Eco World has partnered with local non profit Neighborhood Recycling which takes part in many programs to help rebuild our community. We are an environment friendly, reuse, and rewear company. We work hard to keep gently used clothing and shoes in our community. Those items that can not be reused are recycled and kept out of our local landfills. All while hiring local and doing our part to keep our community green.

Did you clothing and shoes contaminate our local landfills?

Give your unwanted clothing and shoes a new purpose! If they are not in good enough condition to be reused we will make sure they are recycled! *Please no wet or molded clothing and shoes.
