purpose or recommend usage alternatives.
- Fund long-term future obligations and designated reserve accounts.
- Utilize one-time funds received to help pay down debt and purchase deferred capital equipment.
- Examine current and alternative revenue sources that promote long-term financial sustainability.
- Examine adequacy and equity of fees and revenues for services and programs.

#### Citizen Commitment:

- Analyze performance measurement metrics to enhance service delivery efficiencies.
- Examine the most cost effective way of providing service and conducting business.
- Examine and where applicable reduce redundancies in service provisions.
- Enhance joint purchasing arrangements from a multi-community and City perspective.
- Maintain preventative infrastructure maintenance program and Capital Improvements funding.
- Examine additional energy efficiency initiatives to offset rising energy costs.

#### Personnel:

- Examine organizational structure and necessary staffing adjustments to meet growing organizational needs.
- Implement changes (if necessary) from collective bargaining agreements and employee handbook.

- Examine special fund contributions to the general fund to ensure allocations are appropriately structured to reimburse general fund (i.e. Water, Measure C, Local Transportation Funds, and Solid Waste).
- Transition to performance, metric based wage and evaluation compensation system.
- Examine and make recommendation on employee leave programs to proactively address GASB 45-Other Post Employment Benefit liabilities

### **Explanation of Budgetary Process**

Although the administration of the existing budget is a constant process, the preparation of the next year's budget begins during January with the establishment of the annual budget guidelines which serve as written goals and parameters for the development of the annual operating budgets. The City uses the following procedures when establishing budgetary data reflected in this document:

- A. During January-February, planning meetings are held whereby the City Council, its sub-committees, and Department Heads receive input and subsequently develop areas of emphasis and specific action items in order to provide a framework for the budget development.
- B. In April, a budget session with Department Heads is held at which time budget instructions for the ensuing year are given by the City Manager.
- C. In April, the department heads submit to the City Manager, proposed operating budgets for the fiscal year which commences the following July 1. The operating budget includes proposed expenditures and means of financing them.
- D. In May, the City Manager submits the Executive Budget to the City Council. Copies of the budget are made available for general public use at the City Clerk's Office and online via the City's website and other social media outlets.
- E. A budget public meeting/workshop is held by the City Council and City staff in early part of June. A public hearing is held the middle of June concerning the proposed budget.
- F. During the second Council meeting in June, the City Council approves by resolution the proposed budget.

### **Budget Overview**

---

Beginning with the 2015-2016 budget, the document was evaluated by the Government Finance Officers Association (GFOA), which offers critiques, praise, and other suggestions to help improve every aspect of the budget document. The City was honored to receive the GFOA Distinguished Budget Award for the first time and consecutively thereafter for the 2016-2017, 2017-2018, 2018-2019 and 2019-2020 budgets. The award reflects the commitment of the governing body and staff to meeting the highest principles of governmental budgeting.

The budget guidelines approved by the City Council were used as the foundation to create the 2020-2021 financial blueprint for the City. The 2020-2021 budget is designed to provide ease of use to the reader, while acting as a financial conduit for all City related expenses. We anticipate submitting the document for review to the GFOA for the fourth consecutive year. Overall, the budget is designed and graded based upon the following:

### **The Budget as a Policy Document**

As a policy document, the budget indicates what services the City will provide during the next fiscal year. Throughout the document the reader will have the opportunity to view both long and short-term goals, and how the financial policies will interact to meet the needs of City residents.

### **The Budget as an Operations Guide**

As an operations guide, the 2020-2021 budget provides detailed expenditures based upon departmental need. Each department is responsible for specific actions that feed into the overall organizational plan.

### **The Budget as a Financial Plan**

As a financial plan, the budget summarizes and details the cost to the citizens of Kingsburg for services received, as well as funding information. The document will outline major revenue sources, expenditures, and overall changes and challenges from previous years. The Budget in Brief provides a quick synopsis of expenditures and revenues.

### **The Budget as a Communications Device**

Perhaps the most important part of the budget document is to make sure it is a usable, readable document for citizens, elected officials, and staff alike. Staff has worked diligently to provide summary information available in text, charts, tables, and graphs. The user will notice several departmental goals, as well as how they are incorporated into the overall budget and management methods.

## **GENERAL OPERATIONS POLICY**

---

The establishment of general operations policy statements is an important component of the City's financial management policy and planning efforts.

### **A. Accounting**

- The City will establish and maintain the accounting systems according to GAAP.
- An annual audit will be performed by an independent public accounting firm which will issue an official opinion on the annual financial statements. In addition, full disclosure will be provided in the financial statements and bond representations.
- Financial systems will be maintained to monitor expenditures and revenues on a monthly basis and all revenue collections will be consolidated under the Finance Director. A cash-flow analysis, including disbursements, collections, and investments, will be prepared on a regular basis indicating that sufficient cash is available for daily financial needs.
- Encumbrances represent commitments related to unperformed contracts for goods or services, and will be recorded when incurred. Encumbrances outstanding at year-end will be reported as reservations of fund balance.
- The City will establish and maintain a depreciation schedule based on the straight-line method. The useful life of capital assets will be based on internal information,

information on comparable assets from other governments, and general guidelines from professional or industry organizations.

## **B. Revenue**

- Each year and whenever appropriate, existing revenues will be re-examined and possible new sources of revenues will be explored to ensure that we are maximizing our revenue potential.
- Legally restricted revenues will be avoided when they adversely affect the short or long-term financial health of our government. One-time revenues will be used for capital improvements or as legally restricted to a specific purpose.
- Each year and whenever appropriate, intergovernmental revenues will be reviewed to determine their short and long-term stability, to minimize the impact of any adverse changes. Intergovernmental revenues shall be used as legally prescribed or otherwise set forth by policy.
- Any amounts due to the City will be carefully and routinely monitored. An aggressive policy of collection will be followed for all receivables. In addition, proprietary funds will generate revenue sufficient to support the full direct and indirect costs of these funds.
- All potential grants and other aid shall be carefully examined for matching requirements and restrictive covenants, to ensure that our participation in such grants will be beneficial and cost-effective.

