

CITY OF KINGSBURG  
FY 23-24 Water Main Project

ADDENDUM NO. 3

The contract Documents shall be modified as follows:

1. Replace plan sheet U-1 with attached revised plan sheet U-1.
2. Replace Bid Form with attached.
3. Replace **Section 10.02 Traffic Control** in its entirety with the following:

*“This item shall conform to these specifications and the State of California, “Manual on Uniform Traffic Control Devices.”*

*Compliance with the requirements of said manual shall be considered as a minimum requirement and it shall be the responsibility of the Contractor to provide additional safety devices when necessary to maintain a safe condition. An approved traffic control plan is required prior to beginning construction. The traffic control plan shall incorporate the restrictions below.*

*The Contractor shall maintain at least one access to the commercial sites at all times. On major streets, if construction in the paved travel lanes is necessary, at least one twelve (12') foot wide lane providing access in each direction of travel shall be maintained at all times. Draper Street is considered a major street for this project. Traffic control on Draper will be limited to 8:30 AM to 4:30 PM on working days. No more than one residential street may be closed at one time and no intersection shall be closed more than forty- eight (48) hours. Local residential traffic shall be allowed access during street closures. 15<sup>th</sup> Avenue, 16<sup>th</sup> Avenue, and 17<sup>th</sup> Avenue are considered local streets for this project.*

*The Contractor shall provide temporary safe pedestrian passageways and ADA access around a construction site at all time. Complete pedestrian paths of travel shall be provided by the Contractor in accordance with the latest edition of the California MUTCD and the most current version of the State of California Division of the State Architect Access Compliance (DSA-AC) Reference Manual. The Contractor shall pay the City \$100 per calendar day for each location where the Contractor fails to provide a complete pedestrian path of travel. Said payment shall be deducted from the Contract amount.*

*Payments will be prorated over the term of the construction contract.*

*The contract price paid for Traffic Control includes full compensation for all labor, materials, equipment, tools, and incidentals including implementation of any detours shall be considered as included in the contract price paid for traffic control and no additional payment will be made.”*

4. Replace **Section 10.03 Clearing and Grubbing** in its entirety with the following:

*“This item shall conform to the applicable portions of the plans, these specifications provisions of Section 9 of the City Standard Specifications.*

*The contract price paid for clearing and grubbing includes full compensation for all costs involved clearing and grubbing, and include, but not limited to, the removal and disposal of all materials, removal of exiting fire hydrants, water valves, water pipe, including transite pipe, roots, existing concrete where new sidewalk is proposed, existing paving and/or other obstructions not specified above as required by the plans and specifications within the entire right-of-way or those features conflicting with work to be performed, and all work incidental shall be included in the unit price paid for clearing and grubbing and no additional payment will be made.”*

**END OF ADDENDUM No. 3**

All other conditions shall remain unchanged.

NOTICE: All bidders shall sign and submit the below acknowledgment of this addendum with their bid.