## **C. Budget & Capital Improvements**

- The City will pay for all current operating expenses with current revenues and will avoid budgetary procedures that balance current costs at the expense of future years, such as postponing necessary expenses, accruing future revenues, or rolling over of short-term debt.
- The City will prepare and maintain a multi-year capital improvements plan and project its equipment replacement needs for at minimum the next five years. Estimated costs of each capital improvement projected for each year will be included in the annual budget, including the impact to annual operating expenditures.
- Intergovernmental funding sources for capital improvements from the federal, state, and private sector will be actively sought and used as available to assist in financing of capital improvements.

## **BUDGET AMENDMENT POLICY**

---

Following the adoption of the annual budget, budget transfers and supplemental appropriations are made based on the following:

### **A. Items requiring City Council Action**

- Appropriation of fund balance reserves; transfers of appropriations between funds; appropriation of any non-departmental revenue; new interfund loans or advances; and creation of new capital projects or increases to existing capital projects.

## B. Items delegated to the City Manager

- Since the annual City budget is adopted at the functional level of expenditure (program categories, i.e., Public Works and Public Safety), the City Manager may authorize any intra-program line item change, i.e., utilities, local auto expense, supplies, etc. between departments within funds; appropriation of unbudgeted departmental revenues; and approval of transfers which increase salary and benefit appropriations.

---

## FINANCIAL PROCEDURES & INVESTMENT POLICY

---

The purpose of this policy is to establish investment objectives; to delegate authority for the execution and reporting of investments; to establish standards of prudence; to direct the development of internal control; to establish standards for Depositories, to set and establish collateral requirements; and to identify permitted investment.

This investment policy applies to all cash assets of the City, except:

- A. Funds which are held by an external trustee and are restricted in their investment by terms of a trust indenture; in which case the trust indenture shall regulate investment activities;
- B. Funds granted to or held in custody by the City, under terms which provide for or restrict their investment in a particular manner; in which case said provisions or restrictions shall regulate investment activities;
- C. Funds otherwise restricted by State or Federal laws or regulations; in which case said restrictions shall regulate investment activities.

The primary objectives of investment activities shall be the following in order of importance: safety, liquidity, and yield:

- A. Safety: Preservation and safety of principal are the foremost objective of the investment program. Investment shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. In addition, all risks associated to City funds and investments will be disclosed on an annual basis or as requested.
  1. Credit Risk - The City will minimize credit risk, which is the risk of loss due to the failure of the security issuer or backer by:
    - Limiting investments to the types of securities listed in this Investment Policy.
    - Pre-qualifying the financial institutions, broker/dealers, intermediaries, and advisers with which the City will do business.
    - Diversifying the investment portfolio.
  2. Interest Rate Risk - The City will minimize rate risk, which is the risk that the market value of securities in the portfolio will fall due to changes in market interest rates, by:
    - Structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity.

- Investing operating funds primarily in shorter-term securities, money market mutual funds, or similar investment pools and limiting the average maturity of the portfolio in accordance with this policy.
  - Utilizing securities with adjustable coupon rates to minimize price volatility.
- B. Liquidity: The investment portfolio will remain sufficiently liquid to meet all operating requirements that might be reasonably anticipated. This is accomplished by structuring the portfolio so that securities mature concurrent with cash needs to meet anticipated demands.
- C. Yield: The investment portfolio shall be designed with the objective of attaining a rate of return/yield throughout budgetary and economic cycles, commensurate with the City's investment risk constraints and the cash flow characteristics of the portfolio. Return on investment is of secondary importance compared to the safety and liquidity objectives described above. The core of investments is limited to low risk securities in anticipation of earning a fair return relative to the risk being assumed. Securities shall generally be held until maturity unless as deemed appropriate by the City Manager, or for the following exceptions:
1. A security with declining credit may be sold early to minimize loss of principal.
  2. A security swap would improve the quality, yield, or target duration in the portfolio.
  3. Liquidity needs of the portfolio require that the security be sold.

---

## STANDARDS OF CARE & REPORTING

---

**A. Prudence:**

The City's investments shall be made with judgment and care, under prevailing circumstances, which a person of prudence, discretion, and intelligence would exercise in that management of the person's own affairs, not for speculation, but for investment, considering the safety of capital and the yield to be derived.

**B. Ethics and Conflicts of Interest:**

Officers and employees involved in the investment process shall refrain from personal business activity that could conflict or be perceived to conflict with proper execution of the investment program, or that could impair their ability to make impartial decisions. Employees and investment officials shall disclose any material interests in financial institutions with which they conduct business. They shall further disclose any personal financial/investment positions that could be related to the performance of the investment portfolio. Employees and officers shall refrain from undertaking personal investment transactions with the same individual with whom business is conducted on behalf of the City.

**C. Delegation of Authority:**

The City Council (the "Council") is ultimately responsible for the investment of City funds. The responsibility for conducting investment transactions is delegated to the Finance Committee (the "Committee") which shall conduct its day-to-day activities through the office of the Finance Director. The Finance Director may, with Committee and Council

approval, receive assistance from one or more investment advisors. The Finance Director will provide investment data, statistics and recommendations to the Committee to aid in investment decisions.

**D. Reporting Requirements:**

The Finance Director shall report investment portfolio performance to the Committee at least annually or when a specific request is made. The report will summarize the investment strategies employed, describe the portfolio in terms of investment securities, maturities, risk characteristics and other factors. The report will indicate any areas of policy concern and suggested or planned revision of investment strategies. The Committee shall report investment portfolio performance to the Council annually and shall ask the Council to review its investment strategies at least annually.

**E. Internal Controls:**

The Finance Director shall establish a system of internal controls, which shall be approved by the Committee. The internal controls shall be reviewed by an independent certified public accountant in conjunction with the annual examination of the financial statements of the City. The controls shall be designed to forecast cash flows, maximize the investment of available balances, fully report results of investment activities and prevent losses of public funds arising from fraud, employee error, misrepresentation by third parties, unanticipated changes in financial markets, or imprudent action by employees and officers of the City.

All purchases and sales of investment securities must be authorized by the City Manager and the Finance Director. All bank accounts shall be reconciled monthly and shall be completed in a reasonable time after the receipt of the monthly bank statement.

**AUTHORIZED FINANCIAL INSTITUTIONS, DEPOSITORIES, AND BROKER/DEALERS**

---

**A. Depositing of Funds:**

All currency, checks, drafts or other funds in any form payable to the bearer, or endorsed for payment, shall be promptly deposited in an approved Depository, so designated by the Council.

Designation by the Council shall be given only when the financial institution meets all Public Depository requirements provided for by applicable State and Federal laws and regulations, and the following additional criteria:

1. Deposit Insurance:

The financial institution is a member of the Federal Deposit Insurance Corporation (FDIC) and deposits made with the financial institution are insured to the maximum permitted by the FDIC.

2. Depository Agreement:

Any financial institutions acting as a depository for the City must enter into a “depository agreement” requiring the depository to:

- a. Pledge collateral to secure amounts over and above guaranteed amounts. All securities serving as collateral shall be specifically pledged to the City (not as part of a pooled fund) and placed in a custodial account at a Federal Reserve Bank, a trust department of a commercial bank, or through another financial institution. The custodian may not be owned or controlled by the depository institution or its holding company unless it is a separately operated trust institution.
- b. Require the custodian to send statements of pledged collateral to the City Finance Director on a monthly basis.
- c. Annually, provide the City its audited financial statements.
- d. Provide the City normal banking services, including, but not limited to: checking accounts, wire transfers, purchase and sale investment securities and safekeeping services. Fees, if any, shall be mutually agreed to by an authorized representative of the depository bank and the Finance Director.

**B. Preferences for Local Financial Institutions:**

All else being equal comparing financial institutions meeting the criteria set forth, the City Council will give preference in selection to those financial institutions who maintain offices in the immediate area.

**COLLATERALIZATION**

---

**A. Collateral Required:**

All City funds held in City Depositories which are not held in investment securities registered in the name of the City shall to the extent they exceed federal deposit insurance and state public deposit security fund coverage limits, be collateralized as provided in this Section. The City will minimize the amount of time that cash and investments are held at any given bank exceeding \$500,000, understanding that certain times during the year, it may be temporarily unavoidable to not exceed these dollar amounts due to fluctuating cash flows, and depository requirements.

**B. Form of Collateral:**

Except as provided in Subparagraph a. of Subsection C.1. of this Section, collateral shall be pledged in the name of the City and must be one of the following:

- 1. Securities of the U.S. Treasury or U.S. Governmental Agency as defined by the Federal Reserve. If held herein, the collateral may consist of any reserves deemed acceptable by the Federal Reserve Bank to meet other reserve requirements of the Depository provided it is held in a sub-account which names the City as beneficiary.
- 2. U.S. government guaranteed securities such as those issued through the Small Business Administration, provided they are fully guaranteed.
- 3. General obligations of states or municipalities provided they are rated in the highest or second highest rating categories by Moody Investors Service, Inc., Standard and Poor's Corporation or Fitch Investors Service, L.P.

**C. Valuation of Collateral:**

1. Valuation: Collateral must be marked to market not less frequently than monthly and its value reported on the monthly statement.
2. Sufficiency: The value of the collateral must equal 105% of the amount requiring collateralization. Additional collateral is to be requested when the monthly statement indicates a deficiency.

**D. Substitution of Collateral:**

Collateral agreements are to prohibit the release of pledged assets without the authorization of the Finance Director, however, exchanges of collateral of like value are to be permitted.

---

**AUTHORIZED INVESTMENTS**

---

Funds of the City which are not immediately needed for payment of obligations shall be invested to the greatest extent practical, in accordance with applicable Statutes, if the funds have been appropriated for the payment of debt service, and California Statutes, if the funds are to be used for any other purpose. The following investment securities are permitted to be used:

1. U.S. Treasury Obligations and Government Agency Securities.
2. Certificates of Deposit.
3. Municipal General Obligations.
4. LAIF.
5. Repurchase Agreements.
6. Operating Bank Account.
7. Money Market Funds.
8. Commercial Paper.
9. Bonds rated in the highest or second highest rating category.

---

**INVESTMENT TRANSACTIONS & PARAMETERS**

---

**A. Co-mingling of Funds:**

The Finance Director may pool cash from several different funds for investment purposes, provided such co-mingling is permitted by law, and records are maintained which show that interest earned on such investments has been fairly allocated to each originating fund.

**B. Securities Firms:**

The Finance Director is authorized to execute purchases and sales of Permitted Securities with City Depositories or with securities firms previously approved by the Committee, (the "Approved List"). Such firms must be licensed to conduct business in California, shall be a member of the National Association of Securities Dealers and the Securities Investor Protection Corporation.

**C. Diversification:**

The investment policy incorporates the investment strategy and as such, will allow for diversification of investments to the extent practicable considering yield, collateralization, investment costs, and available bidders. Diversification by investment institutions shall be determined by an analysis of yield, collateral, investment costs, and available bidders. Diversification by types of securities and maturities may be as allowed by this policy and California State Statutes.

**D. Maximum Maturities:**

To the extent possible, the City will attempt to match its investments with anticipated cash flow requirements. However, the maximum maturities for any single investment shall not exceed five (5) years, except for reserve funds. The maximum dollar-weighted average maturity for pooled investments will not exceed three (3) years. Reserve funds may be invested in securities not to exceed ten (10) years if the maturity of such investments is made to coincide as nearly as practicable with the expected call date or final payment date, whichever is shorter. For securities with adjustable rate coupons, the average time to coupon reset will be used as a measure of average maturity.

---

**APPROVAL OF INVESTMENT POLICY AND AMENDMENT**

---

This investment policy is intended to clarify, amend, and supersede existing investment policies. The Committee is delegated the authority to amend this Investment Policy from time to time as it deems such action to be in the best interest of the City. Any such amendment shall be promptly recommended to the City Council for consideration. When amendment occurs, any investment currently held that does not meet the guidelines of the amended policy, shall be temporarily exempted from the requirements of this policy. Investments must come in conformance with the amended policy within six (6) months of the policy's adoption or the Committee must be presented with a plan through which investments will come into conformance.

---

**FUND BALANCE POLICY**

---

The establishment of a formal fund balance policy is an important component of the City's financial management policy. Maintaining appropriate levels of fund balance is a key element of the City's overall financial health. This policy is intended to set targets for the desired level of fund balances, identify the approach to maintain these levels, and to provide guidelines for the use of fund balance.

- A. To insulate the City from large, unanticipated one-time expenditures or revenue reductions resulting from external changes.
- B. To provide funds to allow the City to respond to unforeseen emergencies.
- C. To provide sufficient working capital to eliminate the need for short-term borrowing due to the timing of the receipt of short-term receivables and the remittance of short-term payables.
- D. To strive to maintain a general fund balance equal to or above 20% of budgeted general fund appropriations. In determining the acceptable range of general fund balance, the City considers the following factors:
  - 1. Historical stability of the City's revenues and expenditures.
  - 2. Timing of revenue collections in relation to payments made for operational expenditures.
  - 3. Anticipated growth in the services to be provided City residents.
- E. Apply any operational surplus at the end of any fiscal year to the reserve for working capital if necessary to meet policy minimums.
- F. Eliminate the budgeted use of fund balance if its use would reduce the available balance below policy minimums.

## **FUND BALANCE AND RESERVE FUND REQUIREMENTS**

---

The City recognizes that fund balances are targeted objectives to ensure the long-term stability of the City's finances. From time to time, upon City Council authorization, the funds may not contain the stated goal. This is done with the understanding that it is in the best interests of the taxpayers and most cost effective manner to utilize the reserve funds.

The City also recognizes that in some instances, it will take time to build the fund balances to the desired level. The timeframe for achieving the desired level is balanced with the short and long term financial considerations of the City.

- A. General Fund - The fund balance shall not be less than 20% of the budgeted general fund appropriations as approved by the City Council as of July 1 of each year. Any excess shall be allocated and approved by the City Council upon completion of the annual audit of City financials. Amounts over the 20% will be allocated as deemed necessary into designated reserve accounts by the City Council.

## **DEBT MANAGEMENT POLICY**

---

Debt can be an effective way to finance capital improvements. State statutes limit the amount of general obligation debt a governmental entity may issue to five percent of its total equalized valuation. Properly managed debt preserves credit ratings, provides flexibility in current and future operating budgets, and provides long-term assets that maintain or improve our quality of life. To provide for the appropriate issuance and responsible use of debt, the City has adopted the following (below) debt management policy objectives.

- A. Long-term debt will be issued only for objects or purposes having a period of probable usefulness of at least five years.
- B. Short-term debt should be limited, but may be issued whenever appropriate for objects or purposes having a period of probable usefulness of at least five years, when deemed financially prudent.
- C. Debt maturity will not exceed the lesser of: the useful life, or the period of probable usefulness of the object or purpose so financed.
- D. The annual operating budgets of all funds will be maintained so as to ensure the full and timely repayment of debt principal and interest due that year.
- E. The total amount of outstanding debt will comply with State Statutes.
- F. Good communications will be maintained with bond rating agencies, bond counsel, banks, financial advisors, and other involved in debt issuance and management.
- G. Comprehensive annual financial reports and official statements will reflect the City's commitment to full and open disclosure concerning debt.

## **CAPITALIZED FIXED ASSETS POLICY**

---

The purpose of this policy is to establish a general policy for Capitalized Fixed Assets including standards for valuation of assets with a useful life greater than one-year. This policy applies to the purchases of all departments and divisions of the City of Kingsburg. Procurements shall comply with the City of Kingsburg procurement policies and procedures, and conform to

applicable State and Federal law and the standards identified in the Procurement Standards Sections of 44 CFR Part 13, "Uniform Administrative Requirements for Grants and Cooperative Agreements with State and Local Governments."

Additionally, the City of Kingsburg shall comply with 2 CFR 200 procurement policies when procuring items with federal funds. Small purchase procedures are those relatively simple and informal procurement methods for securing services, supplies, or other property that do not cost more than the Simplified Acquisition Threshold. If small purchase procedures are used, price or rate quotations must be obtained from an adequate number of qualified sources.

Contractors that develop or draft specifications, requirements, Statements of Work (SOW), and/or Requests for Proposals (RFP) for a proposed procurement shall be excluded from bidding or submitting a proposal to compete for the award of such procurement to comply with federal regulations on conflict of interest. In most instances, local bidder's preference is not allowed for federally funded procurements. However, 44CFR 13.36 should be used as guidance for all procurement with federal funds.

Procurement transactions shall be conducted to provide maximum open and free competition. Justification must be provided for all noncompetitive procurement.

- A. The Fixed Assets Account Group shall include general fixed assets, i.e., non-infrastructure assets. Infrastructure assets are assets that are immovable and of value only to the City government, e.g., buildings, sewers, and streets. As a general rule, "capitalized" items maintained within the Fixed Assets Account Group shall have an expected useful life greater than one year and a purchase, donated or assessed value equal to or greater than \$5,000. For computer equipment, initial operating software shall be included but subsequent operating software and application software shall be excluded.
- B. Generally repairs will not qualify for changing the initial capitalized value. Only major replacements of components and/or additions which significantly change the initial capitalized value or significantly extend the expected useful life of any capitalized item shall be considered in order to substantiate any subsequent year value change of an asset maintained within the Fixed Assets Account Group.
- C. Encumbrances are commitments related to requisitions or contracts that have been issued, but for which no goods or services have yet been received. Encumbrances are recorded as they occur for budgetary control purposes.

The issuance of a purchase order requisition or the signing of a contract creates an encumbrance of the amount required to be paid during the current year. This amount is no longer available for obligation or expenditure, unless the purchase order requisition or contract is canceled. Encumbrance records shall be maintained by the City Finance Director.

## ASSET VALUATION

---

Departments shall record long-term assets at historic cost or, if the cost is not readily determined, at estimated historic cost. Cost shall include applicable ancillary costs. All costs shall be documented, including methods and sources used to establish any estimated costs.

- A. Purchased Assets - the recording of purchased assets shall be made on the basis of actual costs, including all ancillary costs, based on vendor invoice or other supporting documentation.
- B. Salvage Value – the recording of purchased assets that are expected to be sold at retirement should be recorded with the historical estimated sale value if in excess of \$5,000. If sale value is less than \$5,000, normal depreciation for the useful life will be used.
- C. Self-Constructed Assets – All direct costs (including labor) associated with the construction project shall be included in establishing a self-constructed asset valuation. If a department is unable to specifically identify all direct costs an estimate of the direct cost is acceptable, but must be supported by a reasonable methodology.
- D. Donated Assets –Fixed assets acquired by gift, donation or payment of a nominal sum not reflective of the asset’s market value shall be assigned cost equal to the fair market value at the time of acquisition.
- E. Leased Property - Capital lease property should be recorded as an asset and depreciated as though it had been purchased.
- F. Dedicated Assets –Required installation by Developer of public improvements, including but not limited to sanitary service mains, manholes, laterals and all appurtenances, water mains, laterals, hydrants, valves and all appurtenances, storm sewers, stormwater management measures, streets, curb and gutter, street lights, street signs, sidewalks will be dedicated to the City upon completion. Recording of infrastructure assets will be made on the basis of actual costs, including all ancillary costs, based on vendor invoice or other supporting documentation provided by the Developer.

## PURCHASING & EXPENDITURE/EXPENSE POLICY

---

### Goal

Expenditure/expenses are a rough measure of a local government’s service output. While many expenditures/expenses can be easily controlled, emergencies, unfunded mandates, and unanticipated service demands may strain our ability to maintain a balanced budget. To ensure the proper control of expenditures/expenses and provide for a quick and effective response to adverse financial situations, the City of Kingsburg has adopted the expenditure/expense policy. The controls and procedures set forth are intended to provide reasonable assurance that the lowest cost, highest quality good or service is obtained, while balancing the need for flexibility and efficiency in departmental and City operations.

### Coverage

This policy applies to the purchases of all departments and divisions of the City of Kingsburg. The provisions of California Statute take precedence over any portion of this policy that may be in conflict. More restrictive procurement procedures required by grants, aids, statutes or other external requirements or funding sources will take precedence.

### Ethical Standards

1. All procurement shall comply with applicable federal, state and local laws, regulations, policies and procedures.
2. Employees are not to engage in any procurement related activities that would actually or potentially create a conflict of interest, or which might reasonably be expected to contribute to the appearance of such conflict.
3. No employee shall participate in the selection, award or administration of a contract if a conflict of interest would be involved. Such a conflict would arise when the employee, any member of his immediate family, business partner or any organization that employs, or is about to employ, any of the above, has a financial interest or other interest in the firm selected for award.
4. To promote free and open competition, technical specifications shall be prepared to meet the minimum legitimate need of the City and to the extent possible, will not exclude or discriminate against any qualified contractors.
5. No employee shall solicit or accept favors, gratuities, or gifts of monetary value from actual or potential contractors or subcontractors.
6. Employees must maintain strict confidentiality in the procurement process and shall not impart privileged information to any contractors that would give them advantage over other potential contractors.
7. Personal purchases for employees by the City are prohibited. City employees are also prohibited from using the City's name or the employee's position to obtain special consideration in personal purchase.

### General Guidelines

1. Purchases are classified into the following major categories:
  - a. Goods (tangible items): e.g. equipment, supplies, vehicles
  - b. Services: items requiring outside labor, maintenance agreements, etc.
  - c. Construction of public buildings and improvement
2. Purchasing Oversight
  - o Department heads are responsible for procurement issues in their individual departments. Departments are to insure that the purchase order requisitions are entered prior to purchases, receipts are collected and recorded, and the requisition is put through for payment and will be responsible to respond to questions on the payment or non-payment of the item.
3. Expenditures/expenses and purchase commitments will be made in a form and process that is legal, appropriate, funded, authorized and sufficiently documented.

4. Expenditures/expenses and purchase commitments will be recorded in an accurate and timely fashion.
5. For items that are purchased regularly or by multiple departments, departments are encouraged to use cooperative purchasing or purchasing in bulk in order to reduce City costs.
6. The Finance Director shall review each request to determine compliance with the City's budget and purchasing policy.
7. This purchase order requisition must include the invoice and forwarded to the Finance Director her designee for processing the payment.

**1. Purchases under \$2,000**

Purchases under \$2,000 shall be made as follows:

Budgeted Supplies, Services and Equipment

Purchases of budgeted supplies, services and equipment in an amount up to two-thousand dollars (\$2,000.00) shall be made by Payment Voucher request approved by the City Department Head.

Unbudgeted Supplies, Services and Equipment

Purchase of supplies, services and equipment not contained in the annual budget in an amount up to two thousand dollars (\$2,000.00) shall be made only by approval by the Department Head and the City Manager or Finance Director.

Department heads are responsible for monitoring all purchases made using this procedure to ensure that the City is receiving a high value for its expenditures.

**2. Purchases of at least \$2,000 and under \$25,000**

Purchases of at least \$2,000 and under \$25,000 shall be made as follows:

Budgeted Supplies, Services and Equipment

Purchases of budgeted supplies, services and equipment between two thousand dollars (\$2,000.00) and twenty-five thousand dollars (\$25,000.00) shall be preceded by obtaining no less than two (2) quotations received in writing from separate vendors for compatible items. Such purchases shall be made by purchase order with the approval of the Department Head and City Manager or Finance Director.

Unbudgeted Supplies, Services and Equipment

Purchases of supplies, services and equipment not contained in the annual budget between two thousand dollars (\$2,000.00) and twenty-five thousand dollars (\$25,000.00) shall be with the approval of the City Council after presenting no less than two (2) quotations received in writing from separate vendors for compatible items. Such purchases shall be made by purchase order with the approval of the Department Head and City Manager or Finance Director.

The purchase order for the item must be provided to the City's Finance Director within 4 days after approval of the purchase. If the selected vendor did not offer the lowest price, the purchase order must include an explanation of why the vendor offering the lowest price was not chosen.

**3. Purchases of a least \$25,000 and under \$100,000**

Purchases of at least \$25,000 and under \$100,000 shall be made as follows:

Budgeted Supplies, Services and Equipment

Purchases of budgeted supplies, services and equipment between twenty-five thousand dollars (\$25,000.00) and one hundred thousand dollars (\$100,000.00) shall be preceded by two (2) written quotations from vendors. On a case by case basis the City Manager shall direct whether or not the formal bid process shall be used. If no formal bid process is directed, such purchases shall be made by purchase order with the approval of the Department Head and the City Manager.

Unbudgeted Supplies, Services and Equipment

Purchases of supplies, services and equipment not contained in the annual budget between twenty-five thousand dollars (\$25,000.00) and one one-hundred thousand (\$100,000.00) shall be preceded by two (2) written quotations from vendors. On a case by case basis the City Manager shall direct whether or not the formal bid process shall be used. If no formal bid process is directed such purchases shall be made by purchase order with the approval of the Department Head and the City Manager. In either case, formal bids or not, unbudgeted purchases shall be made only with the approval of the City Council. If the selected vendor does not offer the lowest price, the City Council will be provided with an explanation of why the vendor offering the lowest price was not chosen.

**4. Purchases greater than \$100,000**

Purchases greater than \$100,000 shall be made as follows:

Budgeted Supplies, Services and Equipment

Purchases of budgeted supplies, services and equipment greater than one one-hundred thousand dollars (\$100,000.00) shall be preceded by three (3) written quotations from vendors. On a case by case basis the City Manager shall direct whether or not the formal bid process shall be used. If no formal bid process is directed such purchases shall be made by purchase order with the approval of the Department Head and the City Manager. If the selected vendor does not offer the lowest price, the purchase order must include an explanation of why the vendor offering the lowest price was not chosen.

#### Unbudgeted Supplies, Services and Equipment:

Purchases of supplies, services and equipment not contained in the annual budget greater than one one-hundred thousand (\$100,000.00) shall be selected through a formal bidding process. These purchases shall be made only with the approval of the City Council. If the selected vendor does not offer the lowest price, the City Council will be provided with an explanation of why the vendor offering the lowest price was not chosen.

#### Emergency Purchases Policy

When an emergency situation does not permit the use of the purchasing procedures identified above, the City Manager may determine the most appropriate method to make the procurement of one hundred thousand dollars (\$100,000.00) or less. Appropriate documentation identifying the basis for the emergency and the method of procurement will be submitted to the Finance Director within five (5) working days after making the purchase.

The City Mayor with the concurrence of one other council member may authorize the City Manager in writing to incur expenditures of more than one hundred thousand dollars (\$100,000.00) but not more than two hundred fifty thousand dollars (\$250,000.00) under emergency situations when the health, safety and welfare of the employees or residents of the City or their property are threatened and time constraints do not permit normal City Council expenditure approval. If the City Mayor is not available the Mayor Pro-tem of the City Council with the concurrence of one other council member may act in the City Mayor's absence to authorize the emergency expenditure. If neither the Mayor nor the Mayor Pro-tem of the City Council are available, any two council members shall have the authority to authorize any such emergency expenditure. . The City Council shall be notified of the emergency expenditure within 48 hours after the decision to make the expenditure. At the next regularly scheduled City Council meeting the City Council shall be provided with all the information and documentation regarding with expenditure including a copy of the written authorization required for the expenditure.

#### Purchases of Services

Any contract entered into shall comply with local, state and federal government contracting regulations. Contracts for professional and consultant services must include local, State and federal government required contract language as found in the Code of Federal Regulations 48, Part 31, to include a project budget, and to require pre-approval prior to implementation. Contract deliverables must meet the intent of the grant application and grant requirements. Justification is required for compensation for individual consultant services, which must be reasonable and consistent with the amount paid for similar services in the market place. Detailed invoices and time and effort reports are required for consultants.

- Services is defined as the furnishing of labor, time or effort by a contractor, usually not involving the delivery of specific goods or products other than those that are the end result of and incidental to the required performance. Examples of contractor service include: refuse and recycling collection, maintenance, mailing, or delivery

services. Contractor services shall follow the competitive procurement policy for the purchase of goods subject to the same spending guidelines. The cost shall be determined by considering the maximum total expenditure over the term of the contract.

- Construction services is defined as substantial repair, remodeling, enhancement construction or other changes to any City owned land, building or infrastructure. Procedures found with in State of California Statute shall take precedence. In absence of guidance in these areas, construction services shall follow the competitive procurement policy for the purchase of goods subject to the same spending guidelines.
- Combined Goods and Services in situations where the purchase combines goods and services (exclusive of construction and contractor services), such as many technology projects, the purchase shall be treated as a purchase of professional services.
- Professional services is defined as consulting and expert services provided by a company, organization or individual. Examples of professional services include: attorneys, certified public accountants, appraiser, financial and economic advisors, engineers, architect, planning and design. Professional services are generally measured by the professional competence and expertise of the provider rather than cost alone.

1. If it is estimated that the service being solicited has a total cost of over \$25,000 a formal Request for Proposal may be used to solicit vendor responses. The department head shall be responsible for the preparation of all Requests for Proposal specifications, notices and advertising. Prequalification of proposers may be done at the discretion of the department head.
  - The Purpose of an RFP is to solicit proposals with specific information on the proposer and the service offered which will allow the City to select the best proposal. The best proposal is not necessarily the proposal with the lowest cost.
  - Based upon the services or project and the magnitude of the outcome a selection committee may be advisable.
  - Requests for proposals shall be formally noticed. All notices and solicitations of proposals shall state the time and place of the proposal opening.
  - Information to be requested of the proposer should include : Number of years the proposing company has been in business, company's experience in the area of desired services, financial strength of the company, examples of similar services/projects completed, resumes of staff that will be associated with the project/service, list of references, insurance information. In addition the proposal should provide information about the City, scope of services requested and any outcomes. The proposal should also identify evaluation factors and relative importance.
  - Establish selection criteria and include this information with the RFP. It is generally advisable to establish a numeric ranking matrix. This reduces the subjective nature of the rating process.

- Proposals should be solicited from an adequate number of qualified sources. Requests for proposal should be formally noticed. All notices and solicitations should provide the issue date, response due date, date and time of opening responses and a contact person.
- Proposals shall be opened and recorded with a tabulation of proposals received shall be available for public inspection. All proposal documentation shall be placed on file with the City Clerk. The Department Head and selection committee (if applicable) will then review the proposals and make a recommendation to the City Council.
  - Service contracts or agreements should be reviewed by the City Insurance Company and the City Attorney and placed on file with the City Clerk.

### Sole Source Purchasing Policy

Sole source purchasing should be avoided unless it is clearly necessary and justifiable. The justification must withstand the scrutiny of the City Council and the public. The Department Head is responsible for providing written documentation justifying the valid reason to purchase from one source or that only one source is available.

Sole source purchasing criteria include:

1. Urgency due to public safety, serious injury, financial or other unusual and compelling reasons.
2. Goods or service is available from only one source and no other good or service will satisfy the City's requirements
3. Legal services provided by an attorney
4. Lack of acceptable bids or quotes
5. An alternate product or manufacturer would not be compatible with current products resulting in additional operating or maintenance costs
6. Standardization of a specific product or manufacturer will result in a more efficient or economical operation
7. Aesthetic purposes or compatibility is an overriding consideration
8. Purchase is from another governmental body
9. Continuity achieved in a phased project
10. Supplier or service demonstrates a unique compatibility not found elsewhere Sole source purchases follow the same necessary approval process as described above under the purchasing of goods.

### Petty Cash Policy

The City maintains a petty cash account to expedite the miscellaneous purchases and payment of small bills. Petty cash funds are available at City Hall.

To be eligible to use the petty cash fund, the following requirements must be met:

1. The item to be purchased must not be regularly stocked
2. The employee must have a petty cash slip completed which includes the item(s) to be purchased, the amount of petty cash needed and the account number the purchase is budgeted to.

Upon completion of the purchase, the employee must return the receipt and any change to the Finance Director/Designee. The designee in charge of the petty cash funds is responsible to enter in all the petty cash expenditures using a purchase order requisition in order to receive a replenishment of petty cash funds.

#### Employee Reimbursement Policy

If the need arises to purchase an item for the City with personal funds, the employee must submit the receipt and an Expense Reimbursement Form to the Finance Director. This form should include a detailed listing of the items purchased and must be signed by the employee to be reimbursed, his or her Department Head and the Finance Director. It is the responsibility of the employee making the purchase to ensure that any available discounts are applied and that sales tax is not included, when applicable.

#### Credit Card Policy

The City maintains a credit card account that may be used when it is impractical or inefficient to follow the normal payment process. The Finance Director shall administer the use of the City credit card. To use the City credit card, the employee must have a purchase order requisition form completed and signed by the Department Head. The requisition will include the item(s) to be purchased, the limit of funds to be spent and the account number the purchase is budgeted to. Upon completion of its use, the credit card shall immediately be returned to the Finance Director along with the receipt and the purchase order requisition.

The use of these cards shall be strictly for the purchase of approved goods. Employees using the credit cards are responsible for any credit, returns or disputes regarding purchases made by the employee. If a return or credit is made, you must notify the Finance Director.

At no time is the credit card user permitted to use the City credit card for any purchases not on an approved purchase order requisition, without permission or for a transaction that is personal in nature. Misuse of the credit card will result in revocation of privileges of the credit card for future purchasing and, if necessary, appropriate disciplinary action will be taken. Liability for misuse of these cards shall accrue directly to the credit card user, and not the City.

Employees authorized to use a City credit card are responsible for lost or stolen cards. If a card is lost or stolen, immediately report the incident to the Finance Director and they will contact the credit card company.

#### Receiving and Inspection Policy

Department Heads, or their designees, are responsible for receiving to their departments to ensure that items received conform to the specifications and quantities set forth in the purchase order requisition. All deliveries should be thoroughly inspected to ensure that materials are received in satisfactory condition. If there are any discrepancies, the Department Head or designee should contact the vendor and resolve the issue before submitting the invoice for payment. When items are sent in multiple shipments, the department should clearly indicate which items have been received and accepted when approving the invoice for payment.

### Billings

All billings are to be handled through the Finance Director. It is the responsibility of each department to notify the Finance Director of all billings that need to occur.

### Purchasing Authority

- The City Manager may approve purchases for the amounts outlined in the policy above.
- The City Manager has the authority with the advice and consent of the City attorney to settle property damage claims against the City which are less than \$5,000 and for which the City would appear in the opinion of the City attorney to have partial or total liability providing the claimant signs a release of liability in form approved by the City attorney. Any such claims under \$5,000 which are settled by the City Manager shall be routinely reported to the City Council for informational purposes.
- purchase equipment, replacement and capital items up to the amount approved by the City Council and reflected in budget supplementary information.
- The City Manager has the authority to make payment of accounting and auditor fees not to exceed the amount provided in the budget supplementary information.

### **BILLING/ACCOUNTS RECEIVABLE COLLECTION POLICY**

---

The establishment of a formal Billing/Accounts Receivable Collection policy is an important component of the City's financial policy and management efforts.

- A. The City shall not sell municipal materials (goods or supplies) to third parties unless authorized by the City Manager.
- B. The City reserves the right to require cash payment prior to the sale of any goods or services.
- C. Due diligence will be conducted by City staff for the collection of receivables. Accounts will be considered delinquent upon reaching 30 days beyond the date of the invoice or upon the first day after the due date as per the invoice. Invoices overdue will accrue appropriate penalties as defined by the Clerk/Treasurer and/or the Finance Committee.
- D. Accounts considered for writing-off are those that cannot be collected because of the inability to locate the party owing the City money, the party has filed for bankruptcy, or the expense of collected the delinquent funds owed to the City exceed the amount of the delinquency.
- E. Delinquent personal property tax bills that become a year overdue and are determined to be uncollectible by the Clerk/Treasurer will be presented to the Finance Committee and authorization to write-off will be required for any amounts over \$1,000. Delinquent personal property is exempt from any administrative fees or interest charges, as the interest and penalties associated with delinquent personal property taxes are set forth in state statutes.

## SEGREGATION OF DUTIES & FINANCIAL CONTROLS POLICY

---

The City has established a system of internal financial controls to carry out its operations in an economical, efficient, effective and orderly manner. The primary objective of the internal control system is appropriate segregation of duties.

- A. Staff who create purchase orders shall not approve those purchase orders. That is, a person independent of the purchase order creation, must approve the purchase order.
- B. Staff who create purchase orders may approve receipt of goods for those purchase orders. However, where a variation to the original purchase order occurs, it must be approved by a person independent of the variation to the order.
- C. Staff who enter accounts payable invoices shall not approve payment of those invoices. A person independent of the invoice entry process must approve invoice payments. Payable checks shall be mailed by a person other than the person who created the checks.
- D. Staff who create accounts receivable invoices may also process credit notes and debt write-offs. However, these transactions are supported by documentation with sign-off authorized delegates, who do not have access to create account receivable invoices.
- E. Staff who create general journals and other system journals shall not approve those journals for posting to the general ledger. The City Manager, who is independent of the journal creation process, shall approve the posting of journals.
- F. Users with access to create accounts receivable invoices have retained access to add or change customer records in the address book. The City understands and recognizes the risk associated with this particular duty.
- G. Staff shall have a preference for system controlled on-line transactional environments with appropriate security and audit trails.
- H. Staff shall have end to end responsibility for any series of financially related transactions to be distributed among two or more staff members or departments.
- I. Non-compliance with established procedures are reported directly to the City Manager and the Finance Committee.
- J. At a minimum, payroll shall be reviewed by the appropriate designee by: Scanning the names of those paid for people who have been terminated or not hired, scanning the amounts paid to people to make sure they look reasonable in amount, and to review hours worked to validate that they are reasonable hours for the person doing the job.
- K. No one individual is to handle a cash transaction from receipt to deposit. If a department is unable to separate the receipt of cash and deposit function due to staffing limitations, a responsible employee independent from these functions (normally a department head or administrative senior employee) must be designated to verify that the total amount received equals the total amount deposited. This should be done daily, but no less than once a week.
- L. All deposits should be made intact; department receipts should never be used to replenish petty cash or other funds.
- M. All security and bid deposits received in negotiable form and escrowed funds or other funds requiring specialized handling should be held in the main vault at City Hall.

- N. The general operating standard for deposit of negotiable funds, cash and checks, to the primary depository shall be within twenty-four hours of receipt of those funds. Departments should weigh reasonableness and practicality versus security in determining the timing for the deposit of smaller amounts. All deposits not made daily should be held in a secured location such as a safe or vault.
- O. Segregation of deposit duties: The Finance Director shall have the responsibility for creating all deposits for the City. The actual delivery of the deposits (in a sealed envelope) shall be the responsibility of the Finance Director or their designee.
